This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."

## CRAWFORD WAS FIRED

(Continued from page one) In one instalment. The question came up as to what "success" meant, and it was agreed by the board of control that if Mr. Crawford had more assets than when he began, it would be termed a success, even if it was only \$1.00. When asked whether Mr. Crawford really did make a success of the flax plant, Mr. Oloft said that when he was forced to quit, Mr. Crawford had between \$29,600 and \$30,000 more than when he took up the work. Although he had made such a success of the flax operations of the state Mr. Crawford was fired by the Governor, who later attempted to compromise Mr. Crawford's claim of \$800 unpaid salary, on the old agreement that he was to have \$50 month over the \$200 if he made a success of the plant. He had charge of the plant 16 months. The Yakima Horticultural Union handled the past year almost 1500 carloads of fruit, 900 of which were apricot. Net returns to growers were \$1,400,338.

By GERTRUDE ROBISON

LINCOLN'S birthday is, first of all, a children's holiday by reason of the fact that all through his life the great martyr president was essentially a child at heart. Never during his entire career did he lose sight of the admiration to become as little children, and when, during the dark years of 61-65, he viewed the world with the eyes of an "Ecco Homo," who will say that his heart, bleeding though it was, did not have at least one corner filled with fairy tales of future peace and prosperity and brotherly love. It is well, then, that the children should put away their books for a day and forget for a few hours the date of the capture of Quebec, or that the verb "to be" never takes an object, and remember only that they are young and the world is fair and that out in woods where the evergreens and the fairies are still weaving their magic spells—modern science to the contrary. For what does it profit a man if he gain the whole world and suffer the loss of his child-ideal?

Members of the Relief Corps of the Grand Army of the Republic honored the memory of Abraham Lincoln today with an open meeting in the armory to which the public was invited.

Mrs. Cyril Nadon (Leondine Eckert) and baby son, Eugene Cyril, are visiting at the home of Mrs. Nadon's parents, Mr. and Mrs. E. Eckert, 605 North Liberty street. Mrs. Nadon is well known in Salem, particularly in the younger social set where she was extremely popular during her residence here. She will return to California in a week or two.

Miss Brenda Francklyn, who will speak this evening at the Carnegie library, in behalf of the fatherless children of France, is being highly entertained during her stay in Portland. Friday afternoon she will be guest of honor at a luncheon given by the University club of that city.

Mrs. W. C. Kautner and Misses La Verne and Constance Kautner are Portland visitors this week.

"Open house" will be held at the Y. W. C. A. tonight to which every one in Salem is invited. A good program has been arranged and the members of the board are working tirelessly to make it a success. This will formally open the 5000 membership drive of the association in Salem.

Miss Brenda Francklyn, who is touring the United States in the interest of the fatherless children of France, will speak this evening at the public library. Tomorrow afternoon at 2:30 Miss Francklyn will deliver a special lecture to the women of Salem at which the wives of the legislators will be guests of honor. All the women of the city are invited to come and meet Miss Francklyn personally. After the address Miss Cornelia Marvin will entertain Miss Francklyn and the wives of the legislators in the assembly room of the library. She will be assisted by Mrs. Louis Lachmann, Mrs. Isaac Lee Patterson, Mrs. Ben Sheldon and Mrs. Seymour Jones.

## A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish And Sick Give "California Syrup Of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative" and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs" then look and see that it is made by the "California Fig Syrup Company."

Colds Cause Headaches and Pains Feverish Headaches and Body Pains caused by m. cold are soon relieved by taking LAXATIVE BROMO QUININE Tablets. There's only one "Bromo Quinine." E. W. GROVES Signature on the box. 30c.

## No Bids Received After February 15th

Portland, Ore., Feb. 12.—No sealed bids will be received by the sales board of the United States Spruce Production Corporation for the sale of any of its property after next Saturday, February 15, that being the day upon which receipts of bids will cease. Ten million dollars worth of machinery, equipment and material, brought together for use in getting out spruce stock for airplanes during the war, will be sold as advertised.

A systematic campaign of advertising throughout the United States and Canada, designed to acquaint the public with the situation, has resulted in the receipt of thousands of bids from all parts of these countries. Every mail is laden with them, from large and small bidders, wishing to purchase all or some portion of the logging machinery and equipment, much of which has never been unpacked, because of the signing of the armistice, is stored at Vancouver, Wash., where it is daily being inspected by representatives of interested bidders.

