for Cough Syrup

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap to make, but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 21% ounces of Pinex frem any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phleom, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappear entirely, Nothing better for bronchitis asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappear entirely, Nothing better for bronchitis asthma.

"The college already has more money than it knows what to do with," he declared. "A few years ago when a millage tax was voted for the college, the senator on this floor representing Benton ton county declared that the school would not again come before this legislature asking for money. That promise came direct from the men in control of the college.

"But at the very next legislature the college was back here asking for an analysis of the sentence could be mainteneance of the sentence capital and supreme court buildings.
