DALLAS MAKES READY FOR CLEAN-UP WEEK

Systematic Campaign To Rid City Of Unsightly Debris Is Launched.

(Capital Journal Special Service) Dallas, April 12.—At a meeting of the representatives of the Dallas Women's club and a committee from the Commercial club in the club rooms Wednesday afternoon plans were made for holding the annual cleanup week in this city and a more thorough campaign than heretofore held has been mapped out. The joint committee will make an appeal to the city council at its next regular meeting asking that they cooperate with the organizations in obtaining the desired results. Heretofore citizens have just been in the habit of cleaning up their front yards and hauling off tin cans, etc., but this year's campaign will be waged to have the back yards and alleys cleaned up also and parties neglecting to do the same will be liable to arrest. After the close of the cleanup week it is planned to have a party make a trip about the city ascertaining whether the order has been followed out.

Grocery Business Sold

H. G. Black one of the pioneer business men of this city, this week disposed of his grocery store on Court street, next to the postoffice, to W. A. Messner, a former business man of this place. Vola.

Snow Falls in Polk

A fall of snow averaging all the way from six inches to two and one half feet, fell in the mountains west of Dallas this week and has greatly interfered with logging operations, causing a shortage of logs for the mills in this locality. It is unusually late in the season for a fall of snow in this county and unless more settled weather follows in a few days it is thought by fruit growers that the crops may be damaged as for the past several nights severe white frosts have occurred. A few of the orange orchards in this section are in bloom but the growers state that they are not far enough advanced as yet to be injured by frosts. Peach trees have however suffered from the frost.

Senator L. L. Patterson of Eola was a Dallas business visitor Thursday afternoon.

W. H. Beard the Falls City banker, transacted business matters in Dallas Thursday.

Circuit Judge Harry H. Belt was a Capital city visitor this week.

Arthur Buhn, of the Rodgers Paper company of Salem, was a visitor here the first of the week.

Harry P. Byers returned Wednesday from Briday Veil, where he went to do a surveying job last week. The heavy fall of snow recently in the mountains near that place is interfering with logging operations.

Oscar Smith, a prominent farmer of the Bridgeport community, is in the city visiting relatives.

E. C. Kirkpatrick returned this week from a short business trip to Grants Pass.

Frank E. Kersay left today for Portland where he has accepted a position with a wholesale confectionery establishment. Mr. Kersay recently returned with Company L from France. J. N. Woods, a prominent Dallas citizen and for more than 25 years agent for the Southern Pacific railway at this place, died at an early hour this morning from rheumatism with which he has been afflicted for a number of years. Funeral arrangements have not yet been made.

Arthur Hayes was a Portland business visitor the first of the week.

Earl Crook has accepted a position as clerk at the Farmers Grocery store on Main street.

Harry Fennell of Marion and nephew, Elmer Fennell of North Dakota, were recent visitors at the Joseph Fennell home. Elmer Fennell will probably locate in the Willamette valley.

Mrs. George Farrier has returned to Portland after a few days stay at her home here.

DALLAS HOLDING BIG ROAD MEETING TODAY

Polk County People Gather To Discuss Proposal To Issue Bonds.

(Capital Journal Special Service) Dallas, April 12.—Backed by the Dallas Commercial club, one of the biggest road meetings ever held in Polk county is scheduled to take place in the circuit court room in this city this afternoon beginning at one o'clock.

The purpose of the meeting is to ascertain the sentiment of the people throughout the county towards the petitioning of the county court to call a special election for the purpose of voting bonds for the construction of roads and making the necessary improvements on several roads in the county that the state highway commission has promised to hard surface this year if placed in condition for so doing.

The amount estimated by the commission for placing these roads in shape for hard surfacing is something like \$60,000 but it is the intention of the taxpayers to ask for a bond issue of the county's limit or \$200,000 so that all parts of the county will derive some benefit from the money so raised.

A committee of Dallas citizens composed of R. L. Chapman, Dr. A. B. Stubbuck and E. K. Piasecki have been busy this week outlining the certain districts where the money if voted will be spent and these plans will be laid before the meeting today. It is expected that very little opposition will be had to holding the bond election.

have been employed in Portland for a number of months, have finished their work there and returned to West Salem to the home of Mrs. Jarvis' parents, Mr. and Mrs. Joseph Fennell.

