

DAUGHTERS OF THE AMERICAN REVOLUTION SOCIETY

By GERTRUDE ROBISON

"The women of Oregon," said Mrs. George Thatcher Guernsey, president general of the Daughters of the American Revolution, yesterday, "have set the pace for the women of the nation when it comes to giving, and we are only asking them to do for us as they have done in the past. I have come out here," she continued, "to ask the women of the Oregon chapters to do two things—give their share of the \$60,000 fund we are raising to restore the French village of Tillamook and to donate to our national fund of \$100,000 with which we are subscribing for liberty bonds."

Mrs. George Thatcher Guernsey, accompanied by Mrs. Frank Dexter Elliott of Boston, state regent of Massachusetts, is in Portland attending the sixth annual conference of the Daughters of the American Revolution, which opened this morning for a two-day session at the Multnomah hotel. Mrs. F. M. Wilkins of Eugene, Oregon state regent, will preside at the sessions.

In addition to the business sessions, which will be a series of conferences to determine the part to be played by Oregon Daughters in the national reconstruction program, several brilliant social functions will be given to honor the visiting women. Today at noon the eastern women, state regents, chapter regents, state officers and chairmen of state committees will be the guests of the two regents of Portland chapters—Mrs. Esther Allen Jones of Willamette and Mrs. John A. Keating of Multnomah—at a luncheon at the University club. This evening a brilliant reception will be held at the Multnomah hotel honoring the national officers, guests, Daughters of the American Revolution and Sons of the American Revolution. The Patriotic League, which has been planning an entertainment for the benefit of Company M, announces that it will be held in the armory instead of in St. Joseph's hall as was originally planned. The demand for seats has become so heavy that the league has been forced to refuse the offer of the Catholic church for the use of St. Joseph's hall and the powers that be have nobly donated the armory for the evening. The affair will take place Tuesday evening, February 25. Detailed announcements will be made later.

Complimenting Senator and Mrs. A. W. Norblad of Astoria, Mr. and Mrs. Charles G. Miller entertained a coterie of friends at a delightful dinner party recently. The table was beautifully decorated and a magnificent center piece of daffodils added to the attractiveness of the affair. Circling the table were Senator and Mrs. A. W. Norblad, Dr. and Mrs. Armin Steiner, Mr. and Mrs. J. L. Van Doren, Mr. and Mrs. J. R. Linn and Mr. and Mrs. Charles G. Miller.

Miss Flora Case, city librarian, has returned from a brief visit in Portland.

Mrs. Frank Ward was the charming hostess to the Tano club last evening at her home on Marion street. A patriotic note was carried out in the appropriate George Washington decorations and dainty refreshments were served. The evening was pleasantly spent playing cards. Miss Minnie Goehring was an additional guest at the gathering.

Mrs. L. A. Westcott, a former resident of Salem who, for the past year, has been making her home in Astoria, is visiting with friends in the city while her husband is on an extended business trip.

Mrs. George Rogers who has been visiting with friends in Salem for several weeks, went to Portland yesterday to meet her husband, who has returned from the east. They will continue from there to their home in Astoria.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out And Gets Thick, Wavy, Strong And Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse."

Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Danderine from any druggist or toilet counter for a few cents.

It comes the sixty fifth coast artillery on its return to Oregon.

Mrs. Clarence Townsend entertained the Three Link club of the Rebekah lodge last Friday afternoon. The decorations were in direct keeping with the occasion and the hostess served delicious refreshments. About fourteen members of the club and six additional guests were present.

Mr. and Mrs. Earl H. Anderson motored to Portland today. They will return this evening.

Mrs. A. W. Norblad, wife of Senator Norblad of Clatsop county, left yesterday for her home in Astoria, after a ten day's visit with her husband.

There will be a meeting of the Salem unit of the War Mothers council Wednesday afternoon at 3 o'clock in the Commercial club auditorium. It is absolutely necessary that every war mother in Salem and the vicinity be present whether she is enrolled or not.

Mrs. C. E. Farmer, who has been visiting her mother and sister in Portland for the past four or five days, has returned to Salem.

About twenty five members of the Jason Lee Epworth party Saturday evening at the home of Miss Blanche Drake on North Fifth street. The rooms were profusely decorated with hearts and cupid and games fitting to the occasion were indulged in. Following the evening's entertainment dainty refreshments were served.

The Oregon state chapter, Daughters of American Revolution, comprising 11 chapters in the different cities of the state are congratulating themselves on the victory in securing the passage of the bill in both houses providing that Washington's birthday shall be made a holiday in the public schools of the state with an hour and a half's patriotic program in the morning, a bill on which they have been working for four years.

