

You Can't Cure Rheumatism With Liniments and Lotions

Torturing Pains Promptly Return in All Their Intensity

You may as well throw your liniments to the winds, if you expect them to rid you of the pangs of rheumatism. In fact, the sooner you discard forever the use of all forms of local treatment, the sooner you will get on the right track which leads to rational means of relief.

For you can rub and rub from now until doomsday, and you will never make any progress toward ridding yourself of rheumatism, because such treatment does not approach the source of the disease. Remember from the outset that the pangs of rheumatism come from a deep-seated cause, and that simply rubbing the painful parts of the body has no effect on the disease itself. But when you locate the cause of the disease, the real source of all these intense pains, you can then treat the disease intelligently.

162 Infantry, In Which Are Salem Men, Due February 17

Washington, Feb. 12.—Five troop ships carrying 12,865 home bound Yanks left West February 7 and 8, the war department today announced. The transport Canopic, due New York February 17, carries the following:

never be free from its disabling pains. So many people have found real, genuine and lasting relief from rheumatism by purifying the blood with S. S. S. that we are justified in recommending this splendid remedy to all who are afflicted. Perhaps your case is like thousands of others which are caused by millions of tiny disease germs in the blood. S. S. S. so thoroughly cleanses the blood, that it routs out completely and eliminates all disease germs that infect it. In this way the source of the disease is reached, and its cause removed. Give your system a thorough cleansing with this reliable vegetable blood remedy, and you will be delighted to be free of the pangs of rheumatism. It has been used for more than fifty years and is sold at all drug stores. Begin its use today and you will have the same satisfactory experience as thousands of other sufferers. Should you wish special advice about your own case, it can be had without cost by writing to Chief Medical Adviser, 101 Swift Laboratory, Atlanta, Ga.

162nd infantry, field and staff headquarters; machine gun company; medical detachment; companies A, B, and C, and detachment of company D (Camp Dix); 173 casual officers, three casual enlisted men, 22 naval officers and ten civilians. The transport Rotterdam, due at New York, February 16, carries the following: 365th infantry, field and staff headquarters medical detachment; headquar-

WARDEN STEVENS MAY GET RAISE IN SALARY

Salary Now Is \$2,000 Yearly, And He Asks For Boost To \$4,500.

And now Warden Stevens of the Oregon state penitentiary has been bitten by the increase salary bug, altho he has served but a few months on the job. The job at present pays \$2000 a year. It is probable that a bill will be introduced by friends of the warden asking that the salary be made \$4500. As the senate is sending all salary increase bills to the joint ways and means committee, the question of the warden's salary came up at a meeting held last evening. "I would be willing to pay the warden more," said Senator Patterson, "if the office of parole officer could be abolished." "I guess after the warden came here and found the salary microbe in the air, he got it, too," remarked Representative Haines of Hillsboro. "It seems that as soon as a state officer comes here and hangs up his hat, the first thing he asks for is a raise of salary." Senator Lachmund remarked that the warden had been here only a few months and had not demonstrated what he could do. Some of the members of the ways and means committee thought \$2000 a year a pretty fair salary. It is understood that Warden Stevens claims he can save the state \$1000 a month. Also that the sheriff of Multnomah county is paid \$4500 a year, that the job as warden of the Oregon state penitentiary should at least pay as much. It is also understood that Stevens wants to keep parole Officer Keller.

ters troops, companies G. L. K. L. and M (colored) for Camp Meade detachment company D 162nd infantry (Camp Dix) 92nd division headquarters (Camp Meade); cement mill company (Camp Dix) 90 casual officers; ten other casuals, 79 civilians; West convalescent detachments 44 and 45. Brigadier General James D. Erwin, commanding the 92nd division, and Edward Burr, casual engineers are aboard. The cruiser St. Louis, due New York February 23, carries the following: 161st infantry, companies E, F, and G. (Camp Dix); casual company 249 (New York); casual company 906 (Pennsylvania); casual company 909 (Ohio); twenty casual officers. The transport President Grant, due Newport News, February 21, carries the following: 164th infantry complete (Camp Dix); 148th infantry brigade headquarters, Camp Meade; 152nd infantry supply company and company K (Camp Dix); 76 casual officers, 12 civilians, one nurse, casual detachment (New York); West convalescent detachment, 46 to fifty inclusive.

MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator

Senna—a prompt, efficient vegetable cathartic.
Rhubarb—a rejuvenator of digestive action.
Sodium Bicarbonate—highly valuable in treating severe gastric indigestion in children.

Oil of Anise, Fennel, Caraway, Coriander, Glycerine, Sugar Syrup, all of which help to make this formula the very best that medical skill can devise. If it were possible to improve this formula it would be done regardless of the fact that a bottle of Mrs. Winslow's Syrup now costs twice as much to make as any other similar preparation. Yet it costs you no more than ordinary baby laxatives.

An Economical, Delightful, Light Place to Trade

Wirthmor Waists with a Nation-wide Friendliness \$1.50

Whenever any article, whatever its nature might be, attains nation-wide friendliness, it symbolizes just one thing, namely that through its merit and satisfying qualities it deserves that friendliness. This is the case with Wirthmor Waists. In Maine, in California, way up in Washington or down in Southern Florida, in over two thousand cities, they are being sold by progressive merchants and being worn by prudent thrifty women.

