How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

Revenue Officers At Loss How To Combat Brewers

Washington, March 19.—Avenue officers were frankly at a loss today as to how to combat the move of New York brewers to resume manufacture of beer containing 2.75 per cent alcohol. If such beer in intoxicating, it is illegal to make it, under the government order against using foodstuffs in the manufacture of intoxicants. Brewers say 2.75 per cent beer is not intoxicating.

Overlapping of authority of various government war agencies promises serious difficulties for the internal revenue bureau in determining what constitutes intoxicating beverages. Multifarious orders, proclamations and laws combine to make the question of beer production one of vital importance in the whole structure of war time prohibition, officials declared today.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry, is promptly prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membrane. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. PIPE ORGAN IS READY FOR OPENING NIGHT

Raymond Ballard To Operate
Big Instrument At Oregon Theatre.

The one feature needed to give Salem a photoplay house of metropolitan character has just been installed at the Oregon theatre and that center of attraction, already established in a broad popularity, will gain a fresh grip on public favor. Manager Chas. O. Kupper with a lavishness of expense that some might consider reckless, has replaced his ordinary pipe organ with a fine modern Wurlitzer unit orchestra, which comprises a pipe organ with a combination of 26 distinct musical and noise-making attachments—a veritable marvel of ingenuity in construction and requiring an all-round genius to manipulate to its capacity.

This instrument is provided with a bewildering array of electric connections, so that with the touch of a finger or the pressure of a pedal the operator can produce an imitation of the human voice, mimic the song of birds and the vocal efforts of dogs and other animals. This gives it a range of expression that is almost infinite, and it only depends upon the versatility of the performer to bring it out. The player has only to make a preliminary study of the film to be produced, then make up his program of musical selections to be rendered, and as the film is run he injects into every change of the scene the particular sound which belongs to it.

Scenes to Have Proper Music. Hereafter, then, the patron of the Oregon will have his love scenes served up with an accompaniment of night-wash through the honey-suckles, the wash of waves upon the beach, the strains of a guitar played in the moonlight, the thrill of a mockingbird

ORGANIST RAYMOND BALLARD

among the orange blossoms, etc. On the other hand, the heavy tragedy will have the pistol shot, the sardonic laugh, the policeman's whistle, the gallop of horses hoofs, and all the gruesome things thereto pertaining. The performer has at hand everything in the music world from the aeolian harp to the crash of a full orchestra, with a huge xylophone on the side. He commands all the sounds of nature, from the crash of thunder to the "laughing water" of a cascade. There is the solemn sanctity of cathedral chimes and the wild orgy of the East Indians dance.

Tonight, in a preliminary recital of fifteen minutes Organist Raymond Ballard, who during the past seven years has been playing these instruments in some of the greatest theatres of the country, will demonstrate to his audience the full capacity of the instrument, and at the same time will demonstrate that he is a consummate artist in his line. To make it a full evening of enjoyment, the concert will be followed by a run of pictures of unusual attractiveness.