Following immediately on this victory O. M. Plummer has turned over to the Daughters the 100 pounds of black walnuts grown on his famous tree the seed for which was brought by him ten years ago from the historic black walnut trees that guard Washington's tomb at Mount Vernon. With the gift of the nuts Mr. Plummer suggests that the nuts be distributed among the schools of Oregon and that the planting of them be made a part of the Washington's birthday exercises. The plan has met the approval of the Daughters, of which Mrs. F. M. Wilkins of Eugene is state regent and Mrs. Robert S. Farrell has been made chairman of the committee on their distribution. Bulletins concerning the gift and its purpose are being sent to the newspapers and to the school principals of the state with a view to making this year's celebration of Washington's birthday more uniform, more general and more suitable than ever before.

A member of the daughters will, wherever possible, participate in the exercises, and in case the school has children enrolled born of foreign parents, one of them will be honored by being asked to turn the first spadeful of earth, emblematic of the new internationalism. The daughters have two chapters in Portland, the Multnomah and Willamette, and one each in the following cities: Linn chapter in Albany, Lewis and Clark in Eugene, Chemeketa in Salem, Sarah Childress Polk in Dallas, Queen in The Dalles, Coos Bay in Marshfield, Susanna Lee Barlow in Oregon City, Umatilla in Pendleton and Umpqua in Roseburg.

Coastwide Strike Seems Threatened With Failure

Portland, Ore., Feb. 17.—Fifteen Seaside strike leaders are attending the convention of the Pacific coast allied Metal Trades council which opened here today.

They are urging the council to endorse a proposed coastwide strike of metal workers and ammunitions, involving 150,000 men.

It is predicted the Seattle agitators will fail, especially in view of the announcement of the Seattle shipyard owners that they will reopen their yards Wednesday in accordance with the agreement between the international presidents and the government.

More than 200 delegates to the convention, representing 24 councils, had registered up to one o'clock.

The Best Cough Syrup Is Home-made

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly cure it a permanent place in your home.

Into a pint bottle, pour ½ ounce of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "½ ounce of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.

Picked Up On The Street

A City Official, commenting on the returning soldiers and sailors, said: "Every citizen owes a debt to those who have fought and no patriotic citizen would minimize that debt. All must help to find occupation for them in civil life, with a return which will yield at least a comfortable living and happiness, but the returning soldiers and sailors owe a continued patriotic duty to the country to become industrious and law abiding in civil life. We would not rob them of the honor which they have won, but ask that they add to this honor which is accorded them, by allowing the military side to be absorbed by the civil life, which they may follow as long as they live."

J. E. Wright—"I am putting in several hours a day now at the state industrial school, putting the boys thru "setting up" exercises and regular military drill. They are taking hold of it in good spirit, they seem to enjoy it, and it's doing them a lot of good; physically and mentally they're getting an impetus toward a better manhood. There's some mighty good material among the boys and it's only a matter of handling them properly to make fine citizens out of them. Superintendent Gilbert is doing excellent work with them. We may bring them down to the legislature one day this week and give them a chance to see what the school is doing."

Chief Varney—"Yes, there is a great deal of petty troubles coming into my office—stolen milk, stolen papers, bicycles on the sidewalk, reports of accidents, and all that sort of thing—but we take pains to see that every complaint is looked into, and also look after cases of destitution. All this in addition to the regular work of the patrol. You can get an idea of the way the streets are guarded from the fact that since the first of the year there have been about forty arrests, mostly for minor offenses. There isn't much encouragement for a man to commit misdemeanor in Salem."

L. L. Edlert—"I think the Auto show has demonstrated that it was well worth the work and expense put into it. It has shown what the dealers can do here and it was a good advertisement for Salem in the surrounding country. A considerable number of sales were made on the floor and a lot more were negotiated for the future. I see no reason now why the local dealers shouldn't take over the auto show in connection with the state fair. I heartily appreciate the work of the press in boosting for the show."

"Heretofore, soles never lasted me more than three months, because my work keeps me walking constantly on cement. But I have worn a pair of Neolin Soles now for more than three months, and judging from their present condition, they will last three times as long." So says G. L. Kerr, manager of an automobile organization in Geneva, N. Y.

This extra wear given by Neolin Soles not only makes the shoes soled with them cheaper by the year than other shoes, but the price you pay in the first place is sometimes less than for shoes of only ordinary wear.

You can get Neolin-soled shoes in many styles for every member of the family. Try these long-wearing, comfortable and waterproof soles on your worn shoes too. All good repair shops have them.
