Hard Surface Road Assured Polk County This Year

(Capital Journal Special Service.)
Dallas, Or., March 26.—The state highway commissioners met this afternoon with the Polk county court and a large number of representative citizens at Rickreall and assured the gathering that if the county court would get the road in shape between this city and Salem in the near future the roadway would be surfaced this year. The commissioners also stated that they were anxious to begin the hard-surfacing

of the roadway running north and south through the county and that the work would be taken up as soon as the road bed was placed in condition. The route as it now stands will probably be through Holmes Gap to Rickreall thence to Monmouth and Independence leaving Dallas on a stub from Rickreall. This route is not the one voted for by the people in the special election two years ago, but one which the commissioners think will serve the greater number of people.

The improvements will bring joy to the heart of many Polk county people who never made the fact that the road between Dallas and Salem will be

hard-surfaced before another winter is good news inasmuch as the road has been practically impassable several times during the past winter on account of the roadway breaking through due to the hauling of heavy loads over it with trucks.

Albert Enns of Perrydale Arrested.
Dallas, Or., March 26.—Albert Enns, a prominent young man of the Perrydale community, was arrested and brought to Dallas, Monday afternoon by Sheriff John W. Orr to answer a charge of having entered the P. H. Flannery home at that place and stolen way saving stamps to the amount of \$200. Enns denied any knowledge of the crime when first questioned by the sheriff but after a search of his home had been made and the stolen property located in a fruit jar in the pantry, he admitted the theft.

The robbery took place sometime Saturday while the Flannery family were away from home. An automobile truck was the only clue the sheriff had to work upon but it was traced to the Enns home where the young man was apprehended.

In a hearing before Justice of the Peace John R. Sibbey, Enns pleaded guilty and was bound over to the next term of the grand jury.

Ends Stubborn Coughs in a Hurry
For real effectiveness, this old home-made remedy has no equal. Easy and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Any one who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, known as the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

PUT CREAM IN NOSE AND STOP CATARRH
Tells How To Open Clogged Nostrils and End Head-Colds.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through in every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable!

Ailes Will Make "Food Offensive" On Red Menace
By Robert J. Bender.
(United Press Staff Correspondent.)
Washington, March 27.—A food offensive in territories threatened by bolshevism will be one of the first steps taken by inter-allied authorities to meet the red menace, according to officials here.

Events have shown, it was declared, that when President Wilson signed congress the \$100,000,000 food bill must pass if bolshevism was to be checked, he correctly sensed the situation. While delays in food shipments have resulted, there is no doubt if proper cooperation can be secured, to feed countries endangered and stop the bolshevist tide, it was believed here today.

The economic situation continued to hold the attention of what few promi-
