Ministers Urge Thursday Nights Be Kept For Church

Members of the Minister's Association of Salem at their weekly meeting held today noon, passed resolutions suggesting that in arranging dates for general functions that Thursday evening be avoided.

Thursday evening of each week has been set aside by the churches as prayer meeting evening, and the ministers take note of the fact that there is a little inclination to select this evening for general affairs in which church people are asked to participate.

The resolutions passed today as follows:

"The first day of the week is recognized as a day of cessation from ordinary labor and a suitable time for the conversation of the people for the public worship of God. As this is generally understood, there is rarely any interference with such worship.

"The churches usually invite their members and others to meet one evening in each week also for worship and religious culture. In this community the evening of Thursday has been tacitly agreed upon for this mid-week meeting.

"The Minister's Association of Salem, with great satisfaction, records the fact that until recently, there has been but little infringement upon this stated time of worship by those charged with arranging other meetings.

"The association ventures to suggest that those who plan for public functions which church people are desired to attend, and for which favorable notice from the pulpit is expected, be careful to fix the time of such public events at an hour which will leave church people entirely free to attend public worship on Thursday evening.

"H. J. TALLENT, Secretary.
"H. N. ALDRICH, Chairman."

PITTOCK ESTATE BIG

Portland, Or., March 31.—The late Henry L. Pittock, publisher of the Portland Oregonian, left an estate valued at \$7,894,778, according to the report of the appraisers which was filed today.

TARZAN OF THE APES WAS READY TO DEFEND HER WITH HIS LIFE

A lovely anticipating public is awaiting the opening performance of "Tarzan of the Apes." The book and story had more readers in this city than any other fiction document, and anyone who has read the book cannot help rushing to the film production of it. It is without doubt the most unusual tale, the most weird series of adventures and the most sensational and scorching in character of all the many tales of the dark and wild jungles ever conceived. The New York American says it registers the highest ability and each one is greater than the other. Coming to Ye Liberty for four days starting next Wednesday, April 2.

PEACEFUL SOLUTION OF DANZIG PROBLEM LOOKS POSSIBLE NOW

Berlin Hopeful Of Holding Situation And Preventing Break.

By Frank J. Taylor (United Press staff correspondent)
Berlin, Mar. 30.—Hope grows in official circles here today that the Danzig question would be settled without a break with the allies. The news reports approve the proposal for further negotiations with the allies regarding their demand that Polish troops be permitted to land at Danzig. Marshal Poch is said to have extended the invitation for a plenipotentiary to meet him at Spa to discuss this matter. The strike at Essen is increasing more than forty thousand workers, under Poch's leadership, are demanding a general strike throughout central Europe.

Berlin, Mar. 31.—The German government has decided to send Matthias Erzberger to Spa to confer with Marshal Poch regarding the Danzig situation, according to a Berlin dispatch today.

Foch May Use Force
London, Mar. 31.—The Berlin correspondent of the Mail said today there is good reason to believe Germany will give way regarding the Danzig question if the allies will agree that Polish troops shall not actually remain in Danzig pending the establishment of peace.

London, Mar. 31.—The Evening News today it was reliably informed that in the event of German refusal to sign the peace treaty Marshal Poch has been authorized to order a general advance by the allied armies along the Rhine.

FIREMEN-SOLDIERS MAY GET JOBS BACK

Council To Consider Proposal To Reinstate Volunteers.

At the meeting of the city council to be held this evening a resolution will be introduced as follows:

"That all employees of the fire department who were in the military service, upon receiving their discharge, shall if they so desire, be restored to the position with the fire department formerly held by them at the salary they would have received had they remained continuously in the department."

Another matter of business that requires immediate action by the council is that of a speed ordinance for the city. In the automobile license bill passed by the last legislature, there was a section that repealed all ordinances passed by cities regulating speed but at the same time permitting cities to pass speed regulating ordinances.

H. W. Macy, city attorney, has drawn an ordinance again placing the speed limit in the fire district at 15 miles an hour 10 miles while passing school houses while school is in session and 20 miles an hour in the residence districts.

Soliciting funds will be prohibited in the city or the selling of tags to get money, if an ordinance to be presented this evening finally becomes a law. The ordinance was drawn at the suggestion of H. H. Vandervoort, alderman from the second ward.

The ordinance provides that all persons, clubs, societies, associations or organizations shall be prohibited from selling tags or soliciting funds upon the streets of Salem, unless the written consent of the mayor has been secured. In case a permit is given by the mayor he is to notify police headquarters.

There was just a suspicion among several of the aldermen that this all around soliciting for funds and the tag day proposition should be restricted. When the ordinance finally becomes a law, it will become necessary to see the mayor first in case the business district is to be solicited.

RATE PROTEST STARTED

Portland, Or., March 31.—Commercial interests of the city are today endorsing a proposal to unite in a vigorous protest against the 20 per cent increase in telegraphic rates and demand an investigation of the alleged necessity for the advance. There is strong sentiment here for materially cutting down on the use of telegraph wires by all business interests.

