

# FOURTH ANNUAL OPENING and RECEPTION

Now that the war clouds are scattered and the national mood of depression is a thing of the past, we again take pleasure in inviting you to an Anniversary of our Opening Reception that was held in April, 1914.

We want to give you a crisp, hot waffle and we want you to see it cooked on an Electric Waffle Iron. We want to show you the most Modern Electric Appliances that make up-to-date house-keeping a pleasure instead of drudgery.

You may have seen many of these Electrical Devices but it is extremely likely that some of them will be new to you and you will be interested in looking them over.

## Sonora Concert

Two to Four P. M.

- "Jazz"--Orchestra.
- "O Boy"--Selection.
- "La Paloma"--De Gorgoza.
- "O Dry Those Tears"--Pryor's Band.
- "Carry Me Back to Old Virginny"--Gluck.

Good to choice cows and heifers \$9@10.50  
Medium to good cows and heifers

**Excellent Rendition Of "The Crucifixion" Ushers In Salem's Easter Season**

The Easter season in Salem was never more solemnly and beautifully ushered in than by the rendition of the famous oratorio of Steiner, "The Crucifixion" as given under the direction of Prof. John H. Sites, Mus. D., at the First Methodist church last evening. For weeks past a chorus choir of about 40 voices, including some of the best talent to be enlisted in the city, have been patiently drilled by Prof. Sites until they mastered not only the harmonic difficulties of a great composition, but the details of tone color and the finest shadings of emotional inflection. Probably nothing could more

**GRANDMOTHER KNEW**

There was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plasters burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief--how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia), 30c and 60c jars; hospital size \$2.50.

**MUSTEROLE**  
WILL NOT BLISTER

strongly attest the consummate art of the director than the fact that without any objective symbols or dramatic settings, the chorus was made to bring vividly before a hushed audience every scene of the world's greatest tragedy, from the agony in Gethsemane to the last word from the cross.

The oratorio was introduced by the professional of the chorus through the church suggestive of the march to Golgotha. Prof. Roberts at the organ rendering the movement doubly impressive with the strains of Chopin's Funeral march. The soloists of the rendition were John W. Todd, Paul Sterling and Ralph H. Jones, who not only made the recitative parts and arias musically pleasing but threw into them the dramatic fervor--the atmosphere--of the scenes presented.

Miss Mabelle Furnus, teacher of the Abbeys school between Silverton and Scotts Mills is a believer in advertising, even for a basket dinner at a country school. Recently the school gave a little affair to raise some money and Miss Furnus not only advertised in the Silverton paper, but had the children do some home advertising. As a result, the basket supper was such a success that it was necessary to use a rear barn to accommodate the guests and when it was all over, Miss Furnus found the net results were over \$95.

The money will be spent in buying new seats, blackboards and other equipment for the school. It pays to advertise.

Three speeders were landed by the police yesterday. Along with pork chops and other necessities of life, the price of speeding has gone up lately and now it costs \$19 to be caught going over the legal limit. Lloyd Lebold, driving a grocery delivery wagon was captured on Capital street and separated himself from \$10, for the good of the city treasury. R. W. South of Portland, was careless and was going 35 miles an hour on Capital. He put up a \$10 check. Alfred L. Adams of Eugene was favorably impressed with South Commercial street and was talking in the scenery at the rate of 42 miles an hour when overtaken by the speed cop. He also put up \$10. The new ordinance provides for 25 miles an hour in the residence districts with 15 miles down town.

Joseph Drapala, a mill worker of Mill City, after living in the U. S. for 25 years, has decided to become a real American and vote once in a while, provided of course he has studied up enough on the constitution to pass the exam in two years. He was born in Moravia, a part of the Austrian empire in 1894 and came to this country in 1922. By the way, when one declares the intention of becoming a citizen, it is necessary to make affidavit that "I am not an anarchist. I am not a polygamist, nor a believer in the practice of polygamy."

**POST WAR**  
(Continued from Page 1.)

Chief Garrity today was in conference with his 36 police captains in efforts to make plans to cope with the situation.

In addition to the shootings, the last two days have seen a \$34,000 bank hold-up, murder of a watchman by four negro robbers and scores of minor holdups, sluggings and purse snatchings.

Of the 297 killings, however, many cases of manslaughter and homicide, 63 mysteries still baffle the police, a unit was established only in 42 cases.

**St. Louis Hard Hit.**  
St. Louis, Mo., April 19--(United Press.)--St. Louis has been on a wild spree of crime for three months.

Chief of Detectives Hannigan and other police heads today declared the crime orgy had got beyond proportion of former years and shows no tendency to decline.

St. Louis has averaged one murder a day for three months. Conditions following the war, resulting in unemployment and a general unrest, have been responsible for the crime wave, Hannigan declared.

**Cleveland Shows Increase.**  
Cleveland, Ohio, April 19--There has been a slight increase in crime in Cleveland since demobilization began, according to a report compiled by R. E. Shriston, chief police officer.

Christian and the police attribute the increase to the end of the "work or fight" order.

**West Not Effectuated.**  
San Francisco, April 19--(United Press.)--There is no unusual crime wave on the Pacific coast at present, Duncan Matheson, captain of detectives, told the United Press today.

"No doubt there is a crime wave in the east due to post-war conditions, as reported," he said. "But this will not affect the coast. There was not so much war activity on the coast and as a result there is less unemployment now. Also fewer soldiers and sailors are being discharged here. Conditions here are about normal and discharged soldiers and sailors have had very little crime to their discredit."

New York, April 19--(United Press.)--The crime wave which has been sweeping New York since the first of the year is continuing unabated, although police officials are taking energetic measures to stamp it out. Twenty-two holdups were reported within 24 hours during the last week.

Officials place the blame upon the non-resident population which is flooding the city. Unemployment is also blamed while a few crimes have been fixed upon discharged soldiers and sailors.

From January 1 to March 3 more than 200 robberies were reported to Manhattan police. The loot ran into hundreds of thousands.

**CUT YOUR SHOE BILLS WITH NEOLIN SOLES**

"The answer to the problem of shoe wear lies in the use of Neolin Soles"--so says H. L. Evans of Steubenville, Ohio.

"For five months," says Mr. Evans, "I have been wearing the same pair of Neolin-soled shoes at my work at the La Belle Iron Works and they are good for two months more wear. As my work takes me to all parts of the mill daily where I have to walk over chafers, slugs, etc., it is simply out of the question to buy anything else to take the place of Neolin Soles."

You too--and your whole family--will find Neolin-soled shoes wear long and so save money. You can get them in the styles you like at almost any good shoe store. And my experience will reach your ears also with Neolin Soles--scientifically made, durable, comfortable and so good. They are made by The Cooper Tire & Rubber Company, Akron, Ohio, who also makes Wingfoot Heels--guaranteed to outwear any other heels.

**Neolin Soles**
