**Toasted Cheese**

Here's a dish that Snow Flakes are particularly adapted to. Spread grated cheese on each Snow Flake Soda, toast in a quick oven. The result is an appetizing, satisfying lunch. You should try this.

Don't ask for crackers, say Snow Flakes.

Your grocer can supply you.

## Western Canada's "Horn of Plenty"

Offers You Health & Wealth

Western Canada for years has helped to feed the world—the same responsibility of production still rests upon her. White high prices for grain. Cattle and sheep are sure to remain, price of land is much below its value. Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at \$15 to \$30 per acre—good grazing land at much less.

Many farms paid for from a single year's crop. Raising cattle, sheep and hogs brings equal success. The Government encourages farming and stock raising. Railway and Land Co's offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Western Canada offers low taxation, good markets and shipping; free schools, churches and healthful climate.

For particulars as to reduced railway rates, location of land, illustrated literature, apply to Dept. of Immigrant Affairs, Ottawa, Can., or J. L. Parie, Cor. 1st and Post Sts., Spokane, Wash.

Canadian Government Agent.

### Dr. Frederick Coan To Talk On Syrian Question Sunday

There will be a mass meeting at the Salem armory Sunday evening at 8 o'clock, according to plans agreed upon yesterday, when Dr. Frederick G. Coan, one of the most stirring and interesting platform orators of the day will discuss the Armenian and Syrian questions that are uppermost in the minds and hearts of the enlightened nations of the earth.

Dr. Coan is an Armenian by extraction but he is also a graduate of Princeton University and has been engaged under the American flag in relief work among the Armenian peoples for many years. He loves his adopted country with all the fervor and enthusiasm of a native of a country which has been subdued under the iron foot of Turkish cruelty and oppression for centuries but whose people have yet glimpsed the might and power of the great liberty-loving United States, an ideal toward which they have set their face. Dr. Coan possesses all of the attainments of an orator and his eloquent sentences on American institutions and the actions of the people of our country in their reaction to the world problems now pending, will not fail to instruct and please his audience. He spoke at Eugene last year to a crowded armory and his address then had in the University City. The pastors of the city will probably have an evening services next Sunday evening but all join in the mass meeting at the armory. Special music will be provided.

### MR. FAMILY MAN:

**Why Spend So Much Money on Shoes?**

Here is what Tracy Munson of Joplin, Missouri, says of Neolin Soles: "Judging from my own experience, they wear four times longer than other soles and have the additional advantage of being waterproof and slip-proof."

Why continue to wear extravagant old-fashioned soles when you can get these money-saving, long-wearing soles on new shoes in any style you like for any member of the family? Good shoe stores everywhere carry them.

And don't throw away your old shoes. Have them re-bottomed with Neolin Soles and enjoy the comfort of a re-soled shoe which is not stiff or clumsy. Neolin Soles are a discovery of Science, and are made by Tredeley Brothers, Franklin Ky. Chas. M. Brown, Manchester Tenn. Ernest J. Buller, Des Moines Ia. C. J. Claus, Louisville O. A. B. retainment have thought best to put on a tag day Saturday just to have funds ready and this part of the work taken care of. As the legislature will probably be in session Saturday morning, it is more than probable that the law makers as well as those who attend will be given an opportunity to wear a tag at the rate of ten cents per tag.

**County Judge H. C. Levens and County Commissioner R. L. Hass of Harney county are in the city today, coming before the legislature in protest, in the name of all Harney county, against house bill 370, giving the federal government complete jurisdiction over the entire Harney Lake basin. These gentlemen came armed with resolutions of protest from the county grange, the Burns Commercial club, the stock raisers association, and the Water Users association, all of which emphasize the claim that the federalizing of the Harney Lake basin, together with all the streams that feed it, means a death blow to all irrigation interests in that section. They state that there are from 50,000 to 100,000 acres of tillable land involved, and that the people of that section are up in arms over the movement, which they characterize as a case of sentiment versus business. Heavy opposition is being made to the draining of the lake by many schools and societies of the state, on the ground that it would destroy one of the greatest bird resorts in the northwest. On being reminded that the charge had been circulated that the draining of the lake was a speculators' project, the representatives stated emphatically that they had no interest whatever in any promotion scheme, but were working in the interests of the farming element of Harney county.**

### 80 YEARS OLD—ATTRIBUTES HEALTH TO INTERNAL BATHS

Mr. D. C. Newcomb, 701 N. 3th Ave. Atchison, Kan., writes Tyrrell's Hygienic Institute of New York, as follows:

"My next birthday is July 13th—80 years old. Have used Tyrrell's 'J. B. L. Casade' for more than 30 years. Best and only remedy that brings relief without the use of drugs. My experience proved that it always relieves. No danger from it. My ailments were principally Uric Acid, Biliaryness, Opisthosis, etc."

This one by no means an exceptional letter for Tyrrell's Hygienic Institute to receive, as there are now over half a million Americans using Dr. Tyrrell's "J. B. L. Casade" with like results.

By the scientific use of Nature's cleanser—warm water—it eliminates all poisonous waste from the lower intestine and gives Nature a chance to work unhampered.

You will be astonished at the difference in your feelings the morning after an internal bath.

The "J. B. L. Casade" will be shown and explained to you by Daniel J. Fry, wholesale druggist and pharmacist, Salem, Oregon, who will also give you free on request an interesting booklet by Dr. Chas. A. Tyrrell, "Why Man of Today is Only 50 per cent Efficient."

Get this booklet and know just why internal bathing is so effective in the promotion of better health.

### KEEP THINGS GOING

Many people think that because they paid attention to details and "got things going" last year they don't need to bother so much this season. This is a big mistake. The real results this year were caused by your attention to details last year. For instance—in the "Early hatching" program—and next year will depend on this year so we would advise once more "Hatch early." Those baby chicks, too, must be looked after. Ask your county agent or home demonstration agent for circular on "First care of baby chicks."

—U. L. Husband, Extension Poultry Husbandman.

The capital stock of the Horticultural union at Yakima has been increased from \$40,000 to \$150,000. A dividend of 120 per cent was declared on last year's business.

J. P. and Dennis O'Callaghan have purchased the 760 acre holdings of W. N. Wilson, near Bend, together with 2300 head of sheep. The consideration was \$75,000.
