

Sensible Treatment For Rheumatism

Drives Out the Millions of Tiny Pain Demons That Cause the Disease.

There are many ways of treating Rheumatism, but there is only one right way.

If you are beginning to feel the first slight touches of Rheumatism, there is untold pain and suffering ahead of you, if you follow blindly in the same misdirected foot-steps of unscientific treatment. For remember that thousands of victims of this painful disease have spent countless hours, no doubt, as well as their hard-earned dollars in a vain effort to find a cure.

And your own experience will be just as disappointing as theirs, if you follow the old, worn-out and worthless methods of treatment.

When you realize that you must get rid of the cause of Rheumatism, and that its torturing pains will disappear when their cause is removed, then you will be on the right track, and there is a splendid chance for you to rid yourself of the disease.

The most common form of Rheumatism is caused by millions of tiny disease germs which infect the blood.

The one and only sensible treatment, therefore, is one which cleanses the entire out of these germs, and routs them entirely out of the circulation. And everyone knows that this cannot be done by rubbing the surface with liniments.

This is why S. S. S., the greatest known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, it promptly routs all disease germs. S. S. S. has been used for more than half a century, and it will prove beneficial in any case of Rheumatism.

If you are a victim of this disease, why waste further time with the wrong kind of treatment? Go to your druggist to-day and get a bottle of S. S. S., and begin a course of treatment that will delight you with its results. S. S. S. will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

We maintain a medical department in charge of a specialist on Rheumatism, and after beginning treatment with S. S. S. you are invited to write for free medical advice about your own case. Address Chief Medical Adviser, 104 Swift Laboratory, Atlanta, Ga.—(Adv.)

Rainbow Division Will Be Back To America In May

Washington, March 11.—The "fighting" 42nd (Rainbow division) probably will be back on American soil early in May, war department officials stated today.

It is the last division scheduled for sailing from France in April.

Unless there is a change in plans, therefore, it will reach America too late to participate in the victory lous drive.

Owing to its record in some of the bitterest fighting on the west front line the war department will allow considerable relaxation of the usual plans for returned troops in the case of the 42nd, and will permit parades of the different regiments in the various states from which they were drawn. The Rainbow division comprises troops of nearly all classes from almost every one of the states in the union.

President Wilson Is In Touch With Colonel House

By Carl D. Grant.
(United Press Staff Correspondent)

Aboard the U. S. S. George Washington, March 11.—President Wilson, anxious to expedite the peace work as much as possible after his arrival in Paris, today sent several wireless messages to Colonel House. They were understood to be in response to queries regarding details of the negotiations.

The president's cold has disappeared and he and Mrs. Wilson spent some time walking about the decks and playing shuffle board.

The George Washington is due to arrive in Brest between 3 and 10 p. m. Thursday, providing the weather continues good. The mayor of Brest has wireless an invitation extending the city's hospitality. The president accepted, but suggested that all pomp and formality be omitted.

IDEAL heat "for all the people"

Never before have people demanded and enjoyed so many modern conveniences. But the greatest improvement of all—HOT WATER HEATING—has heretofore been denied the wage earner because of the cost of excavating a cellar. With the invention of the IDEAL ARCOLA Radiator-Boiler—piping is simplified and a cellar is not needed.

The new IDEAL ARCOLA radiator-boiler

Puts IDEAL HOT WATER HEATING comfort in workingman's cottage, cellarless small stores, country schools, cellarless churches, etc.

The IDEAL ARCOLA takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL ARCOLA is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL ARCOLA does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL ARCOLA method is that no cellar is needed. Everything is on one floor. The ARCOLA is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own ARCOLA and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL ARCOLA and later on buy extra sections for the IDEAL ARCOLA and two or three more radiators to warm more rooms.

Cleanly heating—healthful heating—free from fire risks!

Unlike stoves, there are no coal-gas leaks into the living rooms. The IDEAL ARCOLA delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire-risk to building—no danger to children—fire lasts for hours! The ARCOLA burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Put in quickly without disturbing your stove till ready to start fire in the new outfit. Sold by all dealers. Send for catalog "IDEAL ARCOLA Hot Water Heating." Phone or write today!

Base Hospitals Are Assigned To Convoy

Washington, Mar. 11.—Assignments to early convoy were announced by the war department today as follows:

Base hospitals numbers 8, 21, 41, 56 and 115; Tenth anti-aircraft unit, companies 801, 802, 113 and 114 of the transportation corps.

LIBERTY BOND QUOTATIONS

New York, Mar. 11.—Liberty bonds were quoted today as follows:

3 1/2's, 98.60, off .04; first 4's, 94.20 off .20; second 4's, 93.50, off .16; first 4 1/2's, 94.98, up .06; second 4 1/2's, 93.50, off .12.

Prize For County Buying Most Thrift Stamps in 1919

The State Bankers' association has offered a prize of \$50 to the county that will make the best showing in the purchase of thrift stamps during the year. This offer is made especially for the Boys' and Girls' Industrial clubs of the schools of the state.

