EVERYBODY IS NOW FIGURING INCOME TAX

In Order to Be Helpful to Public, Internal Revenue Bureau Has Every Available Officer in Field.

SEVERE PENALTIES IF YOU DELAY BEYOND MARCH 15

With the due date for Income Taxes only a few weeks away, the collection of this far-reaching tax on 1918 incomes has started off with a bang. Everybody is figuring income tax.

Payments and sworn statements of income must reach Internal Revenue offices on or before March 15, and there are severe penalties for delinquency.

Residents of Oregon are required to make their returns and pay their taxes to Milton A. Miller, Collector of Internal Revenue, Portland, Ore., or to any of his deputy collectors who are now doing free advisory work on Income Tax.

"Pay your Income Tax by March 15," is the slogan of the Internal Revenue Bureau, which has sent every available officer into the field to help the public to understand the requirements and to prepare the returns.

Who Must Make Return.
It is estimated that many thousands of single and married persons in this section of the United States who have never before made annual returns are required to do so this year.

Income tax returns must be made between now and March 15 by persons who come under the following classifications:

Any unmarried person whose 1918 net income was \$1,000 or over. Widows and widowers, divorcees and married persons who are living apart from their husbands or wives, are for the purposes of the Income Tax classed as unmarried.

Any married person living with wife or husband whose 1918 net income was \$2,000 or over. The income of both husband and wife must be considered, together with the earnings of minor children, if any.

Revenue Bureau Offers Aid.

Each person in the United States who is in either of these classifications must get busy at once if penalties are to be avoided. He should secure a blank Form 1040 A for reporting net income up to \$5,000, or Form 1040 if his net income exceeded that amount. Forms are being distributed by Collectors and their Deputies, also by banks. By following the instructions on the forms a correct return can be prepared at home. If a person needs advice or aid, the Deputy Collectors in the field will furnish this without charge.

The new Revenue law places the Income Tax duty on citizens and residents. The Internal Revenue Bureau is sending its men to work right with the public to get the tax and the returns in. With active co-operation every tax due March 15 will be paid and every return required by law will be in the Revenue offices on time.

Exemptions Allowed.

A single person is allowed a personal exemption of \$1,000. If he is supporting in his household relatives who are dependent upon him he may claim the status of the head of a family who has the same exemption as if married.

A married person who lives with wife or husband is allowed a personal exemption of \$2,000. The head of a family is entitled to claim a similar personal exemption.

An additional exemption of \$200 is allowed for each person under eighteen or incapable of self support who was dependent upon and received his chief support from the taxpayer.

A husband and wife living together are entitled to but one personal exemption of \$2,000. If they make separate returns the exemption may be claimed by either or divided.

Accuracy Required.

Absolute accuracy is necessary in making up income figures. Any person who is working for wages should find out exactly how much he received during the whole year 1918. Fees, bank interest, bond interest, dividends, rents received and all other items must be reported correctly. Mere guesses are not accepted, for they are unjust alike to the taxpayer and the Government and defeat the proper administration of the law.

* **INCOME TAX IS** *
* **TRULY POPULAR.** *
* * * * *

"The payment of Income taxes takes on a new significance which should be understood by every citizen. The taxation system of this country is truly popular, of the people, by the people and for the people. Every citizen is liable to tax, and the amount of the tax is graduated according to the success and fortune attained by each individual in availing himself of the opportunities created and preserved by our free institutions. The method and degree of the tax is determined by no favored class, but by the representatives of the people. The proceeds of the tax should be regarded as a national investment."—Daniel C. Roper, Commissioner of Internal Revenue.

We Have Moved to 151 North High Street

TO THE BUILDING FORMERLY OCCUPIED BY THE FARMERS CASH STORE

Our business has grown to the point where we were compelled to get larger and better quarters.

We wish to thank the public for their splendid patronage that has made our business possible.

We have been complimented time and time again in the way we have conducted our business and especially our service, and in our new location we will be in much better position to serve our patrons than we have in the past.

When we started in business February 5th, 1918, with the famous Chevrolet line of automobiles we figured that "A SENSIBLE CAR AT A SENSIBLE PRICE" PROPERLY SERVICED was in demand, and our sales since that date show that we were right. For we have passed the 250 mark and have just nicely commenced. We will add several hundred to this amount before the present year ends.

We want you to meet us at our new location and even if the place is littered up from workmen remodeling, eventually we will restore order out of confusion and welcome you and take care of your wants better than ever.

Stock Market Animated For Saturday Session

New York, March 1.—The New York Evening Sun financial review today says:
Trading in today's stock market was pretty animated for a Saturday short session, but numerous cross currents imparted a highly irregular trend to prices and prevented any very pronounced movement one way or the other. Some of the few really strong spots were American International Corporation, which went through 63. Banking interests are supposed to be buying the stock. One of the outstanding weak spots was American Linseed. United Cigar Stores was bid up fairly well, but the tobacco as a group are inclined to heaviness. Steel ruled fractionally above 92. Rending was the feature among the rails, that issue crossing 83, or nearly nine points above the low of the year, touched on January 21. The oils were again under pressure. Marien Preferred was nearly firm.
