### HUNS SHOW FEELING OF COCKINESS

Germans imbued with idea that things lost in war are being won back before Paris conference.

### NEW SPIRIT DEVELOPS DURING PAST 30 DAYS

People ready to accept any terms to secure peace two months ago, becoming insultingly independent.

By Frank J. Taylor (United Press Staff Correspondent.) Berlin, April 13.—The Germans are becoming more and more imbued with the idea that although they have lost the war they are winning in the peace conference. This is largely a development of the past month. Two months ago the Germans were ready to accept any peace terms the allies might impose. Now the people are becoming independent to the extent of "cockiness."

## COMPLETED PACT TO BE SUBMITTED TO GERMAN DELEGATES ON APRIL 25

### Wilson Expected To Summon Congress Into Ratification Session By June First

Immediate Signing, Or Rejection Depends On Extent Of Powers Conferred Upon Hun Commissioners.—Separate Treaties To Be Ready For Austria, Turkey And Bulgaria.—Allied Governments To Be Given 20 To 30 Days For Ratification.—Terms Strip Enemy Of Military And Naval Powers And Establish Boundaries.

By Fred S. Ferguson (United Press Staff Correspondent) Paris, April 15.—The peace program was authoritatively outlined to the United Press today as follows: The treaty will be handed to the Germans April 25. If the Germans have plenary powers, it will be signed almost immediately; otherwise it will first be submitted to the German government at Weimar. Separate treaties will be presented Austria, Turkey and Bulgaria within a few days after the Germans arrive at Versailles. As soon as all treaties are signed, a period of twenty to thirty days will be permitted for ratification by the allied governments. When two thirds of the governments have ratified the treaties they become effective. President Wilson is expected to call a special session of congress for this purpose not later than June 1.

The "little five" (foreign ministers' council) met today to discuss the mechanical details of the final peace sessions. Under present plans, a plenary session probably will be held next week in which the new covenant of the league of nations will be presented, as well as the final reports of other commissions. No definite decision has been reached regarding the work after the German delegates arrive, but it is understood a special committee, composed of the "big four" will deal with them. The treaty will be gone over and the various points explained. The Germans are then expected to return to Weimar and submit the treaty to their government. This plan naturally will be altered if the German delegates have plenary powers, as they will then be able to sign the treaty without leaving Versailles.

### Wilson Says Work Of Conference To Be Uninterrupted

Paris, April 15.—(United Press.)—President Wilson yesterday gave out the following statement: "In view of the fact that the questions which must be settled in the peace with Germany have been brought as near complete solution that they can now quickly be put through the final process of drafting, those who have been most constantly in conference about them have decided to advise that the German plenipotentiaries be invited to meet representatives of the associated belligerent nations at Versailles on the 25th of April. This does not mean that the many other questions connected with the general peace settlement will be interrupted or that their consideration which has long been under way, will be retarded. On the contrary, it is expected that rapid progress will now be made with these questions so that they may also presently be expected to be ready for final settlement. It is hoped that the questions most directly affecting Italy, especially the Adriatic questions, can be brought to a speedy agreement. The Adriatic question will be given for the time precedence over other questions and pressed by continual study to its

Washington, April 15.—(United Press.)—Viscount Ishii, Japanese ambassador to the United States, is returning to Japan, it is officially announced at the Japanese embassy today. "The ambassador is returning to Tokyo for a conference regarding various matters before the Japanese government," the embassy statement declared. "The ambassador will depart the first of May." Ishii first indicated his intention to return several weeks ago. It was stated today that there is nothing in the situation between the United States and Japan that would require his resigning the post here. Nevertheless both officials and diplomats understand he will not return. He is not one of the Hara party, now predominant in Japan, and while he has worked in close harmony with the Hara ministry, it is believed he may have differences in policy. Appointed in 1918 He was appointed to the ambassadorship here by former Premier Teruchi, following his successful conclusion of the famous Lansing-Ishii pact in 1917, by which the United States recognized Japan's legitimate sphere of influence in Far Eastern affairs. Ishii took his post here April 30, 1918, and was received with the greatest cordiality. President Wilson personally liked the new Japanese ambassador, expressing upon one occasion to friends that Ishii was "real folks."