Every teacher in the county is being urged to present the matter to the pupils. A circular has been distributed with information as follows, giving five ways how the \$50 may be won. Here they are:

- 1—By saving and depositing in a bank an average of 10 cents a week for the remainder of the year.
- 2—By devoting at least three hours a week to home industry, including food preparation, gardening, raising poultry or any club work.
- 3—By preparing during the year some written work on Thrift and submitting same to the teacher, or the county superintendent or to some paper for publication.
- 4—By participating in thrift programs, including readings, debates or addresses during the school year.
- 5—By keeping personal expense accounts, club project accounts or assisting your parents in keeping household or farm accounts during the year.

Pupils are requested to ask their teacher for report cards and instructions. The program is under the supervision of the O. A. C. extension service, O. D. Center, director.

The circular says, "It is hard for an empty bag to stand upright," Franklin. And the suggestion is given, Don't be an empty bag. The office of W. M. Smith, county superintendent of schools, is in charge of the campaign for Marion county.

Transport Mount Vernon Arrives Ahead Of Agememnon

New York, March 11.—The Transport Mount Vernon, carrying 5,784 soldiers and nurses, arrived today from Brest, winning by about eight hours her race with the Agememnon, with 3,372 men, which will dock about 3 o'clock this afternoon.

The Mount Vernon, her first trip since being forced to return to port after being torpedoed last fall, left France on March 4, about ten hours after the Agememnon had sailed. Thirty six hours later she wiggled "farewell" and maintained the lead the lead the rest of the trip.

Aboard the Mount Vernon were 2,674 men and 65 project accounts or assisting your parents in keeping household or farm accounts during the year.

On the Ohioan, which also arrived today, were the following organizations: 348th infantry machine gun company, headquarters second battalion, companies C, G, H, K, L and M and sanitary detachment, 15 officers and 1,316 men; 312 sanitary train detachment, one officer and five men; four casual companies for New York, Iowa and Ohio, officially referred to by Andrew Bonar Law in the house of commons yesterday, will contain a railway, telephone and telegraph lines and pneumatic postal tubes. Its cost is estimated at \$100,000,000 to \$125,000,000. Work, according to the Mail, will be started as soon as the plans are completed. Great Britain and France will share equally in the financing and all nations will be given equal railway rates.

Sir Ernest Moore, member of the engineering firm which built the East River tunnels in New York, says he believes the channel tunnel will be no more difficult than that project, perhaps easier.

Make Baby Coc and Crow

Keep the little stomach regulated and bowels open, the secret of health in infancy, by using

MRS. WINSLOW'S SYRUP

The Infants' and Children's Regulator

that produces such remarkable and gratifying results. Relieves constipation, flatulency, wind colic, diarrhoea, and other disorders. Contains no alcohol—opiates—narcotics—or other harmful ingredients. It is a highly potent vegetable preparation made of the very best ingredients obtainable. Give it to baby and watch the smiles that follow.

ELKS PLAY WILL BE GIVEN AGAIN FRIDAY

All Seats For Tonight's Performance Sold Out By Noon Yesterday

Owing to the unprecedented seat sale for the annual Elks play for 1919, "Officer 666," the Elks are obliged for the first time in their theatrical history to break their iron-and-rod rule and put on a third performance of the play. The third performance will be on Friday evening, March 14, and seats for this extra production of this year's comedy are on sale at the Opera House Pharmacy now. The sale will continue until Friday evening.

When the seat sale for "Officer 666" opened at 9 o'clock yesterday morning there was a double line a block long waiting to make their reservations. The house for tonight was sold out by noon, and shortly after that the capacity of tomorrow night's house was practically exhausted. This in itself would not have induced the play committee

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

DEATH OF TURNER BOY

(Capital Journal Special Service.)

Turner, Ore., March 12.—Robert Rockwell Tracy, the eldest son of Mr. and Mrs. Clinton Tracy, was born Aug. 22, 1896, on the Rockwell farm near Turner. He passed from this life on March 8, 1919, in the beautiful home of Mr. and Mrs. Leonard Walker, near West Stayton, at five p. m. from an accident at 1 p. m. of the same date. He was surrounded by loving friends, his aunt Mrs. E. C. Ball, his brother Comyn, father, mother and Dr. Brewes. Everything was done for his comfort but he passed out.

Rockwell's life was one of usefulness, earnestness and trustfulness, never anything too hard for him to do. He was always contented, loved his home and interested himself in its upkeep, also took a great interest in the welfare of the community, a cherof theg — then the community, a member of the Telephone company since he was 14 years of age and in that line of work when the accident happened.

The funeral was held in the M. E. church at Turner on March 5, conducted by Rev. Warren of Stayton. The beautiful and floral gifts were emblems of esteem in which he was held. He will not only be missed in the home but by the community in many ways.

You will plant flowers—of course!

Make sure of their quality and beauty by planting Morse's California Seeds. All the old favorites, standard varieties as well as the delightful 1919 novelties.

LEON'S TAIL—Long, slender with orange flower. Fine to edge a garden.

CHINESE WOODFLOWER—Immense globe-shaped ornate crimson. Last definitely year.

DOUBLE BLUE CORNFLOWER—The finest blue cut flower these is.

SPENCER SWEET PEAS, Snapdragons, and Dahlias our specialties. Morse has propagated more new varieties of sweet peas than any other American seedman.

Remember—Morse's California Flower Seeds are true to name and guaranteed to the West. Send today for handbook on Sweet Peas Culture and our 1919 Garden Guide—It's free!

Morse's Seeds are sold by druggists everywhere or direct from C.C. MORSE & CO., San Francisco
