

Here's A Gentle Laxative For Elderly People

A daily free movement of the bowels becomes a serious problem as you step from middle-life into old age, and much dependence can no longer be placed on nature herself. The bowels find artificial aid necessary.

The stronger the physic, as old people soon learn, the greater the contraction of the bowels thereafter, and so the wise purposely avoid salt waters, pills and other harsh purgatives. Many have learned to place absolute reliance on the gentle but positive action of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin.

It produces an agreeable movement as nearly natural and free as high pharmaceutical skill can make it. Thousands use it regularly, in the small dose prescribed, and keep themselves in fine health and good cheer, and entirely free from constipation.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by securing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

Dr. Caldwell's SYRUP PEPSIN

The Perfect Laxative

FREE SAMPLES—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

GEO. F. EDMUNDS DEAD.

Pasadena, Cal., Feb. 27.—George F. Edmunds, former United States senator from Vermont, died here today following a lengthy illness. He was 91 years old.

George Franklin Edmunds was United States senator from Vermont for 25 years, from 1866 to 1891, acquiring such

a reputation as a statesman that on two occasions was presented in the republican national convention as a candidate for the presidential nomination. Though never president, he was known as advisor to presidents.

Orders assigning new commanders to nearly a score of camps were announced by the war department Monday. No change is made at Camp Lewis.

You Can't Cure Rheumatism With Liniments and Lotions

Torturing Pains Promptly Return in All Their Intensity

You may as well throw your liniments to the winds, if you expect them to rid you of the pangs of rheumatism. In fact, the sooner you discard forever the use of all forms of local treatment, the sooner you will get on the right track which leads to rational means of relief.

For you can rub and rub from now until doomsday, and you will never make any progress toward ridding yourself of rheumatism, because such treatment does not approach the source of the disease.

Remember from the outset that the pangs of rheumatism come from a deep-seated cause, and that simply rubbing the painful parts of the body has no effect on the disease itself. But when you locate the cause of the disease, the real source of all these intense pains, you can then treat the disease intelligently.

And until you do treat your rheumatism intelligently, you will

never be free from its disabling pangs.

So many people have found real, genuine and lasting relief from rheumatism by purifying the blood with E. S. S. that we are justified in recommending this splendid remedy to all who are afflicted. Perhaps your case is like thousands of others which are caused by millions of tiny disease germs in the blood. E. S. S. so thoroughly cleanses the blood, that it routs out completely and eliminates all disease germs that infest it.

In this way the source of the disease is reached, and its cause removed. Give your system a thorough cleansing with this reliable vegetable blood remedy, and you will be delighted to be free of the pangs of rheumatism. It has been used for more than fifty years and is sold at all drug stores. Begin its use today and you will have the same satisfactory experience as thousands of other sufferers.

Should you wish special advice about your own case, it can be had without cost by writing to Chief Medical Advisor, 101 Swift Laboratory, Atlanta, Ga.

SOCIETY

By GERTRUDE ROBISON

HAD SUFFERED 29 LONG YEARS

Mrs. Clarkos Had Rheumatism So Bad She Often Cried All Night In Pain—Gains 30 Pounds.

"My gain of thirty pounds in weight during the past few weeks just speaks volumes for Tanlac," said Mrs. Catherine Clarkos, residing at 2440 College St., Kansas City, Mo.

A family gathering and luncheon was enjoyed Wednesday at the country home of Mrs. D. S. Adams, living on the Wallace road, the occasion being her seventy sixth birthday. Mrs. Ed Richmond presented her with a delicious birthday cake.

Mrs. E. L. Orton and Mrs. Jessie Orton Steckle, mother and sister of Senator A. W. Orton of Portland, were visitors at the state house yesterday.

The Daughters of the American Revolution will meet with Mrs. Gattin and Mrs. Spears Saturday afternoon at 2:30 o'clock.

Quinine That Does Not Affect Head

Because of its tonic laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

MARKET ROADS

(Continued from page one)

Following funds will be available through channels already legalized, for the paving of roads:

From auto licenses during the five year period from 1920 to 1924 in the following order: \$21,106, \$26,320, \$34,362, \$36,297, \$40,025.

From the one mill state levy in the following order: \$43,000, \$43,500, \$44,000, \$44,500, \$45,000.

From general road fund in the following order: \$175,000, \$185,000, \$195,500, \$208,500, \$221,000.

The court estimates that the maximum number of plants that it could operate efficiently at first is four or five, and that each one could pave five miles of road each year, at a cost of \$12,500 a mile.

It is the recommendation of this committee that each road district be required to grade, out of its own funds, its own market roads, according to surveys made by the county court, as a condition to having such roads paved out of the county funds. This requirement is similar to that of the state highway measure that requires the counties to grade the state highway within their boundaries before the state will pave the same. Therefore the amount of \$12,500 a mile does not include any grading expense.

Has Paving Plant

We find that the county has one paving plant on hand, and that the cost of three more will be \$112,500, or four plants will cost \$150,000. Thus the total cost of the paving of approximately 110 miles of road as projected will be distributed over the five year period in the following order: First year, \$372,500; second year \$250,000; third year, \$250,000; fourth year \$350,000; fifth year, \$312,500, all being proposed to pave 20 miles of road each year for the first three years, and 25 miles a year in the last two years.

It should be noted that some of the road districts are going to be unable to meet all their grading expenses, and in such case it will become necessary for the county to assist them out of the general road funds. Furthermore, it may be necessary for the court to draw upon the general road funds for some unforeseen expenses in the line of repairs and replacements.

