say this and I suppose I ought not to tell you—but we've been damned fools in the past and have made some awful blunders. However, we never had anything on Paris."

Herrstriff was the first man I remember hearing predict the possibility of Germany "going bolshevik" if the allies were ever harsh according to German ideas. Then President Ebert talked the same way, then the other cabinet members, then the newspapers grabbed the idea and propagated it widely and now you hear it on every hand. Every writer will tell you that Germany has the peace conference up a tree and that she will turn to Russia if her negotiators do not like the peace terms.

### CORNS PEEL OFF PAINLESSLY

There's Only One Gentle Corn Peeler—That's "Gels-It!"

There's only one happy way to get rid of any corn or callus, and that's the painless peel-off way. "Gels-It!" is the only corn remedy in the world

"3 drops of 'Gels-It'—Corn is doomed."

that does it that way—effectively, thoroughly. Why get down on the floor to yourself up into a knot, and have to fool with "puckegny" plasters, greasy ointments that rub off, sticky tappers, digging knives and saws, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gels-It!" It takes 2 or 3 seconds to apply "Gels-It"; you use 2 or 3 drops and that's all. "Gels-It!" does the real Get Rid of that corn, pain at once, so that you can walk and play without corn torture. Be sure to use "Gels-It"; it never fails.

"Gels-It!", the guaranteed, money back corn remover, the only sure way costs but a trifle at any drug store. Manufactured by E. Lawrence & Co., Chicago, Ill.

Sold in Salem and recommended as the world's best corn remedy by J. O. Perry, D. J. Fry, Frank S. Ward.

TODAY, being "Shrove Tuesday" the little Salem gathers her grey skirts around her and enters solemnly into the observance of Holy Week. There will be scarcely any social events to distract her mind—a club meeting or two, a musicale, maybe, nothing else. Every noon at the Oregon theater services for the business public are held; every evening at one or another of the many churches devotions are observed. From now until Saturday noon a strange hush will seem to settle over society—symbolic perhaps of the darkness that fell upon the world from the sixth to the ninth hour, one Friday afternoon nearly nineteen hundred years ago. Which is all as it should be, just as the gay whirl after Easter will be in total keeping with the happiness that will fill the world in those glad days that follow.

One of the largest club affairs of the season will be the meeting of the Salem Woman's club on May 10 at which Mrs. William Burghardt Jr., will entertain the members and guests of the organization. Mrs. Burghardt has arranged a musical and literary program of rare merit and the meeting which will be the last of the season will be long remembered by those who attend. The following list contains the names of the entertainers, Miss Catherine Carson, Miss Leslie Barton, Miss Kate Chadburn, Miss Lucille Elliott, Mrs. Thomas Galloway, Mrs. R. M. Hofer, Miss Holde, Miss Ada Miller, Miss Alice Judd, Miss Marjorie Marvin, Miss Dorothy Pearce, Miss Lena Belle Tartar, Miss Edna Sterling, Mrs. Arthur Rahn, Mrs. Carlton Smith, Mrs. H. W. Styles, Mrs. A. A. Schramm and Mrs. John Roberts. Miss Beatrice Shelton and Miss Stude will assist as accompanists.

The Sweet Briar club will meet tomorrow with Mrs. O. E. Moll.

Mr. and Mrs. Lester McCracken have gone to Davenport, Iowa, to take a three year course in the Palmer School of Chiropractic.

Mrs. F. A. Elliott of Salem has been appointed by Mrs. Charles H. Custer, president of the state federation of women's clubs, as one of the representatives in the coming reconstruction campaign sponsored by the state chamber of commerce. Delegates from ten sections of the state will represent the women, and probably count.

had been entered by Japanese general and Korean patients in the building arrested and removed to gether with the arrested of Rev. Ely Mowry, Presbyterian missionary to Korea, officials today intimated that a "serious situation has been born."

**Difficulties Increase**

Difficulties seem to be rapidly increasing between the two nations. Reported Japanese infringements on American rights in Korea are being carefully investigated by this government. Previously there has been a growing feeling in Japan against the United States for President Wilson's refusal to sanction a clause in the League of Nations covenant which would insure against racial discriminations by any nation against the orientals. There also has been strong anti-American propaganda circulated in Japan for some time.

**SIMPLE WAY TO END DANDRUFF**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then get it off entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

**Ishii Piqued, Report**

Tokio, April 13.—(Delayed)—United Press)—Viscount Ishii, Japanese ambassador to the United States, is returning to Japan to resign his post because he is piqued at the failure of the imperial government to select him as a delegate to the peace conference, the Asahi Shimbun, an independent newspaper declares today.

The paper denies the rumor that Ishii's decision to return to Japan was due to his forecasting the defeat of the Japanese racial equality amendment to the league of nations covenant. Instead, it states his resignation at this time will be to his political advantage.

### First Of Holy Week Union Meetings Held Last Night

The first in what should prove a very helpful series of special Holy Week meetings was held last night at the First Presbyterian church, with Rev. Holt, of the First Baptist church in charge. This was made more attractive by special music furnished by a soloist of the Presbyterian choir. Tonight the meeting is in charge of Rev. Powell, of the Episcopal church. Wednesday evening the service will be led by Rev. Porter of the Christian church, and Thursday night Pastor Anderson of the Presbyterian church will preside. Friday night one of the other pastors will take charge. All these meetings will be held at 8 o'clock with the exception of Friday, when the service will begin promptly at seven o'clock in order to give people an opportunity to attend the special musical program to be given at the First Methodist church. A cordial invitation is extended to people of all denominations to attend this series.

### COAL MINERS OF WEST FACE DEVELOPMENTS

**Possibilities Of Strike And Over-Production Cause Apprehension.**

Rock Springs, Wyo., April 15.—The coal mining industry west of the Rocky mountains faces the coming summer with grave misgivings, according to big mining men here. Several factors combine to threaten it, they told the United Press today.

The possibility of a general strike of miners, and the probability of over production, due to over development, in case there is no strike, are the factors most feared.

The mining men point out that one group of dangers would come with the strike, whereas the other would come without the strike. "We are between the devil and the deep sea," said one operator.

"Production will overstep consumption this summer in the western fields," said P. J. Quinley, who is the biggest individual mine owner in Wyoming. "But the situation at this particular moment is not worse than the average spring."

The over production, it was explained, results from the fact that under fuel administration rules, whereby the west applied the west with coal, western mines installed a great amount of new equipment. With these restrictions removed, eastern mines are again after western business, especially in the states near the Mississippi, throwing the westerners out of considerable business there.

It is considered very probable that a strike will result in this field, judging from the statement which was issued by the miners in Indianapolis that they will demand a five day week and six hour day with a raise in pay per hour.