The price of the Wirthmor here and everywhere throughout the United States is \$1.50. This is the lowest possible price at which Waists of such high character can be sold, and their sale at this modest price is due solely to gigantic collective buying power of the many hundreds of Wirthmor Stores and the many great economies of the Wirthmor Plan.

STATE HOUSE.

S. B. 230, by Howell—To fix the license fees to be paid by building and loan associations organized in this state.
S. B. 231, by Bell and Orton—Amending sections 1 and 2, chapter 46, L. O. L., providing a free meeting place for veterans of the German-American war.
S. B. 232, by Bell and Orton—Providing for the expenses of printing the annual report of the United Spanish war veterans, appropriating \$400.
S. B. 233, (sub. for S. B. 18), by committee on roads and highways—Prohibiting public officials from including a maintenance clause in a paving contract, and declaring an emergency.
S. B. 234, by Lachmund—Amending the law so as to give towns with less than 1000 population the same authority as larger towns and cities in building and operating municipal utility plants.
S. B. 235, by Dimick—Providing that the true valuation of property shall be the basis for fire insurance policies.

Germans May Not Renew Armistice If It Is Too Severe

Turin, Feb. 12.—Mathias Erzberger, member of the German armistice commission, declared in an interview at Weimar that Germany would not renew the armistice if the new provisions are "too severe," according to dispatches received here. "If the new conditions of the armistice are too severe, we will not sign them and will thus remain in a state of neither peace nor war," Erzberger is quoted as saying.

The supreme war council in Paris is now discussing recommendations made by Marshal Foch for more drastic military points to insure Germany carrying out certain terms of the present armistice which she is alleged to have evaded. The armistice is scheduled to be rendered February 17.

BECAUSE IT PAYS

The prudent person along all walks of life is the one that looks ahead with the idea of benefiting himself and the rest of his fellow beings. A great deal is being written and spoken these days about "early hatching." Many reasons and good ones, too, are being given for the "early hatching" campaign. We at this time just wish to state briefly "hatch early" because it pays. It will make money for you, Mr. and Mrs. Chickee-Raiser. Ask the county agent.

U. L. UPSON, Extension poultry husbandman.

ORDERED TO PREPARE FOR RETURN

Washington, Feb. 12.—General Pershing today cabled the war department that six more divisions of American troops had been ordered to prepare for return to the United States. The divisions were the 30th, 85th, 26th, 77th, 82d and 35th.

SALARY BOOSTS

(Continued from page one)

by adding a section referring the bill to the people.
Moser Objected
This brought objection from Senator Moser, who said it was a foregone conclusion that the people would not pass them, so if the bills were referred to the people there would be no salary increases. He said Senator Patterson was merely appealing to the galleries when he made such a motion.
"If you want to kill the bill, kill it, but don't refer it to the people," he said.
"Are you going to vote for all these salary bills?" asked Senator Patterson.
"No," replied Moser.
"Are you afraid to refer them to the people?" continued the Park county senator.
"The people are not interested and they will not vote for the bill because they will not get any of the money," replied Moser.
"You think the people are not competent to pass on this question?" queried Patterson.
"I won't say the people are not competent," replied Moser, "but this is not a matter that should be referred to them."
Senator Strayer joined in the onslaught against the salary bills.
"I concede as true all that the senator from Multnomah says about what will happen to these bills if they are referred to the people," he said. "They will fall on them like a thousand of bricks. The bills will never get to first base."
He told the senators that he was a member of the ways and means committee and had knowledge of the time the committee is having in providing funds for the many wards of the state

in the various institutions. Wants Fair Play

"Are we going to spend the state's money for increased salaries and deny the wards of the state the things they need?" he asked.
Senator Wood spoke against the bill, while Senator Huston declared that the flood of salary bills was appalling, and Senator LaFollette remarked that the salary grabbers apparently wanted to bankrupt the state. Senator Eddy said that was no time to flood the legislature with salary bills, when the members were trying to figure out some way to raise money to carry out a reconstruction program which is badly needed.

Senator Bell and Senator Ritter spoke in favor of the bill. The final vote on the bill was as follows: Yes—Baldwin, Banks, Bell, Eberhard, Howell, Hurley, Jones, Moser, Norblad, Orton, Pierce, Ritter, Shanks, Smith, of Coos.
No—Dimick, Eddy, Farrel, Gill, Houston, Lachmund, LaFollette, Nickelsen, Patterson, Porter, Smith, of Josephine, Strayer, Thomas, Wood, President Vinton.

Bills passed by the senate yesterday afternoon include the following.
S. B. 178, exempting from taxation notes secured by real estate mortgages and the property of irrigation and drainage districts.

S. B. 181, by committee on assessment and taxation—Providing that delinquent tax notices shall not be mailed to the owner of property on which the delinquent tax is less than \$1.00.
S. B. 141, by Moser, providing for the formation of improvement districts in county districts.

S. B. 133, by Moser—Providing for the establishment of zones for the regulation of city improvements.
S. B. No. 9, by Norblad—Providing that a defendant in a justice's court shall have the right to plead a counterclaim in certain cases.

H. B. 91, by Lofgren—Providing for an additional circuit judge for Multnomah county.

RECUPERATION
of the vital forces of the body, depleted in the struggle with acute disease, depends not upon superficial stimulation but upon adequate nourishment. The body needs to be nourished back to strength and power.
