"I knew she never had baked a cake and I was doubtful. But I told her to go ahead.

"She got my treasured Royal Cook Book, my can of Royal Baking Powder and all the fixings—and sailed in.

"Honestly, it was the best cake we ever had, and now I believe anyone who tries can bake anything with

CELEBRATION

(Continued from Page 1.)

Independence, Stayton and in fact every town or city in the county will be asked to not only come, but to participate in the celebration. It is to be a Marion county affair with the Salem business and professional men raising the money to put it over.

Something new in the way of fireworks will be rockets and signals used during the war along the front. The Pain fireworks company of New York is putting out special rockets of this kind and it was agreed that these should be included in the order. Assurance is given that Salem will witness a fireworks display of unusual brilliancy.

Soldiers Honor Guests.

Special committees will be at once appointed to take up details of the day, including bands, baby parades, funny parades, concessions, river sports, baseball, decorations and in fact everything that will make a glorious celebration of two days.

The Salem Commercial club will cooperate with the War Mothers in the home-coming and welcome for reserved soldiers, which is scheduled for the Fourth and the following day, Saturday. It is probable that the War Mothers will hold a reception on the evening of July 3 at Marion Square or the armory. It is understood that the Salvation Army, Y. M. C. A. and Knights of Columbus will erect hats in order that the boys in uniform may be properly refreshed at all times.

As the program now is outlined, the great celebration will begin Thursday evening July 3 with the reception to soldiers, a glorious day on Friday the

Fourth and a continuance of the program over Saturday, July 5.

JAPANESE QUESTION

(Continued from Page 1.)

British would not support Japan's claims, it is now apparent that they are inclining somewhat toward the Japanese position. The British are said to hold they can scarcely do less, particularly as Japan kept the seas clear for the transportation of Great Britain's eastern troops to the western front.

The Japanese have not openly threatened to retire from the peace conference, have emphasized they do "not bluster or bluff, but act."

The upshot of the whole situation, it was pointed out today, is that a compromise is likely to be effected whereby Japan will retain control of the disputed territories temporarily with permanent ownership to be determined after the treaty with Germany is signed.

PRUNE PRICES BOOM IN DOUGLAS COUNTY

(Roseburg News) With the prune world in turmoil, buyers today frantically offered prices from 14 1/2 to 15 cents for 30-35's in an effort to contract all of the available crop. Never before in the history of the county has there been such a mad scramble to buy and sell prunes. With the price exceedingly unstable and threatening each moment to topple from its high pinnacle, growers in some instances eagerly grasped the offered price while others resisted the earnest appeals of the buyers and held out for still higher figures. Representatives of many purchasing firms tore over the county roads today in their cars visiting the orchardists striving to sign them up at a figure three times in excess of that of five years ago. So enormous are the prospects that growers are literally gambling with millions and the matter has reached such a stage that it is attracting world wide attention. DR29ffujmmpkPMs--15 emf wfp p