Final arrangements for the rapid segregation and transportation of the bids have been made, and it is anticipated that it will not be long after the closing date for receipts of proposals before announcement of results is forth coming.

Piles Cured in 6 to 14 Days Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Stops Irritation; Soothes and Heals. You can get restful sleep after the first application. Price 60c.

## MAY TAKE STRONG

(Continued from page one) more than words to change a reputation. "The acts of the peace conference will be settlement of all disputed questions since the outbreak of the war. If Japan loses in Paris, she cannot expect to regain the things lost. Consequently, if matters seem to be turning against her she is likely to adopt strong measures if there is hope for success. "On the other hand," Dr. Jenks concluded, "the only sensible as well as just policy is for the other nations to insist upon the disputes between Japan and China being settled openly after the disclosure of secret treaties on the basis of justice to all concerned. We should also bear in mind that China is chiefly concerned and her wishes should be given greatest consideration."

## SALARY GRABBING IS

(Continued from page one) committee with instructions to place the bill before the people in a referendum vote. This created a howl of disapproval from the big majority lined up with salary increases. And even the motion to just refer the bill to the ways and means committee was most decisively turned down. A call was then made for a straight vote on whether the house approved of a salary raise for the corporation commissioned and 59 representatives lined up for the increased salary. Of the Marion county delegation, Hughes and Weeks voted against the salary raise and Loney, Marzup and Speaker Seymour Jones in favor of the increase in salary. "I understand we are short of funds," declared Representative Lewis. "If the ways and means committee cannot find money for all these salary increases, the state officers should be generous enough to work at their present salary. I'm not after Schulderman, but just thought it was a good time to have all these salary increase bills referred to the people." Representatives Haines, of Hillsboro, who has served in the Senate and House off and on for about ten years, said: "I believe we should submit salary raising to the people. I believe these large salary raises should be decided by the people. I want all salary increases referred. Personally I am in favor of an increase of salary for the office of corporation commissioner." Representative Burdick, leader of what is termed the "opposition" in the

house, lined up in favor of salary raises. He said the aggregate so far did not amount to much, only \$5,600 a year. With the vote of 59 in favor of allowing Mr. Schulderman an increase of salary, the house goes on record as favoring more money for any state house official who can induce his friend to present a bill. The feeling was expressed this morning that as long as the house had voted in favor of advance salaries for the supreme judges, insurance commissioner, dairy and food commissioner and state superintendent of schools, it would not single out any one official who wanted more money and turn him down. It is understood that the senators in favor of salary raising are in the saddle in the senate and with 50 out of the 60 in the house voting along the same line, the sledding will be glorious for any state official who has the nerve to ask for more money.

## THREE TRANSPORTS ARRIVE

New York, Feb. 12.—The transports Metapan, Pasadena and Duca Delgi Abruzzi arrived here this morning with home coming troops and nurses. The Metapan brought 119 nurses from the Presbyterian hospital units and five others. The Pasadena had 223 casuals and nine officers. Aboard the Abruzzi were 194 officers and 1,452 men, mostly coast artillerymen. The Leviathan, with 8,925 officers and men, is not expected to enter the bay until late this afternoon. Other troop ships scheduled to arrive today include the United States ship Charleston, rom Brest, with 54 officers and 1,196 regulars; the Hickman, from Bordeaux, with 31 men and ten officers; Woomsocket and Peerless, also from Bordeaux, with eleven officers and 187 men.

\* DON'T LET SOAP \*  
\* SPOIL YOUR HAIR \*  
\*\*\*\*\*

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain unperfumed coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

\* Representatives \*

Representative Elmore, of Brownsville, who is an old hand at the game of representing Linn county, says the committee on health and public morals is the dumping ground for what other committees do not want. Mr. Elmore is chairman of this committee and to him was assigned the question of taking action on the proposed boxing bill. Then the same committee had the handling of the proposed moral enactments and of course as chairman of the committee Mr. Elmore must defend its actions. Dr. A. C. Seely, state health officer, says it is too expensive to be sick and that it is really a luxury. Therefore the state should do all it can to prevent disease and that can be done by the state health office if it was allowed
