SWEATERS

Made of the popular thread silk in colors such that all can find one that will please.

Priced from \$7.50-\$10.90

J. C. Penney Co. Incorporated 197 BUSY STORES

TO STAGE WELCOME FOR BOYS SATURDAY

Stores Will Close And Everyone Will Greet Soldiers At Station.

Members of Company M who arrive in the city Saturday evening will find a joyous welcome awaiting them, even if the returning number is to be only a small portion of the boys who marched in Salem just before going over seas.

At a meeting held this morning in the Commercial club, it was decided to welcome the boys not only with the Cherrian band and members of the G. A. R. and of the Oregon Guard, but that a general invitation be extended to all to take part in the reception.

A telegram was sent to Sergeant Richard Hansen at Camp Lewis this morning, asking whether he could get the returning boys in Portland in time to catch the Oregon Electric Saturday afternoon to arrive in Salem about 6:40 o'clock. As soon as an answer is received definite arrangements will be made.

Address Delivered.

As the matter now stands, as soon as the boys arrive, they will be escorted to the Court house where a short address will be delivered by Justice Lawrence T. Harris. After a general greeting all around, the boys will be permitted to go to their homes. Those who do not happen to have homes in Salem will be properly cared for.

In order that there may be a proper amount of enthusiasm the committee this morning appointed C. B. Clancey as a committee of one to secure an ample supply of horns. Mayor C. E. Albin will see that the baggage of the boys is properly cared for and Mrs. John A. Carson, president of the War Mothers of Salem will arrange that all the boys are properly entertained for dinner that evening.

Blow Fire Whistles.

Fire Chief Hutton has been asked to have the fire whistles blow and arrangements will also be made to have the church bells ring half an hour before the arrival of the boys, to give every one ample time to arrive at the depot when the train comes in. Announcement will be made tomorrow as to whether they come by Southern Pacific or Oregon Electric.

It is also asked that all stores close as soon as the whistles begin to blow in order that employees may be at the depot. Owners of autos are to report to Mayor C. E. Albin to provide for the transportation of the baggage of the returning soldiers.

Not Formal Reception.

This reception is to be just the usual reception to homecoming soldiers and not the formal "Homecoming Reception" to be put on by the War Mothers of Salem. This formal reception will take place in about two weeks at the armory.

Among the Company M boys who are expected to arrive Saturday are the following: Sergeants H. E. Bailey, Willis M. Bartlett, Clifford W. Gordier, Robert A. Fraser, Jacob Fuhrer, Richard O. Hansen, Carl E. Hulstberg and Guy F. Yung; Corporals Frank W. Durbin, Harry E. Fraser, Leroy W. Card, Daniel E. Lawrence, Glenn E. Maurer, Percy Streffler; Cooks Harry Plyant and Emil Sundberg and Mechanic Melvin S. Chandler.

Other members of Company M who are already in the city are: Lieut. L. H. Compton on a furlough of a few days, Lieut. Francis H. Banta, Lieut. Walter L. Spaulding, Eugene Gill and Whitney Gill.

"No More Sleepless nights" -Bathes Internally

Mr. J. B. Burrows, 371 West North St., Decatur, Ill., writes Tyrrell's Hygienic Institute of New York as follows:

"I am still using the 'J. B. L. Cascade' once a week, and find it most efficient for keeping me in fine condition. It acts as a sedative for tired nerves and has been a great help for sleeplessness. I have frequently arisen from bed and used it in the middle of the night with satisfactory results."

The reason for this remarkable result is because the functions cannot work properly when there is accumulation of waste in the lower intestine.

The "J. B. L. Cascade," by the simple process of properly applying warm water, eliminates all this waste and causes the functions to work smoothly and properly.

Over half a million intelligent Americans are now using the Cascade with similar results.

It is the invention of Chas. A. Tyrrell, M. D., of New York, a noted specialist on internal bathing for 25 years. It will be shown and explained to you by D. J. Fry, wholesale druggist and mfg. pharmacist, Salem, Oregon, who will be glad to give you an interesting booklet by Dr. Tyrrell called "Why Man of Today is Only 50 per cent Efficient." This booklet is free upon request. Ask for it today while you think of it.

Trouble Reported Broken Out Again In Dalmatia

London, Mar. 13.—Serious trouble has again broken out in Dalmatia between the Italians and Jugo-Slavs, dispatched to the Exchange Telegraph company reported today.

Jugo-Slavs compelled the Italian flagship to haul down its flag at Trau Friday, it was said. An Italian destroyer was despatched to Trau to obtain an apology and protect Italian residents. At Spalato, Jugo-Slavs clashed with Italian patrols Monday. Serbian soldiers are said to have aided the Slavs. Order was restored by allied sailors.

During a procession of Italians at Tgara, Jugo-Slavs are reported to have attacked the marchers, dispersing only after Italian troops had intervened.

Asher Dies

Portland, Ore., Mar. 13.—James Asher died in hospital this afternoon following the explosion of a boiler in the Corbett office building.

George Uly will not live throughout the day and little hope is entertained for Claude Hoffman, according to physicians. All were employed in the boiler room.
