

### ARNOTT SUFFERED FOR THIRTY YEARS

#### "Nothing On Earth Like Tanlac," He Says.—Troubles Overcome.

"Well, sir, a neighbor of mine put me onto this Tanlac a few days ago, and it's the finest thing I have ever run across in the sixty-seven years of my life," declared Thomas F. Arnott of 124 South Ray street, Spokane, who is Murgittroy's Drug Store recently.

"I have suffered for thirty years," he continued, "with a bad stomach and other troubles, and spent a large part of what I made for treatments and medicines, but never did get any better until I began taking Tanlac. Everything I would eat hurt me and the gas on my stomach would rise into my chest and cut my breath short. Some times my heart would beat so hard and fast that I would just have to gasp for breath. I was uneasy at the time for fear I had heart trouble. I would have blind dizzy spells when I could hardly stand on my feet. I also suffered with headaches and simply felt played out nearly all the time."

"I can now eat what I want without it hurting me for the first time in thirty years, and since my food digests and the gas has stopped forming on my stomach I don't have any more trouble with palpitation and shortness of breath. Why, before I took Tanlac the least exercise would completely tire me out, but now I can walk or work all day long and feel none the worse from it. I guess I have taken a barrel of medicines of different kinds and lived on a diet, almost starving myself, trying to get rid of my trouble, but I suffered just the same until I got Tanlac. So I know what Tanlac has done for me and I appreciate it enough to tell everybody about it."

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Hoosh, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Selma by Dr. E. L. Stone, in Silverton by Geo. A. Stockhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceria Store Co., Inc., and in Donald by M. ### Shippers Association Is Organized In Monmouth

(Capital Journal Special Service)

Monmouth, Feb. 12.—A Shippers association was organized Saturday afternoon in the L. O. O. F. hall. This is a farmer's organization, the purpose of which is to ship and market livestock cooperatively and save for themselves the profit that usually goes to the commission man. A trial shipment of a carload of hogs was made recently at a cost of 1 1/2 per pound while under the old system the cost was 1 3/4 cents per pound.

### Monmouth Grange Met In All Day Session Saturday

(Capital Journal Special Service)

Monmouth, Feb. 12.—Monmouth grange met Saturday, Feb. 8, in an all day session, the first all day meeting held by the grange for the last six months, owing to war conditions and to the influenza ban. During the forenoon session which routine business was attended to, three applications for membership were voted on and the regular annual election of officers was attended to; the names of the officers for the ensuing year are as follows: Worthy master, P. O. Powell; overseer, Wm. Hiddell, Jr.; lecturer, L. P. Gilmore; steward, H. K. Slockfoster; chaplain, Mrs. D. N. Calbreath; musician, Davis Riddell; assistant steward, Miss Maggie Butler; financial secretary, Mrs. Julia Stockholm; gatekeeper, George Crowfoot; Ceres, Mabel Riddell; Pomona, Mrs. R. Swanson; Flora, Mrs. Frank Loughary; lady assistant steward, Mrs. P. K. Hull. About sixty grangers and friends gathered around the table and enjoyed the splendid dinner, after which music was in order for a half hour.

During the afternoon several important questions were discussed, chief among them being the question of salary increase for public officials. As the attitude of the grange was requested by our representative in the legislature, the question was thoroughly discussed, both from the standpoint of the salaried man and that of the ones who have to pay the salary. It was moved and seconded that the grange go on record as not favoring any increase in salaries of public officials; the vote was practically unanimous in favor of the motion; this was not intended to apply to county commissioners, as they are not on a regular salary.

### FULL AMOUNT ASKED FOR O.A.C. GRANTED

#### Experimental Stations In Oregon Will Have \$64,000 For Coming Two Years.

President Kerr, of the Oregon Agricultural college appeared Tuesday evening before the joint ways and means committee of the House and Senate, stating the need of the college for the coming two years and the amount of appropriation necessary. He got what he asked for.

In addition to the amount received from the state on the millage tax and from the federal government, the O. A. C. was allowed the following increases:

For general maintenance above the amount received by millage tax, \$157,566.00. This extra amount for maintenance was required, President Kerr explained, from the fact that the millage tax did not yield as much as was anticipated, and then the cost of everything had increased.

The war department built barracks at a cost of \$60,000. As the building is a substantial one, it can be made use of by the O. A. C., and the war department is willing to take \$15,000 for it. This amount was appropriated.

For engineering and laboratory building President Kerr asked for \$60,000. It was explained that students in this work had no special class or work rooms and that both Washington and California afforded better facilities for engineering study. The amount was granted.

