

It's Here

The car that took the motor world by surprise is here—the New Elgin Six, a year and a half ahead of the times. Designed, tested, refined and perfected—slowly and carefully, while the Elgin factories were making war trucks—the New Elgin Six stands alone as the only thoroughly new after-the-war car on the market.

The New Elgin Six embodies 33 distinct improvements and refinements, every one worth while and sure to appeal to automobile experts. These new cars have been given strenuous and severe tests of over 20,000 miles on all kinds of roads and have been found eminently satisfactory.

Why accept a before-the-war model when you can get—at practically the same price—a New Elgin Six, with more power, more speed, more beauty, more endurance, more comfort and more economy than ever before?

gets dry,
And your tonsils squeak and your hair
going to die,
But you're afeared you won't and
afraid you will,
Just drag to bed and have your chill,
And pray the Lord to see you through,
For you've got the flu, boy, you've
got the flu.

When you toes curl up and your belt
goes flat,
And you're twice as mean as a Thomas
cat,
And life is a long and dismal curse,
And your food all tastes like a hard
boiled harse,
When your attic aches and your head's
a buzz,
And nothing is as it ever was,
Here are my sad regrets to you,
You've got the flu, boy, you've got the

GENERAL WALKOUT OF CARPENTERS TODAY

San Francisco Council Denies
That It Will Be Affected
By Order.

New York, Feb. 11.—A sympathetic strike, involving thousands of workers employed on contracts of the Building Trades Employers association throughout the country, has been called for today, according to William Hutcheson, president of the United Brotherhood of Carpenters and Joiners.

The exact number of men scheduled to walk out cannot be estimated, but Detroit, New Orleans, Terre Haute, Cleveland, Chicago, Columbus and San Francisco are some of the cities that will be affected, Hutcheson said.

The striking carpenters are seeking a dollar a day increase and have declared their willingness to submit their demands to the war labor board, Hutcheson said.

The employers have refused to deal with the workers, either directly or indirectly while the strike is in progress, he said.

Dan's Statement

San Francisco, Feb. 11.—N. H. McLane, secretary of the bay district council of carpenters, today denied the statement of William Hutcheson, New York that San Francisco would be affected by a sympathetic union of building trades employees. "I saw no walkout is scheduled here, he said.

flu.

What is it like, this Spanish flu?
Ask me, brother, for I've been through.
It is by Misery out of Despair,
It pulls your teeth and curls your hair,
It thins your blood and frays your bones
And fills your craw with means and groans.
And sometimes, maybe, you'll get well—
Some call it the flu, but I call it hell.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other wrenching pains, which are nature's signals for help.

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haasleus Oil Capsules, imported fresh every month from the laboratories in Haasleus, Holland.

Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief. For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

SEATTLE STRIKE

(Continued from page one.)

The strike leaders, anticipating any possible attempt at discriminations against employees participating in the sympathetic walkout of 70,000 workmen, had openly expressed fears that a change might be contemplated by employers and had made every effort to forestall such a possibility.

Representative officials of business men's and employers' organizations, however, declared that no such purpose was being entertained by Seattle employers in general, although they would not be quoted to that effect. They said every effort was being made to frustrate any such attempt to change the city's industrial policy.

None of the responsible men in the city administration nor in commercial

FOR WINTER SPORTS

An attractive hand-knitted frock made of heavy wool yarn is one of the most unusual costumes of winter. It is made of blue and white in cross-over fashion to fit snugly and specially designed for out-of-door wear. It is the power of warmth without cumbersome weight.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitude of "nerve" weeks, "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pitted, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.

circles were talking "open shop" as an aftermath of the general strike.

Estimates Rough

Preliminary estimates of gains and losses to labor and industry in dollars and cents, although necessarily rough and more or less speculative by statisticians, beginning such computation including ship production, and based on an annual manufacture volume of \$250,000,000 for Seattle.

Loss in wages for 70,000 strikers figured on \$5 per day basis for five days, \$1,750,000. Including some 60,000 other wage earners affected by the strike, figuring an average \$4 wage, another \$1,200,000, making an approximate grand total of \$2,950,000.

Heavy inroads on union strike benefit funds and also upon the city treasury, due to emergency protection and other measures.

Loss to retailers and wholesalers, several million more.

Loss in value of construction energy suspended by the strike, not computable.

Losses to merchants minimized by fact that for several days previous to the general strike, the volume of purchases by residents laying in supplies, had been triple or quadruple the normal sales.

Loss to steamship companies, estimated at between \$100,000 and \$150,000.

Gains claimed by strikers, the intangible sum total of a "demonstration of labor's solidarity."

Loss in food perishables not believed heavy, for the supply had been carefully depleted by restaurants, groceries and hotels so that there should be no hold over during the strike, and milk and vegetables were sent to the canneries by producers.

Foreign trade out of the port, it was admitted in shipping circles, had suffered heavily.

That it would take Seattle several days to re-establish the full co-ordinated routine of industry following the termination of the tie-up, was everywhere conceded.

Street Cars Operated

Seattle, Wash., Feb. 11.—The street cars, re-garded by many unionists as well as the general public, as the visible sign of differences inside the ranks of the sympathetic strikers here, were operated on schedule this morning in face of the plea made yesterday afternoon by the general strike committee that all union men who had gone back to work go out again until noon today.

Together with the union street car men, reported yesterday to have voted to go out again for a limited period, a

number of other crafts remained at work, although the number was in dispute.

This gave the strike situation today the aspect of having resolved itself into a clash as to tactics and policy among the various elements of the strikers.

Mayor Hanson has issued orders that street car men absent from their posts on the municipal lines today would be held to have relinquished their jobs.

Fear that workmen who had participated in the general walkout might be discriminated against by employers was an admittedly big actuating motive in the leaders' eleventh hour decision for a final demonstration.
