All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you. You must drive the disease germs out of your blood. Catarrh is annoying enough when it chokes up your nostrils and air pass-
ages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs. This is why you should at once real-
ize the importance of the proper treat-
ment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write today to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

erty theatre has of making it pleasant
for the returning soldier.

Claud Huffman, one of the three
men in the boiler room of the Corbett
building when the boiler exploded yester-
day, died this morning.

two men died yesterday. Mr. Huffman
was the son of Mrs. C. C. White of 401
South Cottage street. As soon as word
was received of the accident, Mr. and
Mrs. White left for Portland. Claud
Huffman attended the Yew Park
school in Salem about 12 years ago.
He was 28 years old and besides his
mother is survived by a wife and son
six years old.

MEU run, \$42 per ton this week. J.
D. Waring & Co.

Judging from the applications to
take the civil service examination at
the post office tomorrow, there isn't
any grand rush to work for the gov-
ernment and get a steady job. Al-
though the examination was pretty well
known to take place tomorrow, there
has been but one applicant.

The Hi Y club was honored yesterday
with talks from Lt. Compton, Sgt.
Harold Eakin and Sgt. Arthur Mc-
Clain, all recently discharged from the
army. Lt. Compton gave a very brief
talk telling the boys how pleased he
was to be back in good old Salem. Be-
fore he left each member pledged that
they would make the Salem Hi Y club
the best of all organizations. "Cy"
Eakin, the former leader and father
of the club talked over old times and
gave the boys some good sound advice.
He has big plans for the club and Sa-
lem Hi may look forward to some big
things from the Hi Y club. Sgt. Eakin
has been stationed at Camp Lewis the
past year. Sgt. Arthur McClain is a
senior at O. A. C. with an Orange 'O'
in both wrestling and track. He will
probably be in Salem until next fall.
While here he pledged himself to back
up Salem Hi Y club in every way pos-
sible.

Stensloff Bros. bought 25 head of
cattle in the Portland market yester-
day for which the average price was
\$140 each. They were purchased for
the Stensloff market here. The sugges-
tion was made that if beef cattle will
bring such prices, the Willamette val-
ley farmer had better line up and get
into the business. The steers were
shipped to Portland from Idaho.

A letter received yesterday from
Senator McNary rather indicated that
he would leave the east for Salem
about April 1. He is now at Birming-
ham, Alabama, where he will visit for
a week or so, and then return to Wash-
ington.

The story coming from Portland
about booze being shipped to Salem in
hot water bottles packed in trunks
sounds wonderful to some of the Salem
authorities, but they cannot quite un-
derstand why the shipper took all the
trouble to put his booze in a hot water
bottle first. The liquid could have
been shipped just as easy in the origi-
nal bottles properly packed and then
placed in the trunk. Anyhow, it never
got any further north than Eugene.

The future of Oregon's industrial
progress depends very largely upon
the position of the laboring class, or-
ganized and unorganized. The most vi-
tal problems of the hour are those be-
tween capital and labor. There should
be wide spread interest in the address
to be given at the state house tonight
by Hon. Eugene Smith, who will speak
on the subject "Valuing our mediocrity."
—advancing some new ideas along this
line. Mr. Smith has made a profound
and far reaching study of the labor
situation, and will speak from a large
experience and observation.

The moon was over the left shoulder
last night and Mars was tangled up
with the Milky Way; hence the basket
ball game between the Willamette
freshman team and the Dallas cadets
"went west" with a score of 30 to 21
in favor of the Willamette team.
However it was a clean, lively game
throughout, the Salem boys making
some very pretty plays. This little de-
fect ties up the two teams, as in a
local battle with the Dallas team a
short time ago the freshmen won by a
score of 28 to 17. The next game will
be with the Woodburn high school
team at the latter place tomorrow.
Monday and Tuesday of next week the
basket ball season will close for Wil-
lamette with a series of games be-
tween the sophomores and freshmen in
the university gymnasium.

Hot Water for Sick Headaches

Tells why everyone should drink
hot water with phosphate
in it before breakfast.

Headache of any kind, is caused by
auto-intoxication—which means self-
poisoning. Liver and bowel poisons
called toxins, sucked into the blood,
through the lymph ducts, excite the
heart which pumps the blood so fast
that it congests in the smaller arteries
and veins of the head producing violent,
throbbing pain and distress, called
headache. You become nervous, de-
spondent, sick, feverish and miserable,
your meals sour and almost nauseous
to you. Then you resort to acetaminide,
aspirin or the bromides, which tempo-
rarily relieve but do not rid the blood
of these irritating toxins.

A glass of hot water with a teaspoon
ful of limestone phosphate in it drunk
before breakfast for awhile, will not
only wash these poisons from your sys-
tem and cure you of headache but will
cleanse, purify and freshen the entire
alimentary canal.

Ask your pharmacist for a quarter
pound of limestone phosphate. It is in-
expensive, harmless as sugar.

If you aren't feeling your best, if
tongue is coated or you wake up with
bad taste, foul breath or have colds,
indigestion, biliousness, constipation
or sour, acid stomach, begin the phos-
phated hot water cure to rid your sys-
tem of toxins and poisons.

cidentally fell into a cellar.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses The Little Liver And
Bowels And They Get
Well Quick.

When your child suffers from a cold
don't wait; give the little stomach,
liver and bowels a gentle, thorough
cleansing at once. When cross, peev-
ish, listless, pale, doesn't sleep, eat or
act naturally; if breath is bad, stom-
ach sour, give a teaspoonful of "Cal-
ifornia Syrup of Figs," and in a few
hours all the clogged-up, constipated
waste, sour bile and undigested food
will gently move out of the bowels,
and you have a well, playful child
again.

If your child coughs, snuffles and has
caught cold or is feverish or has a
sore throat give a good dose of "Cal-
ifornia Syrup of Figs," to evacuate
the bowels (no difference what other
treatment given).
Sick children needn't be coaxed to
take this harmless "fruit laxative."
Millions of mothers keep it handy be-
cause they know its action on the stom-
ach, liver and bowels is prompt and
sure. They also know a little given to-
day saves a sick child tomorrow.

Ask your druggist for a bottle of
"California Syrup of Figs," which
contains directions for babies, children
of all ages and for grownups plainly
on the bottle. Beware of counterfeits
sold here. Get the genuine, made by
"California Fig Syrup Company."