For general extension work, to duplicate federal funds available by the Smith-Lever act, President Kerr asked \$36,535.00. This was granted as the state must match dollar for dollar to get federal money under this act.

For general experimental station at Corvallis, an increase of \$20,000 was granted, making the amount for two years \$50,000. An extra \$2,000 was given for the experimental work at Hood River, an extra \$2,000 for the station in Clatsop county, and an extra \$4,000 for the experimental station in southern Oregon. For experimental stations in Oregon, the total amounts to \$64,000.

Wrangling all morning on the morals bill, several hours on a point of order, the greater part of the afternoon on the bill permitting Multnomah county to take a slice of Clackamas county, and the fight made by the old line doctors on officially recognizing those who practice naturopathy and a couple minor bills, was the net result of the Tuesday session in the house of representatives.

Unless something is done to dam up the flow of oratory in the house, earlier hours and night session will be necessary in order to clean up all business by the evening of Friday, February 21, when the pay of the legislators stops. While the senate is up with its work the house is getting more and more behind, due to the amount of oratory tured loose every day.

The net result of the entire session of yesterday morning was to turn down the morals bill. Several hours were spent in the discussion of the point of order as to whether, when a bill is indefinitely postponed, whether if so postponed that it killed the bill for good. The final ruling of Speaker Seymour Jones was that when a bill is indefinitely postponed, that it cannot be recalled. This is what happened to a bill recommending that soldiers and sailors be given the preference in public work.

Naturopathy, which has to do with the treating of disease by natural drugless methods was handed a knockout blow by the doctors and others in the House. As usual when any new method of treating diseases is proposed the old line doctors line up solidly against it. In the bill introduced providing that naturopathy be recognized and that examinations be held for the right to practice as other doctors have the right, Dr. C. C. Moore, representative from Portland led the fight against the bill and succeeded in defeating it. The Multnomah county delegation voted in favor of the bill.

Would Require No Fee.

No fee will be required of the candidate running for the legislature if the bill which passed the house becomes a law. The old law required a filing fee of \$10. The bill also proposes that the filing fee for county offices be reduced from \$20.00 to a fee of \$10.00.

Multnomah county appeared in the house yesterday with its old time bill asking for a slice of Clackamas county amounting to about 15 square miles. It seems that Portland people own a lot of property near Oswego and use it as a summer resort. They would like to be part of Multnomah county. Cross of Oregon City claimed that Portland would gradually reach out and eventually take the whole state. Cross had the legislators with him at one time but talked so long on the bill that just to dispose of it and get it temporarily out of the way, the motion to lay on the table carried. This means that it can be taken up any time when another fight will be started.

A telegram was received from the Medford commercial club urging its delegation to vote in favor of a bill introduced by Martin providing that all cases or packages of fruit or berries prepared in the state for shipment outside shall bear the names of the county and municipality where same is packed and also the name of the firm or person doing the packing. This is one of the bills soon to be voted on where-in an effort is being made to prevent choice Oregon fruits being sold under California labels.

If a person happens to get run over in Salem by an automobile and the owner or driver of the car happens to live in some other county, a suit for damages may be filed in this county, according to a bill introduced yesterday in the house. The bill provides that an action may be filed in the county where the damage is done.

(Continued from page one)

which the bill had been defeated the day before.

With the bill brought to life again, it was referred to the ways and means committee where it will have an equal chance with all the other salary bills which are headed that way.

Senator Lachmund made an effort just before the noon recess to put through senate bill 187, which increases the salary of the deputy county school superintendent for Marion county from \$600 to \$900 a year and provides an allowance of \$500 for traveling expenses for the superintendent. The bill

was on the calendar for third reading, but on motion of Senator Porter it was referred to the committee on county salaries for further hearing.

When Senator Orton introduced the resolution to amend the rules to keep the salary bills out of the hands of the ways and means committee, Senators Eddy, Patterson and Strayer jumped all over it and squeezed the life out of it.

"It would be unbusinesslike and nothing more than boys' play, when we have a committee whose duty it is to pass on the state's finances, to attempt to pass through this legislature a floor of salary bills without referring them to that committee," declared Senator Eddy. "I ask the senators

to get down to business and cut out bureaucratic which would deplete the state treasury."

Senator Orton insisted that the ways and means committee should be called a tightwad committee, as he said all it seemed able to do was to pare down appropriations and not provide additional sources of revenue.

The six who voted for the resolution were Banks, Bell, Gill, Handley, Jones and Orton.

Members of the Non-Partisan league by a referendum vote, have endorsed the reelection of President A. C. Townley.
