

SOCIETY

By GERTRUDE ROBISON

PROVIDENCE," said a great man once, concerning George Washington, "left him childless that his country might call him Father." Perhaps that is the reason that the Daughters of the American Revolution are so emphatic in their desire that the 22d of February should be a national holiday for school children and that a part of the day be taken up with patriotic exercises. Tomorrow afternoon at the armory, one of the largest patriotic entertainments ever held in Salem will be presented to the public and the loyalty of the populace will be judged by the attendance at this performance. The program follows: "Star Spangled Banner" and Flag Salute—audience.

Greeting—Mrs. Seymour Jones, regent of the Chemeketa chapter, Daughters of the American Revolution.

"America" (new American tune)—Public school children.

You look like a new person since Resinol cleared your skin

It is peculiar how skin affections produce a sense of desperation and dependency. The unfortunate ones are ready to do anything to obtain relief—even cover up the abrasions with cosmetics, in the hope that they will gradually disappear.

Cease tampering with your skin. To regain skin health, that trouble must receive proper treatment. Resinol Ointment and Resinol Soap for years have brought heartfelt relief to such sufferers. File upon file of testimonials bear evidence of this fact. Give this ointment and soap a fair trial. You will not regret it.

Sold at all druggists.

"My Own United States"—Public school children.

Transfer of veteran flag to Boy Scouts—Mrs. J. J. Heltzel, honorary regent of Chemeketa chapter.

Response—Boy Scouts.

"Land of Mine"—School children.

"I am an American"—Willard Marshall.

Young ladies chorus from senior high school.

Address—Judge Johns of the supreme court.

Solo, "Song of a Thousand Years"—Lena Belle Tartar.

"O Columbin the Gem of the Ocean"—Audience.

The R. C. Magee residence on North Capitol street, was the scene of merry making and jollity Tuesday evening when a group of friends gathered to enjoy an evening of pleasure. A three course luncheon was served and the evening was passed in "500" and dancing.

The guests included Mr. and Mrs. J. S. VanOstel, Mr. and Mrs. Goodwin, Mr. and Mrs. Witzel, Mr. and Mrs. E. W. Davies, Miss Violet Crow and Miss Bloominger.

The Women's Relief Corps—"soving"—met in the G. A. R. room at the armory yesterday afternoon and the following officers were elected: President, Mrs. Florence Spencer (re-elected); vice president, Mrs. Lizzie W. Smith; secretary, Mrs. Shane; treasurer, Mrs. Cook.

It was decided that the W. R. C. should meet at 2 o'clock Saturday afternoon and go in a body to the armory to attend the patriotic exercises of the Daughters of the American Revolution.

Miss Ethel Liston has returned to her home in Salem after a brief visit in Portland with her sisters, Mrs. Arthur Lennon and Mrs. Ralph Harris.

Readers of the Oregon Voter will be interested to know that C. C. Chapman, its editor, has been spending the legislative term in Salem. Mr. Chapman is perhaps one of the best known and most talked about editor in the state. His wife, Mrs. Chapman, came to Salem last Friday in the interest of a bill before the legislature, and returned to her home in Portland yesterday.

A gay party in honor of George Washington's birthday was held last evening by the parents and teachers of

the Popcorn district in West Salem. A large number of guests were present, all dressed in quaint colorful costumes in keeping with the occasion. Appropriate refreshments were served and the evening was one of the most enjoyable ones spent by the community this season. Prizes for the best costumes were awarded to Miss Erma Simmons and Miss Anna Porter.

Mrs. J. C. Smith of Grants Pass is in Salem visiting her husband, Senator Smith.

The Altar society of St. Joseph's church will be hostesses at a delightful card party this evening in St. Joseph's hall. The hall has been elaborately decorated and the ladies of the society have gone to a great deal of trouble to make the affair an enjoyable one. All the members of the parish, whether interested in cards or not are cordially invited to attend.

For the first time in the history of the city, wives and friends of the Cherrians are invited to be present at the annual Cherrian banquet. Preparations for this event have been completed and the evening promises to be one replete with numerous pleasures and surprises.

This banquet, which will be held at the Marion hotel Monday night, will be one of the smartest affairs of the season. Covers will be laid for two hundred or two hundred and fifty guests and forty new members will be taken in.

Mrs. William Hutecheon and daughter of Claremont, New Hampshire, are visiting at the home of Mrs. Hutecheon's son, David, in this city, who is seriously ill.

In regard to the fact that the French War Veteran's band will give their concert on March 5th, the Salem Symphony orchestra has postponed their concert which was to have taken place on March 4th until Thursday March 20th.

Mrs. Carl Arntstried and children are spending a week in Portland visiting relatives and friends.

Quinine That Does Not Affect Head Because of its tonic and laxative effect. LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

BREAST IS ANYTHING

(Continued from page one)

a week's leave every month. Sometimes, as a consequence, the men get hot cakes and doughnuts for breakfast, pie for dinner, etc.

The amount of food allowed to each man is unlimited. He can repeat the whole dinner if he desires. Feeding is done on an exact schedule by which it is impossible for a man to spend more than 30 minutes going and coming between the barracks and kitchen, usually about 20 minutes. This would seem to dispose of the idea that the men stand for hours in the rain waiting to eat.

