

Terrifying Discomfort From Skin Diseases

Itching and Burning Eruptions Torture Victims.

Only those who are afflicted with Eczema, Tetter, Erysipelas boils and similar so-called skin diseases can appreciate the real terrifying discomfort that comes from these disorders.

The constant plea of those afflicted is the oft-repeated question, "How can I find relief from this constant torture?" Not palliative, temporary relief that causes the terrible itching to abate for a while, but real genuine relief that shakes off the shackles of the disease and restores the skin to its former healthy condition.

And temporary relief is the most that can be expected from local treatment, such as ointments, salves, lotions, etc., which is one reason why these diseases seem to hold on with such tenacity. It is not because they are incurable, but because they are improperly treated, that they appear to be so stubborn and so difficult to cure.

The real cause of the disease is a germ in the blood, which multiplies by the million, and sets up an irritation in some tender location of the delicate skin.

You must locate the headquarters of the disease germ, and cut off their base of supplies. The blood is

saturated with them, and they will set up their attacks on the surface of the skin as long as they remain in the blood, no matter how much local treatment you take.

A million gallons of local treatment applied to the surface of the skin, will not eliminate the germs of the disease from the blood, and until they are eliminated your skin will never be free from the itching and burning discomfort.

If you want relief that is permanent, then take a treatment that goes right to the seat of the trouble and removes its cause. Such a remedy is S. S. S., the reliable old blood purifier that so thoroughly cleanses the blood, that every trace of disease germ is routed out, and a new supply of rich red blood is sent coursing through the veins.

S. S. S. has been used successfully in some of the worst cases of eczema and other skin troubles, and it can be relied upon to cleanse the blood of the last vestige of the disease. S. S. S. is also a splendid tonic and system builder, and it builds up and adds new vigor to the whole system.

Go to your drug store and get a bottle of S. S. S. to-day and begin the right treatment for skin diseases. Then write for free medical advice about your own case. Address: Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.—(Ard.)

MAY KEEP UNIFORMS

Washington, Feb. 26.—The conference report on the bill allowing soldiers and sailors to keep their uniforms and giving them five cents a mile traveling expense was adopted by the house and sent to the president for his signature.

Word has been received that the entire Sixty fifth coast artillery will be released from service on the twenty eighth of this month and Salem boys who are with the unit are expected home about the second or third of March.

Considering the inclemency of the weather and the various other interests that occupied the time of the people last night, the Patriotic League entertainment was royally attended. After Company M's kit bags have been paid for and other minor expenses defrayed the League will have about one hundred dollars to turn over to Frank Dawey, president of the Soldiers and Sailors parent association. This fund will be used to entertain those Salem boys who were not fortunate enough to return with Company M and are stationed in various European cities, when they return.

After the performance last night, the Odd Fellows donated the banquet hall above the theater and refreshments were served to the entertainers who had so kindly volunteered their services to make the affair a success.

Mrs. Ralph White will be hostess at a delightfully informal dancing party this evening at the Cottillion hall. About twenty five couples—all members of her senior dancing class, will be her guests for the evening.

Miss Lillian and Carlo Jaquet were sponsors for a theater party on Washington's birthday given in honor of Miss Ruth Kautler, Miss Miss Scheffe, Miss Ebel Wueher of Portland, Carl Rehfsus of Lehigh Stanford University and Francis Young of Seattle, Washington. Those hidden to meet the out of town guests were Miss Elsie Pletz, Miss Ruth Ross, Miss Viola Ash, Milton Graapp, Frank Lynch and Russell Vincent of the Oregon Agricultural college.

SOCIETY

By GERTRUDE ROBISON

THE Armenian Relief drive which is taking place in Salem this week is being generously supported by the kindly disposed residents of the city. Although the local drive will be over at the time, those Salem people, who are particularly interested in conditions in the near east will no doubt find time to visit Portland next week to attend the series of lectures by Mrs. Otis Ford Lamson, in behalf of her countrymen.

Mrs. Lamson was born in Erzerum, the capital city of Armenia. She was educated in the University of Europe, and, coming to America 12 years ago, was a special student in Johns Hopkins university and subsequently became nationally prominent in scientific research, devoting her talents to the study of the brain. She is the author of several treatises on the brain and brain cells, and more recently of a book for mothers, entitled "My Birth."

Since the war began Mrs. Lamson has devoted her energies in behalf of her countrymen and has been heard frequently on the lecture platforms of the northwest on the subject of Armenia and its troubles and hardships at the hands of the Turks.

Mrs. Lamson will arrive in Portland tomorrow morning and will address the Women's club in that city, Friday afternoon.

Mr and Mrs. H E Heller and children left yesterday for Savoy, Montana.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such misery as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

BUTTER SUBSTITUTE

(Continued from page one)

Mr. Dennis, he of the roads and high ways, got off his beaten path enough to come to the rescue of the dairies, of the state and their interest in having oleo taxed good and plenty. He said there were 150,000 people in the state dependent on the dairy interests and also that it was a well known fact that dairy herds had been reduced by 50,000 during the past year. By having the manufacturer of oleo pay \$500 a year and the local grocery dealers \$25 annual tax, he felt that the dairy interests would be properly protected.

To the objection to the \$25 a year tax on local grocers who handled oleo, the statement was made that this figured about eight cents a day. This eight cents would not bar any dealer from handling oleo who could sell two or three pounds a day. Mr. Lewis thought this eight cents a day would work such a hardship in Portland that only Meier & Frank's big store could afford to handle oleo, thus working another hardship on the poor working man with his \$5 to \$8 a day.

Then another authority was quoted to prove oleo was 60 per cent tallow, while another authority of equal prestige was quoted as claiming that oleo was the most healthful food in existence.

The police detail sent to quell the disturbance declared that the cause of the outbreak was still undetermined late this afternoon. Liquor obtained from a Japanese steamer alongside the wharf is believed to have been a contributing factor.

An altercation between the guards and groups of passing longshoremen is believed to have started the fighting.

The following are held at police station on open charges as the result of the shooting:

W. J. Flynn, engineer, 36; C. H. Campbell, 47, sailor guard; Frank Spring, 31, sailor guard and A. Telson, 36, longshoreman.

Typical triumphs of Barnes' Cash Store vigilance and quickness of adopting and stocking Silk originations of genuine merit. These are advance concepts of what's sure to be vogue.

WHAT ARE MIKADO SILKS?

Almost from the day the American woman learned the wonderful qualities of Pongees, has she had a desire for such silks in colored patterns. That wish is now a realization. Mikado Silks are woven out of heavy Yarn Dyed Pongee stock and may be had in worsted plaid effects or other patterns—an innovation of the highest order. Nothing can possibly equal them for Suits and separate Skirts. They have the decided advantage of being washable (ask to see washed samples) and are sure to win high favor among the discriminating Silk wearing women of Salem.

We are showing these Silks in many colors and patterns—the very stylish black and white plaids, large checks, broken checks and novelty plaids in soft tones.

Remember the name—Mikado—it stands for the newest, heaviest quality, richest, most serviceable SILKS ever produced. Yard, \$3.50.
