I applied to Dr. S. C. Stone for

WHOLESALE PLOT

(Continued from page one)

The post office department officials
here said they had been unable thus
far to establish the identity of those
sending the "bomb packages." All
that is known here is that two bombs
have reached their destination—one to
Mayor Hanson, Seattle, which failed
to explode and the other to Former
Senator Hardwick, at Atlanta, which
exploded with injury to his wife and
her maid.

Other Bombs Possible
Fear was expressed that other bombs
might have carried sufficient postage
to carry them through the mails and
may now be en route to their intended
victims.

It was noted by authorities that vir-
tually all of the prominent men to
whom packages were addressed are
concerned with immigration problems
in one capacity or another.

A blanket warning has been sent out
by the post office department to all
post office inspectors and superinten-
dents in charge of the railway mail
service to watch for any bombs that may
still be in transit in the mails.

Two Beach "Prisco"
San Francisco, April 30.—(United
Press)—Bombs, similar to that sent
Mayor Hanson of Seattle, were received
last Monday by District Attorney
Charles M. Fickert and his assistant,

Edward A. Cunha, it was learned
from his office today.

The packages were wrapped in pa-
per postmarked New York, with the
name of Gimbel Brothers typewritten
on the paper. The word "novelty"
was stamped on the package also.

When the bombs were received both
Fickert and Cunha were sick in the
hospital.

Friends brought Cunha's package to
his sick bed, thinking it a present.
The package was half open when their
suspicion was aroused as to its nature.
It was not opened until today, when its
contents were disclosed to be sulphuric
acid and explosives similar to that
sent Mayor Hanson.

Fickert's package has not yet been
opened.

Postal authorities were called in on
the case today and other federal offi-
cials will cooperate with local authori-
ties and New York officers in seeking
the responsible parties.

Following the arousing of Cunha's
suspicion regarding the package mark-
ed "From Gimbel Brothers," a tele-
gram was sent to Seattle authorities,
asking a description of the bomb sent
to Hanson. Following its receipt, the
bomb sent Cunha was opened.

The bomb was wrapped in a paste-
board container. Its outer case was a
wooden box, seven inches long and
about two inches in diameter. The box
opened by pulling off one end, and to

this, inside the box was fastened a vial
of acid, arranged to spill over fulminat-
ing caps and set off explosives in the
lower part of the box.

Ledimen Chinait, self-styled repre-
sentative of the Russian soviet govern-
ment, will be deported from Brazil.