MANY KILLED IN COAL MINE EXPLOSION TODAY

Thirteen Men Entombed In Shaft; Two Bodies Recovered.

Aguilar, Colo., Mar. 31.—Two dead bodies were taken out of the Empire coal mine where thirteen miners were trapped by an explosion today. Both victims were badly scorched and gassed, reducing the chances, according to rescue crews, of the remaining eleven entombed men being found alive.

Aguilar, Colo., Mar. 31.—Twelve or thirteen men were entombed in the Empire coal mine here today by an explosion. More than a score of miners escaped uninjured. Several first aid crews from neighboring mines have arrived on the scene and are working desperately to reach the men cut off.

J. W. Siple, Denver, owner of the Empire mine, stated this afternoon that no sign or sound has been received from the entombed men. However, with no evidence of flames in the tunnel and the air fan now working rescuers had not abandoned hope that the men might be found alive.

MOTHERS
Should see that the whole family take at least 3 or 4 doses of a thorough purifying system cleaning medicine this spring. Now is the time. The family will be healthier, happier, and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system, driven away. Hollister's Rocky Mountain Tea is one of the very best and surest spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. D. J. Fry.

Trophy Train Scheduled To Reach Salem Wednesday

The trophy train to be shown in Salem next Wednesday afternoon from 1:45 to 4:45 o'clock, as a part of the publicity work for the coming liberty loan will give the people of Salem and vicinity an idea of real war materials.

The train is officially designated as the Northwest War Trophy train and while being shown in the state will be accompanied by Bert E. Henry, U. S. district attorney; Walter H. Evans, Judge J. P. Kavanaugh and Arthur C. Spencer and others.

The heavy artillery pieces will be explained by soldiers who gained their knowledge on the battle field. The French mosquito tank will be exhibited by a Portland man who served with the "Tom Cats" on this type of machine.

In order that all may have an opportunity to see this wonderful exhibit, it is probable that through the Business Men's league, stores in the city will be asked to close for an hour or so and also that the schools will be asked to declare a half holiday.

F. G. Deekbach, county chairman of the Victory Liberty loan, announces that he has appointed Fred Mangis, drill instructor of the high school cadets, and Captain Leroy Hewitt, of Company M, to serve with the police in handling the crowds. As this trophy train is the greatest, was exhibit ever shown in the west, it is thought that fully 10,000 people from outside points will be in the city. To handle the crowds, Cherrins, high school cadets and members of Company W will be asked to serve.

Mr. Deekbach announces that efforts will be made to have plenty of music and that the Cherrins band will be asked, as well as the high school band, the Rosebud band and the Chemawa band.

The train entered Oregon March 30 and will first be shown at Klamath Falls. On Wednesday of next week it will first be exhibited at Corvallis, then Albany, then Salem for three hours; Woodburn at 5:30 o'clock, Hubbard, 6:30; Aurora, 8:45; Canby, 7:15; Oregon City, 10 o'clock, and all day Thursday at Portland.

It is not definitely known where the train will be stationed in Salem, but it is thought that the racks of the Southern Pacific on Trade and Commercial streets, near the S. P. freight house will be most available.

Dutch Indies Trade Club Luncheon Topic

At the noon day luncheon of members of the Salem Commercial club held at the Marion hotel, A. H. Metzelaar, vice-consul Netherlands, told of the wonderful trade possibilities with the Dutch Indies.

European countries are in no position to take the trade from the United States, he said, provided the business men here go after the business. European labor he thought would be much better than in the past. He suggested that business firms looking toward trade with the Dutch Indies, should cooperate with the state chemists vs. commerce.

E. A. Clark, Portland manager of the Salem Kings Products Co., told of the wonderful possibilities within the next few years for this part of the valley. If his company was assured that the farmers would produce such fruits and vegetables that his company wanted and in large enough quantities, he felt confident that the Salem plant would be enlarged to four times its present capacity.

Ben Selling of Portland spoke in favor of the Armenian Syrian relief drive. He said that he first became interested in these people from the fact that they were fighting and dying for a principal.

At today's noon meeting and luncheon, 45 members of the Commercial club were present. These noon day luncheons are held weekly for a general discussion of the problems of the club and it also has outside speakers on subjects of interest to the club's work.

Supreme Court Denies Debs Re-Hearing; Last Hope Gone

Washington, March 31.—The supreme court today denied Eugene P. Debs' application for a rehearing of his conviction under the espionage act. The court, several weeks ago, affirmed Debs' conviction and sentence of ten years in the penitentiary for utterances in a speech at Canton, Ohio.

The ruling today cuts off for Debs any further hope of freeing himself through the court. He must now either serve his sentence or depend upon executive clemency.

Movement To Unite All Church Creeds

New York, Mar. 31.—A league of churches for the protection of the world's faith, to combat bolshevism and to combine 41,000,000 church members of the United States into a brotherhood for inspired public service is the object of a campaign being started today.
