HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."

—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

Captain Fred Mangis, of the Cherrians announces that the first drill of the Cherrians will be held at 7:30 o'clock this evening at the old armory, known as the city hall. Attention is called to the place of drilling as heretofore it has been customary to assemble at the armory on Perry street.

In addition to others passed, a committee including Ralph Putnam, Mrs. H. Overton and G. A. G. Moore, members of the Marion county Sunday school convention, submitted resolutions expressing thanks to the First Christian church of this city for the entertainment it had given delegates, calling especial attention to the decorations of the church. Also thanking all speakers, especially Dr. Sterling Barner and Dr. John R. Hoyt for his presentation of the "Daily Vacation Bible School." The resolutions also put on record through the convention a commendation of any practical action that might be taken by the Salem Sunday school association in regard to establishing a vacation Bible school in the city. Commendation was also given in the resolution, passed on the action of Oregon cities observing the Lord's day by closing certain commercial interests. Other cities were asked to likewise enact ordinances providing that pool halls and moving picture shows be closed.

The Postoffice Bulletin, published in the interest of all post offices, in the issue received today in Salem, includes the following: The U. S. geological board has rendered the following decision: "Calif." to be the abbreviation for California instead of "Cal." The postoffice department has been laboring several years with the difficulty of distinguishing between "Cal." and "Cal." and appealed to the U. S. geological board to provide a way out. Hence when one is addressing a letter to California and wishes to abbreviate, it should be written "Calif."

Ever since the new daylight plan went into effect, the town clock has been on a strike. On the Saturday morning before the clocks were turned forward the clock stopped. And since then it has been from four to five minutes slow. Attention was called to the delinquency of the court house clock by a party who almost missed a train, depending on the reliability of the clock in the past.

The Red Cross auxiliary of Eastern Star will hold an all day session tomorrow, according to an announcement telephoned to the Capital Journal of

Resinol
for that skin eruption
— Quick relief

If your skin burns and itches incessantly—if your hands are chapped, sore or bleeding—don't suffer another minute's annoyance—simply anoint the tender parts with Resinol Ointment, and all the itching and soreness usually disappears.

Quicker results are generally obtained by first bathing with Resinol Soap. In extreme cases assist doctor with the ointment and bandage before retiring. At all Druggists. For free samples write Resinol, Baltimore, Md.

AUTO POPULATION OF CITY AND COUNTY BIG

Salem And Vicinity Believed To Lead State in Motor Vehicle Figures.

While absolute proof is not at hand, it has frequently been asserted that no city in the state has a greater number of automobiles to the population than Salem, and so county a bigger collection of rubber-tired vehicles than Marion. Probably this fact could be demonstrated by a sifting out of the figures from the automobile department in the office of the secretary of state, which go to show that there has been a phenomenal increase in the number of new licenses issued during the first three months of 1919.

Many New Registrations.

The quarterly report shows that there have been 7920 new registrations of all descriptions from all parts of the state during this period, while there have been 31,963 renewals of licenses. These registrations produced \$417,316 in revenue as against \$329,738 for the same period last year.

Salem Dealers Do Share.

The report shows that there have been a total of 66,897 registrations from all sources thus far this year, representing \$453,723.50 in revenue, as against \$337,232 in 1918, and \$196,787.50 in 1917. The total number of automobile transfers for the three months as of 2944 as against 1298 in 1918. Based upon this ratio of increase all along the line it is believed that the total registration of motor vehicles for the year will reach 75,000 as against 63,324 in 1918. If this maximum is reached the revenue derived will amount to approximately \$500,000. Certainly the Salem dealers are doing their share to bring about this result, for carload after carload is going through the local agencies, frequently a consignment being sold out before it is unloaded from the car.

CITY NEWS

The Y. M. C. A. cabinet of nine Oregon colleges will be guests of Willamette university from Friday evening until Sunday evening. The meetings will be held in the university chapel.

Returned soldiers of Marion county will be interested in the following ruling recently announced by the war department with regard to their personal equipment, it having been arranged that they shall retain the following articles: Overseas cap (for men with overseas service, hat for others), olive drab shirt, woolen coat and ornaments, woolen breeches, one pair shoes, one pair leggings, one waist belt, one slicker and overcoat; two suits underwear; four pairs stockings; one pair gloves, one toilet set, one barrack bag, gas mask and helmet (for overseas men only). Soldiers who have already turned in their equipment, are authorized to redraw them by applying to the director of storage in this city.

The transport steamer Arizonian, which recently arrived at New York, brought detachments of the 337th infantry and of various aero squadrons, among which were the following boys from Salem and the Willamette valley: Robert C. Schribering and Oliver Mathews and Chester T. Moffitt, of Salem; Andrew M. Gribble, Aurora; Wm. M. Ashbahr, Hillsboro; William Sestak, Stayton; William Davis, Eugene; Sergeant Henry W. Sims, Eugene; Theo C. Richter, Amity; Merle

Died
VANDERHOFF—At Sparks Nevada, February 4, 1919, Minnie, beloved wife of Alvie Vanderhoff, of 433 South 19th street, Salem, Oregon. Besides her husband, she is survived by her parents, Mr. and Mrs. William Abraham, and one sister of this city, two brothers in Washington and one sister in Illinois. The remains will arrive in Salem, Monday night at 7:45 in care of the Terwilliger home, and funeral announcement will be made on the arrival of the sister from the east. She was a member of Silver Bell circle No. 43, W. O. W.

The formation of a Veterans' club to include all Clatsop county men who wore the uniform in the world war has been started at Astoria.

