Does It Mean Anything to You

That the prominent and successful Portland business concerns listed below are, and have been FOR YEARS, consistent users, month in and month out, of "WAVERLY" MOTOR OILS?

These wholesale business houses buy "Waverly" oils for their own use, not for re-sale, and THEY KNOW that the real value of Lubricating Oils in Motor Cars and Trucks is not measured by the price per gallon, but by the cost per mile, per output unit, and per horse power hour.

Children smile when they take
FOLEY'S HONEY-TAR
1st. It tastes good.
2nd. It makes them feel good.
3rd. It will turn a distressed, fretful child into a happily smiling one.
Because it is just what children ought to have for feverish colds, coughs, croup, "snuffles" and heavy, wheezy breathing. It puts a cooling, soothing, exciting on a feverish, inflamed, tickling throat, and it stops coughs quickly. It is just as effective for grown-ups.
It contains no morphine, chloroform, or other drug that you would not like to give to young children, and it is just as effective for grown-ups.
