## Dire Threats Hurlled Across Senate Chamber Yesterday

"He can't call me a liar or I will smash his face," yelled Senator Orton in the senate chamber Thursday afternoon as he waved his fist at Senator Lachmund, who was at a safe distance across the senate chamber. "Come on over, come on over," urged Senator Lachmund, who was standing beside his seat. As Orton's rage increased he started toward Lachmund, but he was met by Colonel Mercer, the aged Sergeant at arms, who gently took hold of the Senator's sleeve and held him in leash. "If you don't make him stop calling me a liar I will smash his face," shouted Orton to President Vinton. But Orton made no effort to break away from the grasp of the old colonel. "Senator Orton, you take your seat," ordered the president. "All right, but he can't call me a liar or I will smash his face," replied Orton as he returned to his seat. "Let the senate pass the McFarland boxing bill and we will have a 10-round bout between Senator Orton and Senator Lachmund," suggested Senator Banks.

Senator Orton displayed his anger when he failed to have house bill 114 placed on third reading. Senator Lachmund moved to have the bill laid on the table as he said he and Senator Thomas had introduced a better bill on the same subject, which had passed the senate and was now in the house. The bill relates to a maintenance clause in paving contracts. Senator Orton said that Senator Thomas had informed him that he had no objections to the house bill, and Lachmund openly asked Thomas if that was true. Thomas said it was. "I am getting mighty tired of having senators cast aspersions on my veracity," said Orton. "A short time ago when I was excused to go to Portland Senator Lachmund wanted to have me arrested and brought back. He gave me a lot of publicity. The free publicity I got was worth \$500. Now he stands up here and doubts my word again."

Senator Lachmund said he wanted to prove by the president of the senate that Orton was not excused upon the occasion he mentioned when he went to Portland, and that was more than Orton could peacefully stand so he began waving his arms and shouting that he was going to "smash his face." But so far there has been no smashing.

San Francisco—Charles D. Ensign woke up today to find himself divorced. Mrs. Ida Ensign secured the decree on the grounds that "the modern Rip" on one occasion slept for an entire week.

## ROBERTS LAYS HIS CRUTCHES ASIDE

Relieved Of Rheumatism By Tanlac After Suffering Eighteen Years.

"Tanlac relieved me of eighteen years of suffering and more than that, it has added thirty pounds to my weight," said F. Roberts, who lives at 824 West Nora St., Spokane, the other day. "When I look back over the past eighteen years of my life," he continued, "I wonder how in the world I ever stood all the suffering I went through with. I had rheumatism in both of my feet and legs, and sometimes they would swell terribly. It was the same with my arms from my finger tips to my elbows, and couldn't use my hands at all. For eighteen months before I began taking Tanlac it was impossible for me to walk except on crutches. Sometimes for days at a time I would just have to sit down and suffer agonies nearly every minute and when night came my suffering was so great that I rarely ever slept very much. To add to all the rest of my trouble my stomach went back on me, and it seemed impossible for me to find anything to eat that would not make me suffer afterwards. When I tell you that I lost over seventy five pounds in weight you will have some idea how I was going down hill. I think I must have taken a hundred different kinds of medicine but none of it brought me any relief. "I had about lost faith in medicine, but when I saw Tanlac advertised I made up my mind that I would try just one more, and if I failed to get relief I would never spend another dollar for medicine as long as I lived. But Tanlac helped me from the very first, and by the time I had finished my first bottle I could feel a wonderful improvement. My appetite came back and I was soon eating three square meals a day, and I got so I would get hungry between meals. The more Tanlac I took the more I could eat and the better I felt, and it wasn't long before I laid my crutches away, for I could walk without them. And then I could begin to use my hands a little. I saw that I was coming back strong so I just stuck to my Tanlac and—well just look at me now—I am free from all my troubles and as well and strong as I ever was and work hard every day and as long as I live I will praise Tanlac for all it has done for me."

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shoney, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Stoolhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Stores Co. Inc., and in Donald by M. W. Johnson.

## Upper House Favors Salary Increase For Prison Warden

By the terms of senate bill 231, which was passed by the senate today, the salary of the warden of the penitentiary is increased from \$2000 to \$3000 a year. The bill, which had the endorsement of the ways and means committee, was passed without discussion. Other bills were passed by the senate today as follows:

S. B. 237, by Dimick—Amending the law relating to demurrage and reciprocal demurrage.  
S. B. 139, by Moser—Authorizing political central committee to assess candidates for funds for campaign expenses.  
S. B. 248, by Hadley—Providing for the operation of a fish hatchery on the Nehalem river.  
S. B. 277, by Pierce—Providing for assessors to obtain statistics as to lands devoted to agricultural and horticulture.

S. B. 279, by Ritner and Burdick—Appropriating \$5000 to complete a fish hatchery on Tumalo creek, Deschutes county.  
S. B. 74, by Lachmund—Appropriating \$16,000 for an armory at Silverton.  
S. B. 232, by Bell and Orton—Providing for payment by the state of the expenses of printing the United States Spanish war veterans' annual report.  
S. B. 234, by Eberhard—Giving the public service commission authority to fix the salaries of its employees.  
H. B. 317, by Graham—Creating a legislative service and reference bureau at the University of Oregon.

S. B. 292, by Gill—Authorizing Multnomah county to issue bonds for the construction of bridges across the Willamette river in the city of Portland.  
S. B. 261, by Orton—Authorizing Multnomah county to expend county funds for the improvement of highways outside of Multnomah county but which connect with county highways.  
S. B. 214, by Pierce—To prevent defrauding of employer and employee.  
S. B. 217, by Eddy—Amending the state board of health law.  
S. B. 88, by Smith of Coos—Authorizing counties to purchase delinquent tax certificates.

