

How Much is 1^c

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Royal Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

Local Labor Bureau Office Has Strong Demand for Men

If out of a job, one should apply to the U. S. labor bureau on Liberty street just south of the Salem Bank of Commerce. The call this week is for farm hands and the wages offered are \$2 a day for short time laborers and from \$40 to \$50 a month for those who intend to stay. This of course includes board and lodging. Mill City sent in a call for six men, to work in a saw mill at 40 cents an hour. "Wood bucks" are wanted by the Willamette Valley Lumber company for the Black Rock camp, and these men are offered 45 cents an hour. The hop yards are calling for laborers, and the wages offered are 30 cents an hour and keep yourself. This is based on about the same pay as the farm laborer at \$2 a day and keep. The employment bureau can give employment for two janitors. As house

keepers in the rural district, three women are wanted and they will be paid from \$25 to \$30 a month. Just at present the bureau has not been able to fill all calls for farm laborers.

School Taxes in Marion Show Wide Variation in Districts

When it comes to taxes levied for school purposes in Marion county, the levy runs all the way from 60 cents on every \$1000 worth of assessed property in the Pleasant Point school district to the highest in the county, \$20.50 on every assessment of \$1000 at Scotts Mills. From the lowest assessment of six-tenths of a mill in the Pleasant Point district, other districts with a low school tax are the Belle Pass and Detroit districts, each with a levy of seven-tenths of a mill. Taxpayers in these two districts have only 70 cents to pay on each \$1000 assessed. Other districts that have a low school

Phonetic Spelling Favored By Librarians—Makes Spelling Easy.

Miss Cornelia Marvin, state librarian, has a number of highbrow literary friends in the east who are advocates of phonetic spelling. In fact, it is the librarians back east who are inclined to favor spelling according to the natural way instead of that found in the old Noah Webster blue back spelling book.

These highbrow librarians not only believe in phonetic spelling but occasionally practice what they preach. At a recent meeting of librarians, held at a resort in the Adirondack mountains, the proprietor of the resort was in sympathy with the new idea of spelling and so much so that he had printed in phonetic all menus during the special session.

One of Miss Marvin's literary friends was kind enough to send one of the menus and also the program for the day.

Now when it comes to the evening program with a recital by a symphony sextette, the program reads: "Recital by Boston symphony sextet. Laquesy music room." It reads quite easy. Other information is as follows: "Arrangements have been made with the school to furnish caddies. All guests bills must be paid to the cashier. Put a stamp on your magazine and send to soldiers."

The menu for one of the evening suppers at Lakesy included the following: "Sausaj omelct and egg to order. Cold ham or Turki or Pikid suklt. Letis salad mayonnais. Celeri salad French dresin."

Other good things to eat via the phonetic route were as follows: "Rolz, raizin gcmz, preservd pears, spys cake, fresh pynapl," and best of all, "Cotzi chez with krakerz."

Men who have had some army experience or have served in the navy are especially wanted and these men can enlist for one year. The pay and allowances are the same as during the late war.

All men accepted in the northwest are to be sent to the San Francisco recruiting depot.
