HUN RULERS

(Continued from Page 1.)

Brookhoff-Bantzen stays, his cousin, Count von Bernstorff and the rest of the present outfit will likewise stay. That means the same old machine will conduct the negotiations in Paris.

Hun Bluff Foreseen

The Germans probably will make a great bluff at trying to scare the allies. That is, they will threaten to bolshevize themselves and try to get the French and Italian workmen to join them. But it does not seem possible in view of the Germans' traditional love of system and order, the government would "quit cold."

Inasmuch as the workmen are disarmed and cannot fight, the only thing able to force out the new government would be a tremendous strike—much larger than the present one—which most observers believe the radicals will be unable to swing.

A message from Danzig today reported a railway strike in that district. The strikers numbering 20,000, are demanding establishment of a soviet republic and an alliance with Russia and Hungary. Three persons are reported to have been killed in a clash between strikers and soldiers who were guarding a square in front of the prin-

cipal railway station.

Bavaria Being Regained

Berlin, April 11.—Bavarian loyalists are rapidly reconquering their country from the communists, according to dispatches received here today. The anti-soviet forces have captured Puerth, Regensburg and several cities in the chief manufacturing district. The food blockade of Munich was reported to be still under way.

SILVERTON NEWS

(Capital Journal Special Service.)

Silverton, Or., April 12.—Vernon M. Suckow made a trip to Portland.

Mr. and Mrs. Joe W. Welch visited in Portland during the past week.

Robert Mount and L. C. Eastman motored to Dallas Wednesday.

Mrs. Harley Smith was a Portland visitor Friday.

Howard Linstead left last week for Montana where he will spend the summer.

The Parent-Teachers' association held a meeting in the high school Friday afternoon and talks were given by Mrs. A. C. Wrightman and Mrs. F. E. Callister, Mrs. Dr. Klunzorge presiding over the meeting. A playlet was put on by the grade school students.

Emma Anderson was in the city this

week visiting friends.

Veva Golden visited in the city Saturday.

Mrs. George Steehammer and Miss Maurine Digeress were in Salem Wednesday.

Mrs. A. Hunter and daughter, Vivian, of Vancouver, B. C., were guests at the F. S. Hunter home during the past week. Vivian returned home Monday, while Mrs. Hunter will remain for a few days longer.

Mrs. W. L. Cunningham went to Portland Sunday, returning Wednesday accompanied by her husband, who has come home to stay permanently.

Katherine Blads was over from Salem last week.

Miss Anna Finseth was a Portland visitor the early part of the week.

T. P. Ristagen made a business trip to the Capital City Wednesday.

Mrs. S. A. Galbreath of Portland and Miss Cornelia Galbreath, a Red Cross nurse from Vancouver barneba, visited at the home of Mrs. G. A. Back of this city over the week-end.

Mr. and Mrs. E. E. Wray left for Seattle Washington, Monday.

Supt. B. T. Youell and family spent Sunday in Portland visiting with Mr. Youell's brother, who has recently returned from service.

Miss Wiolda McClaine and Mrs. Clara Reynolds were in Salem Wednesday.

George Sinter is visiting in Portland this week.

Helmer Digeress returned from overseas Wednesday. Helmer was in the front lines and among the wounded.

Illihee Club Welders Make Ready For Meet With Eugene

With the spring weather coming on and the grounds of the golf course of the Illihee country club getting in good shape, a number of interesting games are now being played. The best score last Sunday was by Ercel Kay.

The tournament committee is arranging for a series of three matches to be played with the Eugene country club. Two of these matches will be played in Eugene and one in Salem.

To beautify the grounds, work has commenced under the supervision of E. N. Oillingham. It is the intention to continue this work from year to year until the golf course is completely landscaped. With the natural beauties of the course and its wonderful view, this will eventually make the Illihee country club course one of the finest in the west.

It is possible that within a short time the membership committee of the Illihee club will put on a membership drive. The date has not as yet been announced but the details of the drive are now being worked out. Homer H. Smith is president of the club, Wm. Burghardt, secretary and Curtis R. Cross vice president.

