late hour, and was greatly enjoyed by all present. Excellent refreshments were served.

While in Portland last week J. A. Henderson purchased a set of benches and tables for use in his confectionery in serving ice cream. He is putting his room through a course of improvement, which when completed will make him a neat place of business.

Telegram were received here Friday announcing the safe arrival in New York of Will Skatka and Geo. Boodigheimer, from service for Uncle Sam overseas.

A party in honor of Mrs. Esther Baker of Wapato, Wash., was held at the home of her parents, Mr. and Mrs. Wm. Nendel, Friday evening. Quite a gathering of friends were present and a very pleasant time is reported.

James Leroy Mielke, who has been employed in Portland for some time, was home for a visit. He was sick with influenza during the epidemic, and has since not been feeling very husky, so decided that a visit home and some of "ma's" cooking might be beneficial. He returned to Portland Sunday.

Mrs. Ellen Caldwell has come to Mill City for a visit.

J. W. Mayo has been in Portland on business for several days.

A number from here went to Salem to see the war trophies.

William, son of Henry Smith, writes that his cousin, Wallace, is on his way home from Siberia, via the Philippines. Bill says that he hopes to get away from that country soon, but may have to remain there two years.

Mrs. Horace Lill is in Corvallis, where her father is quite ill.

Mrs. M. Hirscheff and daughter, Miss Minnie, are visiting in Astoria.

FUTURE OF GERMANY

ability of War Minister Neugebore to prevent a general uprising and end the communist in Bavaria. The people apparently are not so confident. Dispatches from Munich today reported that all political factions have united in support of the new government.

The general strike continues to grow

in other parts of the country. It was announced that more than 400,000 workmen are now affected in the Essen and Düsseldorf districts.

Meanwhile advices received here indicate the Bavarian soviet revolution is not confined at Munich. In fact the greatest centers of the movement appear to be Augsburg and Nuremberg (a Zurich dispatch reports the government has established itself in Nuremberg).

An official announcement has been issued by the new soviet government to the effect that the ministry will be organized along the lines of "people's mandatories" who will act as virtual dictators until the new revolutionary council is formed. A Bavarian army is now being formed to resist any counter

movement either within Bavaria or from Prussia. Close relations will be established immediately with Hungary and Russia.

Bavarians Celebrate

The new soviet government will undertake complete transformation from the capitalist regime to communism, not hesitating to appropriate private property. Today was declared a public holiday in Bavaria, in celebration of the revolution.

A dispatch from Munich late today quoted Premier Hoffman, has announced the ministry has not resigned, but has left Munich to direct preparation for resisting the soviet. Several loyal regiments are being organized, it was said, with the support of the clergy.
