A. O. Brownley of this city, was placed under arrest recently by Chief Wainwright and Officer Rowe, charged with the willful and cruel neglect of his wife and children, notwithstanding that he is an able bodied man perfectly capable of providing for them. He was placed under bonds in the sum of \$500 to appear for hearing before Justice Cunniff tomorrow morning, and in lieu of the cash or security is spending the interim in meditation in a room provided by Sheriff Needham at the court house.

Mrs. Elliott, one of the employes at the school for the feeble minded, was the victim of what might have been a very serious accident last evening about 7:30. She was crossing the intersection of Commercial and Chemeketa streets when she was run down by a car driven by M. D. Catman of Portland. She was at once picked up by the driver and taken to the sanitarium and placed in the care of nurses. Apparently she had suffered nothing worse than a severe shock and severe bruises. Mr. Catman went to the police headquarters in company with F. L. Purvine, and reported the affair. As he was in haste to catch a car for Portland, he left \$5 for the woman and gave his address, requesting the chief to let him know if the victim proved to be seriously injured and he would pay all costs.

Ninety one thousand pounds of Sears Roebuck & Co. mail order catalogues are being unloaded from freight cars today and taken to the postoffice. They were shipped from Seattle and will be mailed out over western and southern Oregon from here to take advantage of the zone postal rates. This means some printing and postage bill which must be paid by the consumer who buys the goods of this Chicago firm.

One hundred cases of influenza are reported at Falls City, and new cases are reported in Dallas. This fact should make our officials insist upon the most rigid quarantine of the few cases remaining in this city.

Bishop Sumner of Portland will deliver an address this evening in the house of representatives at the Roosevelt memorial services. It is especially appropriate that Bishop Sumner should be called to deliver this address as for many years he was a personal friend of Roosevelt and was associated with him in matters that were of interest to Chicago. The services are for the public and will begin at 8 o'clock this evening. Besides several addresses, there will be a short program of music.

Representative Stewart of Fossil has a high opinion of the members of the supreme court of Oregon. In a rapid fire debate in the house this morning as to whether there should be another judicial district created in the state, Mr. Stewart said: 'I object to any more judicial districts, and the paying of more judges. I did not object to raising the salaries of the supreme judges. Some of them on the bench are worth \$50,000 a year.'

There will be an opportunity for every singer in Salem to do something for themselves and the musical life of Salem by turning out to the 'People's Chorus' meeting at Wall's hall tonight at 7:30. To be under the direction of Prof. John E. Sites is in itself a privilege from a cultural point of view, and there will be an hour of solid enjoyment in taking part in the chorus work.
