The skirt is quite long and tight enough to require a three-inch tuck, unstitched from knee to hem to help it out. The suit is of navy material.

Mutt and Jeff Are Coming To Salem

An opportunity for universal rejoicing which invariably attends the announcement of a new Mutt and Jeff play will all probability be enhanced by the fact that these two renowned personages of cartoon fame are to appear at the Grand opera house, Wednesday, April 9. On this occasion the locale of their latest exploits and frolics is the Golden West, which would open a valve to endless opportunities for some of the best fun the public has seen able to witness in many a day. Critics all over the country have proclaimed the production one of the best that Manager Gus Hill has arranged since he took the pair of popular, "Bud" Fisher comics and presented them upon the stage. For three acts they are permitted to run riot with the gamut, and the result of their antics and foolery forms almost three hours of irrepressible merriment, mirth and undiluted laughter. From start to finish the auditor is thrown into the very pits of side-splitting merriment. In fact one is bound to laugh whether they wish to or not—quite an achievement in these days of fast changing fashions and serious conditions.

MADE BY SCIENCE TO WEAR WELL

"It looks as if the shoes with Neolin Soles I am using would last another six months. I have worn them two years," says Clarence J. Bloeker, of St. Louis, Missouri.

This is extraordinary wear even for Neolin Soles. But because they are made by Science to be especially tough and durable, all Neolin Soles wear a long time. And shoes soled with them are a real economy.

Buy Neolin-soled shoes for yourself and for the whole family. You can get them in many styles—at prices that are no higher than on shoes that give only ordinary wear. Have your old shoes re-bottomed with Neolin Soles, too.

These soles are noted for their comfort and waterproofness, also. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who make Wingfoot Heels—guaranteed to outwear all other heels.

THEFT OF BIG SEWER DITCHER LAID TO DAY

Brooks Avenue Resident Accused Of Dismantling And Selling Machine.

Stealing a large sized sewer ditcher, that originally cost perhaps \$5,000, and which had been placed on Front street about four years ago after the work of ditching and digging sewers in north Salem had been completed, is the charge placed against Frank Day. He lives with his several dogs in a shack on Brooks avenue.

As such a large piece of machinery could not be very well sold at once, it is alleged that Mr. Day has been gradually wrecking the machinery and selling parts to the junk man. Finally the junk dealer inquired of Day as to why he should not sell the entire machinery, and it was about this time that the junk man thought something might be wrong, and reported the matter to the police.

Day claims that the sewer digging machine had been given him by Mr. Gordon four years ago when the work in North Salem had been completed. Mr. Gordon, lately died, and the estate was placed in the hands of a Mr. Jacob

The cause of the accident is unknown, but it is believed to have been due to compressed air or a leak in the gasoline tank.

STATE HOUSE NEWS

A dozen contracting firms were represented in the office of the board of control this afternoon, submitting bids on the construction of a boys' dormitory and a hospital dormitory at the boys' reformatory. Stiel, \$39,827; Stewart & Engstrom, \$31,418; Snook & Traver, \$31,800; L. C. Denny, \$34,998.53; Erickson & Jones, \$34,455; Parker & Banfield, \$35,928. A complaint has been filed in the office of the Public Service commission by the city of Salem, calling attention to the crossing of the Salem-Palla City railroad track near the intersection of Union and Capitol streets. It cites the fact that a row of two story frame buildings on the west side of Capitol street, extending north from Union, shuts out the sight and sound of approaching trains from drivers of vehicles, thus making possible such accidents as have already happened several times at this point. The city demands that the company establish a suitable warning signal of some modern type at that point.

Lane county prosecutions cost a total of \$3092.72 during the quarter just ended.

Collections on the 1918 tax roll in Astoria for the past week aggregated \$44,372.20.

Miss Cornelia Marvin of the state library, has just received a letter from the Portland branch of the American commission for the aid of devastated France, stating that as one feature of their work they are endeavoring to secure materials for the manufacture of 5000 old fashioned rag rugs for the new homes which are to be built in the destitute area. The women of Oregon are appealed to for donations of carpet rags, neatly sewed together and wound in balls, to be sent the committee's rooms at 602 Platt building, Portland. The appeal cites the fact that there are 350,000 ruined homes in France.

Sergeant George L. Tuel, now acting in a clerical capacity with the American commission in Paris, will probably have the distinction of being the first soldier to have his name presented to the new Oregon land settlement commission, which will probably meet for organization in Salem in the near future. Sergeant Tuel has written to Governor Oleott stating that he is desirous, upon his return, to bet back to the land and declares to the governor that he will be doing him the greatest favor in the world if he can help him in any way to get started on a farm. The governor will hand the communication over to the land settlement commission when it meets here for organization. Under the land settlement act soldiers, sailors and marines are to be given preference over all others.

At the request of Governor Oleott, Frederick W. Miley of Portland has agreed to resume his place as a member of the soldiers' and sailors' commission. It is understood there will be a meeting in Portland tomorrow at which time the commission as now constituted will organize. Mr. Miley was chairman of the commission before he resigned a few days ago, and is

thoroughly familiar with the details of the work, having devoted considerable time and attention to it. In addition to Mr. Miley the personnel of the commission as it now stands includes Harry Anderson, Judge John H. Stevenson, John M. Court and H. D. Kilham, all of Portland.

Governor Oleott has appointed C. M. Laughridge, for a long term of years county clerk of Gilliam county to the position of assistant in the office of Deputy Secretary Sam A. Kizer, who has been carrying a heavy load of clerical work. Mr. Laughridge has been very active in various organizations in his section and is recognized as being well qualified for this official position.
