Washington, April 25.—Support by former President Taft and senatorial leaders of President Wilson's dramatic stand against territorial annexations by Italy, convinced officials here today that America is behind the president in his fight at Paris.

His Flume statement and official announcement here last night of his "positive and unqualified denial" of reports of a secret defensive alliance, were pointed to by officials as indications that the president's stand on secret treaties will persist to the end.

Ballof that Italy and Japan may join forces in the conference, in view of the similarity of their interests—both based on secret engagements entered into during the war—was strong here today.

Officials are certain, however, that

the president will assume the same attitude toward the Japanese claims in China as he has toward the Adriatic objectives of Italy, if it comes to a showdown.

Italy and Japan Piqued.

Both Italy and Japan feel that they have been ignored in the peace conference, according to diplomats here. Both have counted strongly on support of Great Britain particularly. The grievances of both now date back to other occasions when they felt they were discriminated against. It was declared today that Italy has always felt that her colonial progress in Africa has been limited by other powers. Her spokesmen here pointed to Italy's failure in 1899 to obtain territorial concessions in China, though similar demands were granted Germany, Great Britain, France and Russia.

Japan and Italy were both losers in the conference, in view of the similarity of their interests—both based on secret engagements entered into during the war—was strong here today.

Officials are certain, however, that

it would not surprise official and diplomatic quarters here if they joined crosses at the peace conference.

renunciation of Flume and Dalmatia. The speeches were constantly interrupted by storms of approving shouts and cheers.

A great reception is planned for Premier Orlando, news of whose departure from Paris was received here late last night.

Rome, April 25.—A group of deputies passed a resolution today demanding that Italy refuse to join the league of nations unless she is awarded Flume, Sara and the Dalmatian islands.

Commenting on Wilson's statement, the Epoca declared his position to Italian claims is entirely personal.

"It is impossible to understand Wilson psychology," said the Epoca. "It is unfair to confuse the American nation with Wilson. Whenever the occasion has demanded, the Americans have shown themselves fully in sympathy with Italian aspirations. Illinois and New York states and even Wilson's advisers favor Italy's minimum program."

"We appeal to the common sense of the American nation," declared the Giornale D'Italia. "We ask whether the attitude of the president is justified when he forgets Italy rushed to the help of the allies to save the latter's existence instead of standing to one side to reap the fruits of neutrality."

"CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that sad cry from the victims of disease. Perhaps the disorder has gone too far for help, but often it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Bismarck Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

Dinner dances at the Marion hotel are regaining their former popularity rapidly. One will be held this evening commencing at 7 o'clock and already a large number of reservations have been made. These affairs were formerly a semi-monthly event and no doubt if their popularity continues to increase they will be held every two weeks as in the past.

A letter has been received from Dr. R. F. McIntire, medical commander on the U. S. S. New Orleans, stating that he had arrived at Shanghai, China, and would remain there for ten days. The New Orleans left San Diego on February 16th, stopping at Honolulu, Yokohama and other points of interest on its trans-Pacific trip. Dr. McIntire reports a fine trip except for a storm of a day and half duration on the Yellow sea. He expects to be in Manila about May 10th and hopes to be able to pay a visit home in the summer of 1920. According to the doctor, there is no place quite as good as the United States.

There will be a "get together" meeting of all the members of the First Congregational church in the church parlors this evening at 6:30. STATE HOUSE NEWS

Attorney Fred W. Mulkey, of Portland, has recently come forward with a brief in the case of Oloof vs. Harz, in which he takes very much the same ground as Judge Lowell, of Pendleton—that in this case not merely the duties of the governor's office, but the office itself devolves upon the secretary of state. This makes the fifth brief that has been filed since the announcement of the opinion of Attorney General Brown some time ago. Attorneys Ralph Moody, W. H. Holmes and Frank S. Grant, of Portland, have filed arguments in opposition to the briefs of Mulkey and Lowell. The attorney general has requested from Chief Justice McBride permission to make a reply to the three opposing attorneys.

Oregon And Washington Heroes Of Argonne Given Warm Greeting At Spokane

Spokane, Wash., April 25.—Four hundred and fifty men and officers of the 361st infantry, Wild West division, marched through the downtown streets of Spokane this morning while all the city lined the curbs and cheered.

Major Frank P. Doherty, of Los Angeles, headed the column, while Colonel A. D. Cummings, commander of the regiment who succeeded Colonel Davis when that officer was killed in Belgium, reviewed the parade from the official stand.

The troop train bringing 700 men, practically all from Washington and Oregon arrived in Spokane at 6:30 o'clock this morning. The men were given breakfast by the Red Cross and Salvation Army and following their march had lunch at a downtown hotel. They leave at 3 o'clock this afternoon for Seattle via Northern Pacific, departing there tomorrow morning, before going to Camp Lewis.
