SOCIETY

By GERTRUDE ROBISON

BETSY ROSS and Molly Pitcher and the first "First Lady of the Land," living, as they did, in personal contact with George Washington, may perhaps have felt more keenly the significance of the date of his birthday, than do we of the present day. But time is short, for all that the minds seem to sift so slowly, and it was only a little while ago that he said his prayer at Valley Forge, or crossed the Delaware with his handful of half clothed, half starved men. And no one living in the eighteenth century reverence the great leader more than do we of the twentieth.

It is to keep this spark of reverence always alight in the hearts of American citizens and to teach the children that the second great commandment which is like to the first refers above all to "country," that the Daughters of the American Revolution have arranged for a community program to be held in the armory next Saturday afternoon at 2:30 o'clock. The children—boys and girls of the nation—will be there, and the various patriotic and civic organizations of the city will be represented. Judge Johns of the supreme court will address the assembly and a literary and musical program has been provided. Mrs. Seymour Jones, regent of the local chapter brought with her on her return from the conference, the walnuts from Mt. Vernon which were distributed to the schools today and will be planted the 23d. Everyone is urged to attend the meeting and prove his or her loyalty.

Loyalty—the only thing that matters in all the world. And Betsy Ross

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sneezing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

They were plain white tags with a small reproduction of an American flag on each of them and they sold at ten cents each. According to those who know, the sales netted \$302, which means that there were some three thousand and odd people in Salem Saturday who saw the flag and cryptic little message beneath it, and bought one to make the home coming of Company M, a home coming worth remembering. Mrs. P. W. Durbin and Mrs. John Maurer who were in charge of the affair wish to thank the following young ladies for their services that day. No doubt their smiles and feminine charms had something to do with the success of the undertaking.

Some Corset Truths

for Women to Consider

It is not an easy task to reshape a neglected figure into shapely lines. Neglected or poor corsetry allows little bumps, angles or hollows to mar the figure lines.

To smooth out these inequalities a properly designed corset and the use of proper materials in the corset will re-create the figure.

are poise designed. The designer of the MODART Corset makes all MODART Corsets give proper poise to the figure and then designs the corset to symmetrical artistic proportions.

Women with badly poised figures can never be grace full—try as they may. If proper poise is lacking, the grace is lacking too.

So whether you are tall or short, stout or slender, you can have the carriage that will show your figure and your clothes to the greatest possible advantage if you will adopt the MODART Corset.

We ask you to accept a trial fitting, which costs you nothing, and you will immediately see why social leaders, famous actresses and beautiful women generally wear the MODART.