J. E. Bedford is in receipt of a card with birthday greeting from his grandmother, Mrs. James Tennox, who attained the ripe old age of one hundred years on March 9th. She lives at Croker Lake, Canada, is of Irish descent and is in fairly good health.

OLD FASHIONED MAN HUNT ON IN COLORADO

Sixty Cow Punchers Seeking Two Murderers.—Double Lynching Likely.

Pueblo, Colo., April 12.—(United Press.)—An old fashioned western man hunt for two murderers is on in the Greenhorn mountains, southwest of here today.

The quarry—two unknown men who shot E. C. Peeks and William Hunter on the Rye road yesterday afternoon are being hunted by about 60 cow punchers.

There is every prospect of a double lynching if the murders are caught.

Hunter, president of the Arkansas Valley Cattle Growers association, is known to practically every cowboy in this section. These riders came in and took up the trail.

Court House

Anna Tremayne was yesterday granted a divorce from Jack Tremayne. She was given custody of the three children, the youngest 14 years old. In her complaint she alleged that the father deserted his family in 1905.

Norton Vanderhoof has been appointed administrator of the estate of Minnie Vanderhoof who died at Sparks, Nevada, April 4, 1919. The estate is estimated at \$750.

In his semi-annual report as administrator of the estate of Elizabeth Trost, Jos. J. Kober reported on hand the sum of \$1278.03.

D. W. Eyre, F. M. Derby and W. M. Smith have been appointed appraisers of the estate of Iva P. Turner. Besides property in Marion county she had holdings in the counties of Tillamook, Lake and Klamath.

Four men came to the office of the county clerk today, each with two witnesses, in order to make final petition for citizenship. They had overlooked the fact that if one happened to arrive in this country after June 29, 1906, it was necessary to have a certificate of arrival. All four had arrived in the country since that date but none knew that the certificate of arrival was part of the proceedings.

Hence they will send on to Washington, D. C. to get a copy of their certificates of arrival and when these arrive, they can then go before Judge Bingham and make a showing as to whether they are qualified to become a real American citizen. When applying for final papers, one must have two witnesses to testify of an acquaintance of five years and that the applicant has been in Oregon one year. Also that applicant is of a good reputation and worthy of citizenship. A few years ago it was an easy matter to become a citizen. Now it is entirely different.

Washington, April 12.—Nearly half of the American army has been demobilized to date. Discharges of officers and men, as announced by General March today, number 1,701,469. Forty six per cent of the men have been demobilized and over half of the officers. The total number ordered for demobilization, including those already discharged is 1,925,000.

Demobilization is moving faster than it did in the civil war and in the Spanish-American war, General March said. In three months more men have been discharged than those discharged in a year after the civil war. After the Spanish-American war it required more than a year to discharge fewer men than in the first month after the Eu-

AMERICAN ARMY 50 PERCENT DEMOBILIZED

Discharges Of Officers And Men To Date Number 1,701,469.

Washington, April 12.—Nearly half of the American army has been demobilized to date. Discharges of officers and men, as announced by General March today, number 1,701,469. Forty six per cent of the men have been demobilized and over half of the officers. The total number ordered for demobilization, including those already discharged is 1,925,000. Demobilization is moving faster than it did in the civil war and in the Spanish-American war, General March said. In three months more men have been discharged than those discharged in a year after the civil war. After the Spanish-American war it required more than a year to discharge fewer men than in the first month after the Eu-

ropean war ended. Enlistments up to April 10 were 7,901, General March said. These were equally divided between one and three year enlistments. The strength of the army on April 8 was 1,980,506. Of this force, 1,320,525 are in the A. E. F. Since the armistice was signed 680,114 soldiers and officers have sailed for the United States. Health conditions are remarkably good. General March stated influenza cases have reached their lowest number since the epidemic last fall.

In connection with reports as to the casualty rate during the European war, General March pointed out that in the heaviest battle, the Argonne-Meuse, the casualty rate was 15.3 per cent against 20 per cent at the battle of Gettysburg and 24 per cent at Shiloh.

Lieutenant E. C. Johnson of Tacoma was in command. Major Frank Carroll of Seattle was among the officers aboard the train. The collected men in the casual company hauled from Washington and Oregon.