With regard to the designation of the roads to be paved under the proposed program, we recommend that you appoint a committee to lay out a system of market roads, between the principal cities and towns of the county, not to exceed 100 miles, and that you petition the county court to adopt your layout as their official market

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that dull, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisurated magnesia which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestives. Magnesia comes in several forms so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purposes.

HAD SUFFERED 29 LONG YEARS

Mrs. Clarkos Had Rheumatism So Bad She Often Cried All Night In Pain—Gains 30 Pounds.

"My gain of thirty pounds in weight during the past few weeks just speaks volumes for Tanlac," said Mrs. Catherine Clarkos, residing at 2440 College St., Kansas City, Mo.

"There had been such a pronounced change in my condition," she continued, "that my friends readily notice it and speak of it. Of course, I think my increase in weight is wonderful, and I am proud of it, but the benefit I appreciate most is my relief from suffering. I have been a victim of rheumatism for twenty-nine years, and only those afflicted the same way can know the agony I suffered. During damp weather and just before a rain sharp pains would shoot all through my body, but it was in my knees I suffered most. My right knee especially, has been so swollen, stiff and painful during the past two years that I could not bend it. I had to have a steel brace made to fit this knee so I could walk around. The ligaments and leaders were drawn until my knee was out of shape, and I have cried all night long many a night with pain. I have often thought my rheumatism was caused by constipation, as I have always been troubled more or less in this way, having to take something constantly. I also lost weight and my general health became very bad, and while I just tried everything nothing gave me any relief.

"One day I read a statement made by a lady living on Prospect avenue, talking the medicine myself. I am just now on my fifth bottle and considering the length of time I have suffered, the results have been remarkable. The rheumatism pains have disappeared almost entirely, and I do believe Tanlac is going to clear my system of it altogether.

I have been told that my right knee would never be any better, but I can bend it some already, and the pain is entirely gone. I have also been relieved of constipation, my appetite is fine, and I am feeling better in every respect than I have in many years. So I don't feel that I could say enough in praise of Tanlac. It certainly is grand medicine.

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shoney, in Salem by Dr. A. C. Stone, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy, in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store, in St. Paul by Groceries Store Co., Inc., in Donald by M. W. Johnson and in Jefferson by Foshay & Mason.

Did Work Well

The report carries many more interesting facts and figures, which go to show that the committee has done its work in a most thorough manner, and there can be no question that the foundation work in this project is well laid. There was the utmost optimism in the meeting over the arrangement as finally effected between the general committee and the grange members, as it is believed to be a plan that cannot fail to appeal to the granges and the farmers generally. It means that a comprehensive road program is guaranteed by the issuance of bonds to the amount of \$40,000, which will be placed in the county vaults as a reserve resource. Of this amount only so many will be placed on the market as will be required to carry through the construction work from year to year. The county court is of the opinion that no more sales will be necessary than the initial issue of \$250,000, and thus the initial rate will be kept down to the minimum.

The one grand requisite now is the cooperation of the various districts in grading their units of road and in leading moral support to the general movement. As was brought out in the meeting, one of the greatest material disasters that could befall Marion county now would be the failure of this movement in the June election, and in the impression it would make upon the outside world as to the spirit of the Willamette valley.

WOMEN IN BUSINESS.

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.

HOUSE HAS ONE

(Continued from page one)

service men who were not overseas. This bill will be voted on at the special election June 3.

After a fight covering part of two days, the bill passed providing that the funds of school districts shall be deposited with the county treasurers. Due to consideration opposition from two or three counties and from Portland, a compromise was effected, placing a provision in the bill that it shall become effective unless the county shall enter an order to elect not to come under the act.

Withdraw Appropriation.

When the bill came up for appropriation \$40,000 for the purchase of a farm for penitentiary use, it was withdrawn as it was found to be included in the big reconstruction program of \$5,000,000 on which the people will be given a chance to vote June 3rd.

The owner of an automobile may now be able to figure out whether his tax on the machine will be larger, or smaller for this year. As finally compromised the auto tax stands as follows: Up to 23 h.p. power, \$15; from 23 to 26 h. p. \$22; from 26 to 30 h. p. \$28; from 30 to 36 h. p. \$36; from 36 to 40 h. p. \$48; over 40 h. p. \$58.

The automobile is not to be assessed as personal property, as the license tax covers all. In the debate, it was stated that possibly 50 per cent of the autos in the state were not assessed. With the new law, there is no chance to escape the tax.

One of the closing acts of the legislature was to vote members \$50 each for their additional expenses in staying on the job about a week longer than the 40 days. The constitution only allows pay of \$3.00 a day for 40 days.

SENATOR NOT WELCOME.

Washington, Feb. 28.—President Wilson and Senator Chamberlain of Oregon, chairman of the senate military committee, met today for the first time since their controversy of more than a year ago when the president wrote a letter sharply criticizing the senator for his New York speech in which he said certain government bureaus "had almost ceased to function."

Senator Chamberlain called to pay his

HOUSE HAS ONE

(Continued from page one)

respects to the president who was at the capital conferring with senators and representatives.

The president shook Chamberlain's hand once and the smile on his face disappeared. Gravely bowing, the president released Mr. Chamberlain's hand, and without speaking a word turned to greet another senator.

Peruvian students at Lima Monday conducted a demonstration in honor of President Wilson. Crowds cheered for Mr. Wilson, the United States and the league of nations.

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magie! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery or noted Cincinnati genius.