IDEAL heat renews old homes

Remodeling of buildings should begin in the basement. Next time you see alterations being made, note what material is saved—or thrown out! You will find the tin and sheet iron heating devices go to the dump heap—but you never see IDEAL Boilers and AMERICAN Radiators thrown out that way. They make a building always new—and never wear out or lose efficiency. When IDEAL heated buildings are remodeled, extra sections and more radiators are added to furnish the additional heat needed—the building stays in the same desirable class for rental or sale. IDEAL Heating Outfits are, therefore, a long-lasting investment—not an expense!

AMERICAN & IDEAL RADIATORS & BOILERS

These outfits guarantee you a lifetime of heating comfort and fuel economy!

IDEAL Boilers and AMERICAN Radiators change any house into a home. Comfort at a turn of the valve.

IDEAL Boilers and AMERICAN Radiators enable you to get not only the greatest possible volume of heat and therefore the utmost value from your coal, but these outfits guarantee perfect distribution and control of that heat! No "cold side" to the house. No drafty floors!

The greatest money saver in a building is IDEAL heating

If you have a building to rent or to sell, you'll find it a splendid talking basis to say: "It's heated with IDEAL Boilers and AMERICAN Radiators." It means that the tenant will be glad to pay 15% more rent because of the comfort, health protection, convenience, cleanliness, and fuel economy he will experience, or in selling you get back the full price paid for the outfit, which does not rust out or wear out.

Don't go through another Winter without remodeling your home, store, flats, shop, school, or church to the extent of enjoying the comfort and fuel saving of IDEAL-AMERICAN heating! Put quickly in old or new buildings. Ask for free book "Ideal Heating." Let us serve you now.

Built-in, genuine Vacuum Cleaner—iron suction pipe runs to each floor.

We also make the ARCO WAND Vacuum Cleaner connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-bucket in cellar. No dragging around a clumsy, inefficient portable cleaner—instead, you have a practical outfit that is part of the building—like radiator heating. Ask for catalog—it does not obligate you to buy.

AMERICAN RADIATOR COMPANY

Public Showrooms at Chicago, New York, Boston, Providence, Worcester, Philadelphia, Pottsville, Newark, Wilkesbarre, Baltimore, Washington, Richmond, Albany, Syracuse, Rochester, St. Paul, St. Louis, Kansas City, Des Moines, Omaha, Denver, San Francisco, Los Angeles, Seattle, Spokane, Portland, Toronto, Brantford (Ont.).

A No. 4-21W IDEAL Boiler and 422 Ft. of 38-in. AMERICAN Radiators, costing the owner \$345, were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include cost of labor, pipe, valves, freight, etc., which vary according to climatic and other conditions.

D. Gibson, Eugene; William J. Russell, Eugene; Samuel O. Gribble, Aurora.

A new kink in the law was brought out when Fred Day, who was arrested for stealing the old sewer digger left on North Front street, offered to put up as bail money, money which he had received for selling the digger to the junk man. The charge against him was obtaining money under false pretenses. Inasmuch as the charges against him was for obtaining the money under false pretenses, the court ruled that it could not inquire as to where he got his bail money. He was bound over to the grand jury in the sum of \$175 and he put up this amount of cash bond.

Due to the fact that a boat is not available on May 2, between Portland and Champeeg, it is probable that the 70th anniversary celebration at that place will be held on the following day, Saturday, May 3. Judge D'Arcy, who is president of the Champeeg association, says that arrangements are now being made for one of the river boats to carry Portland passengers to the Champeeg landing and that the celebration this year will be a big affair.

W. M. Smith, county superintendent of schools, is sending out this week to the rural schools another announcement in regard to the prizes to be offered for the best essays on "Thrift." This is all in line with the campaign to be put on to encourage everybody to buy War Savings stamps this year in order that Marion county may make a better record than last year when it secured but 80 per cent of its quota. A \$5 War

Saving stamp will be paid to the boy or girl who will send to Mr. Smith the best story on an unusual method of making money. Another \$5 will be awarded to the writer of the most ingenious or original of making money and still another \$5 for the best story of the hardest work performed, which is to include an account of the time put in and kind of work done. There are ten prizes of \$1 each for other stories, all along the line of telling how money was made with which to buy stamps. All letters must be sent to Mr. Smith by October 1. Announcements of winners will be made about October 15.

Paul Stege writes friends here that with his wife he is taking an automobile tour in southern California and Mexico. He writes that while he has not seen a bull fight yet, that he really has taken a ride on an airplane and went up about 3000 feet and that on his way home from the sky, took a straight drop of 1000 feet down.

At an open meeting of the Salem Trades and Labor council in D'Arcy hall tomorrow evening the proposed plan of conciliation and arbitration will be discussed by prominent trades unionists and others. Much interest in this subject has been shown by those interested in organized and unorganized labor, business men and manufacturers. No set program has been prepared, but all are invited to attend and participate in the discussion. L. J. Simons will preside at the meeting, Pascal Tragio is chairman of the committee on arrangements, while Labor Commissioner Gram and Industrial Accident Commissioner Marshall will offer some well directed thoughts on the various phases of the problem of conciliation.

Letters may now be sent to Esthonia by way of England, according to information received this morning at the post office. For the benefit of the high school student who never heard of Esthonia or the Esthonians, it may be said that they live in a part of Russia of which Reval is the principal seaport, and that the country is just south of the gulf of Finland, and that the gulf of Finland is part of the Baltic sea.

The final payment of part of the \$8 due each school district in the county known as the county school fund was made today by W. M. Smith, county superintendent of schools, amounting

to \$13,387.20. The total number of pupils in the county between the ages of four and 20 years is 12,152. The last legislature passed a law providing that all district funds be handled thru the county treasurer, and hence this is the last payment of the kind that will be made from the office of the county superintendent. The new law goes into effect May 29. Also the law providing that no district shall pay a teacher less than \$75 a month.
