Legislative Session Goes Into Next Week

The legislature adjourned today to meet Monday morning at 10:30 o'clock. The House of Representatives is the tardy member of the legislative assembly this session. The senate has been clearing up its calendar from day to day but with so many spell binders in the House and more than its share of snappers, almost any bill could precipitate a fight and it did.

Early in the sessions when the criminal syndicalism bills and such were on the calendar, the usual talks were preceded with the statement: "I yield to no man in my patriotism."

Later when the road construction bills were in the air and also up for debate, the regulation starter was, "I hold no brief for the Warren Construction company."

Anyhow, the fact is that the oratorical element in the House has retarded legislation and with the close of the 40th day of the session, there was work enough piled up to keep the House working for several days. The general guess is that by quick action, the work of the session will be over late Tuesday evening or at least by Wednesday. The big reconstruction measures are on the calendar of the House for a special order of business Monday.

WILLAMETTE CO-EDS PRACTICE

In addition to the regular gymnasium classes for the university women, basketball has been introduced this winter as a regular phase of the physical training work. This branch of the training is purely voluntary, but enough of the co-eds for three quintets have been appearing regularly for practice. Some games with other teams will be scheduled soon.

This is the second season for girls' basketball at Willamette, a good start having been made last winter, when several contests were staged with Salem high school. The varsity line-up has not yet been announced by the coach.

position, Reed... pointed out it will be controlled by one empire, two monarchies and two republics. Because of obligations, "in money and gratitude," France, Reed said, must stick to Great Britain. He also declared that community of interest binds Britain, France, Italy and Japan much more closely than any of them are bound to the United States.

"Japan has for many years been the close ally of Great Britain and is bound to her by secret treaties. At the same time she has been in a state of irritation against us so acute as to cause grave fears of war," said Reed.

"The plain fact is that the league may be so constituted that the British empire will have five votes against one by the United States.
"The foregoing commentaries make it plain that the league as originally organized will be in all probability dominated by Great Britain."

Seattle, Wash., Feb. 21.—A hair rising basket by Captain Cook, one minute before the final whistle, won a well-earned victory for Washington tonight by a 19-18 score over O. A. C. It was the closest, closest game of the year on the local floor.

Big Real Estate Deal Closed Near Hubbard

The largest real estate deal for Hubbard district in several months was consummated last week in the transfer of 100 acres of the Carey O. Dennis farm one mile east of Hubbard, owned by O. T. Murphy, to George H. Brown, of New Era, points king of the Willamette. The deal for the west half taken with it the improvements, Mr. Murphy receiving one small house for a residence until his plans are perfected for building a home later on. To care for his stock a large shed is being built on the former saw mill site.
It is understood that Waldo Brown, a son, will move onto the place next week and have the management of it. Of this purchase there are 110 acre-pow land and 90 acres from which some timber has been cut. Mr. Murphy intends to improve and develop the remaining 126 acres of the east part of the farm and develop his stock and hog interests.—Enterprise.

LADIES! LOOK YOUNG DARKEN GRAY HAIR

Use Grandma's Sage Tea And Sulphur And Nobody Can Tell. Brush It Through Hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.
Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyle's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready to use preparation, because it darkens the hair beautifully, besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.