TELEPHONE COMPANY'S DIVIDENDS ARE LARGER

Financial operations in 1918 of the Pacific Telephone & Telegraph company, an applicant before the Oregon public service commission to increase rental charges of its thousands of patrons, show a surplus of \$924,964 December 31, compared with \$658,749 at the close of the preceding year. This is a gain of 40 per cent. The net corporate income for the year was \$2,225,708, out of which dividends of \$1,920,000 were paid on the preferred stock. Operating revenue amounted to \$21,482,653 and operating expenses, \$15,421,242. To the balance of \$6,061,411 was added \$455,509 of non-operating revenue, making the gross corporate income \$6,516,920. Interest on the funded debt totaled \$2,010,471 and other fixed charges aggregat-

TANK TO REMAIN HERE ALL DAY WEDNESDAY

Yankee War Monster, Such As Used At St. Mihiel, To Parade Streets

Look out for a genuine real war tank, one of the Yankee kind used on the St. Mihiel front, on the streets of Salem next Wednesday morning.

Instead of coming to the city Sunday morning and staying just a few hours, it has been decided to give the tank more time in Salem in order that it may gambol around on the streets in the business section.

Three soldiers who saw real tank service will be in charge of the car and will demonstrate loading and unloading while the tank is being driven on the streets of the business section of the city.

The chairman of the special feature of the Victory Liberty loan drive has asked the Salem committee to provide proper police protection while the tank is being shown.

The coming of the tank and the practical demonstration of its workings is one of the many special features planned.

The tank is valued at \$2,225,708, mostly royalties to the American Telephone & Telegraph company, the parent corporation. The Pacific company's assets at the end of 1918 were \$118,341,427.

ned to remind folks that while the war has been won, it is now up to the people to buy bonds to care for the enormous financial side of the question.

According to the present schedule, the tank will arrive about 9 o'clock Wednesday morning by way of the Southern Pacific and will at once unload for its travels down town. At each of the prominent corners in the business section, well known speakers will make short talks on the fifth liberty loan.

STATE HOUSE NEWS

Chairman F. W. Mulkey, of the Soldiers and Sailors Relief commission, has made a recent report to Governor Olcott in which he shows that most effective work is already being done by the organization in connecting soldier applicants with jobs. The immediate function of the bureau is to place the boys in temporary positions—to tide them over until they have opportunity to locate positions that are desirable.

Later on, as funds become available, the commission will assist returning soldiers who wish to continue their education by means of non-interest-bearing loans.

After long discussion and a few problems in higher mathematics, the Board of Control yesterday afternoon finally awarded the contracts for construction work on the hospital dormitory and the boys' dormitory at the institution for the feeble minded. It will be recalled that none of the bids presented last week by a dozen firms came within megaphone distance of the state appropriation for this work and all were rejected. By a drastic scaling down and elimination of features in the specifications the bid of W. M. Lorenz was cut down from \$39,750 to \$26,035 on the hospital dormitory; then by further eliminations to \$24,895. To this figure was then added an estimate of \$432 for excavation, thus making the final accepted bid from this contractor \$25,327. On the boys' dormitory Siewert & Engstrom, of this city were the successful bidders their figure on the modified specifications being \$25,411.

The question has recently come before Attorney General Brown as to whether bills for medical treatment for sick and injured convicts at work in the state lime quarries at Gold Hill should come out of the regular penitentiary appropriation or out of the appropriation for the State Lime Board. The attorney calls attention to Section 9, chapter 397 of the 1917 laws, which provides that prisoners let out to the lime board for work in the quarries should have only their food and clothing paid for out of the prison funds and this to continue only until the lime plant was placed upon a self-sustaining basis. Nothing is said with regard to traveling expenses, medical attendance, or other incidentals which must be cared for by the lime board's own funds.

Los Angeles Greet Boys Of 160th Infantry With Cheers

Los Angeles, Cal., April 12.—(United Press.)—"Oh, you Golden West."

That was the shout which sprang from 750 war-weary fighting men when the 160th infantry's troop trains pulled into the Santa Fe depot early today.

But it was almost drowned beneath the storm of cheers which rose from a crowd of 50,000 persons thronging the station and the streets.

Then the troops poured out, through doors and windows of the coaches—wherever there was an opening.

And they rushed into the waiting arms of mothers, fathers, brothers, sisters, wives, sweethearts and friends.

They were received in a devoted mingling of hugs, kisses, cheers, flowers candy and ma's sugared cookies.

Pete A. Moses, a prominent resident of Corvallis, died in that city Monday at the age of 91 years. He had been a member of the Masonic lodge for 61 years, and at the age of 80 enrolled in the Oregon Agricultural college as a student in agriculture.