It has been seriously charged that the men are compelled to wash their own mess kits. This is true. They have to do it in the field, often with cold water and no soap. But in Brest the washing consists of dumping the re-

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

LEGISLATURE WAS IN A HABIT OF MUCH MOVING

Since Its First Session State Governing Body Has Met In Many Places.

The recent purchase by D. Samuels of the Turner building on South Commercial and Perry streets, diagonally opposite the Marion hotel, recalls the fact that at one time the state house offices were on the second floor of the building and that the legislature held its session on the third floor.

According to George H. Himes, curator and secretary of the Oregon Historical Society, the capital and legislature has been doing some moving about since its first session, January 3, 1851. It was on this date that the capital was removed from Oregon City to Salem and the sessions of the legislature held in the old Willamette University. Then on July 26, 1852, at the call for an extra session, the legislature met in the Rector building on South Commercial street, about opposite the Capital Journal.

On December 4, 1854, the legislature met in what was then the new state house, constructed of brick, on the site of the present state house. Again in 1855 on December 3, the legislature moved from Salem and met at Corvallis, then an aspirant for the state capital. Corvallis was known as Marysville once upon a time.

But after a session of four days at Corvallis, the legislature adjourned to meet on January 2, 1856 in Salem. As the old state capital building had been destroyed by fire on December 30, 1855, the legislature and in fact all officials of the state house made headquarters in the Turner building at South Commercial and Perry streets. It was in this building that George H. Williams was elected United States Senator. The rent for the Turner building to the state was placed at \$350 per quarter of three months.

As the present state capital building was not in existence in 1857, the old constitutional convention of that year met in the Marion county courthouse, which was at that time a wooden building. As time progressed this courthouse of wood was sold and used as a trolley stable.

The Turner building was erected by Joe Holman and for many years was known as the Holman building. Then later the Turners bought the building and in the sale made a few days ago, title passed to D. Samuels, who is building an addition in the rear and will rebuild and modernize the whole building.

funne in garbage cans, then dipping the aluminum plates, cups and spoons in big tanks of constantly boiling water, from which they emerge not only clean but sterilized and dry almost as soon as they strike the air.

Market Roads Committee To Meet Again February 27

The deliberations of the Market Roads committee continued yesterday far into the afternoon, the delegates discovered that he more they analyzed the problem the more complicated it became. It involves higher mathematics, diplomacy and psychology. Had it not been that some member of the body recalled that it was time to get home and do the chores they might be talking yet.

Judge Bushey was on the floor for a time, pointing home some hard-headed facts as to the merits of direct taxation as against bond issues, with which he had had plenty of experience in his day. He counselled against definite action until the committee had taken time to examine the accounts at the court house and see just what were the financial possibilities of Marion county at his time.

District Attorney briefly explained the technicalities of taxation and of bond issues as dealt with by other counties in the northwest.

Chairman Kay advised suspending definite action until after he close of the legislative assembly, since there were several bills before body dealing with road construction and finance.

By resolution Chairman Kay was authorized to name an executive committee and a committee on ways and means. The executive committee will be composed of Chairman Kay, Secretary Keeber, H. L. Moore, of Woodburn, J. P. Fellar, of Donald; W. H. Downing, of Sublimity. The committee on ways and means consisted of Thos. Kay, W. M. Hamilton, J. E. Smith, of St. Paul and Sam Brown, of Gervais. This latter committee will meet with the county court sometime this week and thoroughly investigate the matter of county finances and will report to another general meeting of the delegations to be held at the Commercial Club rooms on Thursday morning, February 27. Upon the character of that report will depend the further action of the general committee and the method of operation.

BATTLES ON MEXICAN BORDER

Nogales, Ariz., Feb. 21.—Two sanguinary battles between Mexican soldiers and Yaqui Indians have occurred near Nogales in the last 48 hours.

The last encounter occurred within nine miles of Nogales, Sonora. Twenty Mexican were killed. The Yaqui casualties are unknown.

The first engagement took place near Loquill, Sonora, 20 miles east of Nogales. Its results are unknown.

Apprehension is felt for the safety of 60 American business men who left today for Mazatlán and other west coast points on a trade promotion excursion.

Noah F. G. Balston, who arrived in Oregon in 1852, is dead at his home in Sheridan. Four of his sons are in France.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation women for over half a century have applied before the start of pregnancy, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time of the crisis is shorter and pain and danger is naturally avoided.

Write the Bradford Regulator Company, Dept. E, Lamer Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means—and get into condition to meet the crisis.

Chicago, Feb. 21.—After four long years, circus men see in 1919 a season of plenty.

With all handicaps removed, the "razor backs," acrobats, coos and transportation experts are back on the job after a "hooking" in khaki or

THE BRUNSWICK

The latest and most complete phonograph. All tones can be produced. The lowest, sweetest tones or the loudest, clearest tones can be produced by the proper adjustment of the needles and reproducer. The Brunswick is the phonograph of all possibilities because it will do all that any and all other machines do. Only a slight turn of the reproducer and you change from one make of record to another. When the now famous Brunswick was announced most people believed that the utmost had already been attained in phonographic art. Hence they expected, and rightly so, that The Brunswick would have to bring out overwhelming betterments in order to win a place among the leaders. And this, their great expectation, was realized. The Brunswick created a memorable sensation. It commanded instant respect and admiration. The Brunswick is the phonograph of the hour.