Senate bill 281, which prohibits the employment of white women in restaurants, hotels and business houses operated by orientals, was killed in the senate today, after Senator Banks declared the bill was class legislation and would offend the orientals just at a time when the Pacific coast should look to them for a large trade.

Other bills killed by the senate today include the following:  
H. B. 244, by Sheldon—Making it unlawful to obstruct streams used by salmon or trout.  
H. B. 13, by Schuebel—Exempting money, notes and accounts from taxation.  
H. B. 272, by Lofgren—Fixing the hours of employment for registered pharmacists.  
H. B. 190, by Burdick—Exempting property of irrigation and drainage districts from taxation.

## ROAD BONDING BILL

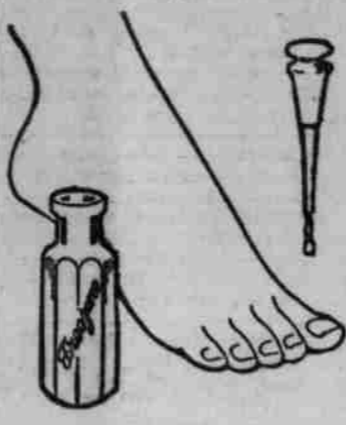

(Continued from page one)

clearing it was not founded on truth. When Senator Thomas moved to go into committee of the whole, his motion was opposed by Senators Handley, Moser, Hurley, Eddy, Eberhard, Jones, Norblad and Ritner, while Senators Thomas, Strayer, and Dimick spoke for the motion. Senator Handley called upon the opposition of the bill to come out in the open and try to kill it, and not resort to camouflage methods of trying to take it into committee of the whole to amend it. Senator Smith replied that he was not buffaloed by Handley's speech, and he objected to the emergency clause. He declared those who insisted on keeping the emergency clause did so because they were afraid to let the bill go to a vote of the people. He said that the words that caused all the fight over the senate bill 67 and were finally rejected are now in the bonding bill, and he could not understand why the senators who opposed having the words inserted in senate bill 67 were not supporting the bond bill. Reply was made by Senator Moser, who said he did not care about these few words or any other words just as long as the power is given the highway commission to squeeze all payments for royalties out of patented pavements contracts. He said this power had been given in other legislation passed and he was satisfied. Senator Hurley, Senator Eddy and Senator Ritner spoke in support of the emergency clause, and declared that every senator knew an emergency existed and that the people approved of putting the emergency clause upon this measure. Senator Eddy declared that an emergency was here in the form of an unemployment problem, which must be met long before the people could be given an opportunity to vote on the bond bill. Senator Eberhard pointed out that he had not received one word of protest against the emergency clause from any of his constituents. Senator Jones said the senators ought to vote for the bill as a matter of patriotism, if for no other reason. That the bill represents the sentiment of a majority of all the members of the legislature, as well as the people of the state, was the contention of Senator Orton, who opposed making any amendments. "I do not believe that it exists," declared Senator Strayer, who insisted that the people should have a right to express their opinion by voting on the bond issue. Senator Norblad was strongly in favor of the emergency clause and the bill just as it was, without amendment. Senator Dimick declared that the emergency clause was merely camouflage, as he insisted on emergency exits.

To my mind this bill is the biggest

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out! Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

broadest piece of legislation that was ever before any session of the legislature in the history of this state," declared Senator Banks.

Warning was sounded by Senator Pierce that if something was not done to put a stop to the increasing public debt civilization would be toppled over. He argued that ample funds for road construction could be obtained from an income tax, increased inheritance taxes and increased automobile license fees and a gasoline tax, and there was no need for the bond issue. But he said he knew that the big interests, those who want bonds as much as they want roads, would see that the bill is put through.

frustrated. The original bill had the word "shall" but the amended bill made it "may," so that the appointment should be optional with the county court. Of course after all bills pass the house, they must be concurred in by the senate and signed by the governor before becoming a law.

To defray the expenses of soil investigation, irrigation and drainage lands, \$15,000 was provided for in a bill that passed the house today. The money is to be spent under the supervision of the University of Oregon and the Oregon Agricultural college. The same investigators are to look into the economic use of irrigation water and its profitable development. With such slow progress being made in the house, the chances are that the sessions will extend into next week. This is the opinion of leading members. Legislative action will be taken at this evening's session.

Portland, Or.—Lemar Scott's sweet-heart rejected him. When her father wouldn't let him sit in front of the house and gaze at her room, he drank poison. He'll probably live.

### DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, see those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs.

Would you have helped the kaiser fight your country for a few dollars, and then paid tribute to him for the rest of your life? NO!

You are helping us fight the high price ROBBING MEAT TRUST. Will you help them because he offers you a few cents on one day each week, and overcharges you the rest of the week. We don't think so!

This is your fight for freedom from the high price sharks--the 40 to 50 per cent profit robbers. Remember its up to you. Do you want to pay 35 per cent extra out of what you spend for the right to live like a human.

We don't stack a counter of corned beef or old sows and mark that as our advertised meat--as the TRUST DOES. We have only one price for every pound of meat in our shop. We give you good quality meats and any cut in the shop for the price we advertise. Will the TRUST? NO- They use this dirty method to entice you and even then LIMIT the amount they will sell at that price. WHY DID THEY CHARGE YOU 40 TO 50 PER CENT MORE BEFORE WE OPENED HERE.

We are selling the BEST QUALITY meat in Salem for the price--or anywhere near the price--and we can prove it.

We move to our new shop Monday, Feb. 24, and in appreciation of your past trade we will sell every pound of smoked meat in our shop Saturday at a NO-PROFIT price to keep from moving it. Take advantage of these prices.

THESE PRICES BY THE WHOLE OR HALF
