Members of the young ladies' Sodality of St. Joseph's church were hostesses at a pretty dancing party at the Masonic hall last evening. It was the first post-lenten affair sponsored by the Sodality and every means was taken to make it a success. Bowers of scotch broom and huge art baskets of lilies were used in decorating and Hunt's orchestra furnished the music. About seventy five couples attended.

Mrs. G. Grimm gave a farewell surprise party at her home at Riekey, Wednesday evening in honor of Myrtle and Gertrude Ennie, who have made their home with Mrs. Grimm for the past two years and who will leave shortly for Coquille to live with their aunt, Mrs. E. B. Finley.

The supreme court leaves tomorrow for Pendleton to enter upon session for eastern Oregon which begins Monday. A number of minor cases await the body but only one case of wide importance, involving title to a vast tract of grazing land alleged to have been obtained by fraud. In order to clear the pocket of all business here before leaving, two decisions have been handed down. In the case of R. L. Ray vs Standard American Dredging company an action to recover \$15,000 alleged to be due on a construction contract, Judge Gantenbein is reversed and the case remanded for new trial. In the case of Mary Jacobs vs John Jacobs, appealed from Lien county, the decision of the lower court was affirmed in

a dispute over the income from property, following a divorce suit.

State Engineer Cupper returned this afternoon from an extended tour of various irrigation projects in central Oregon, including the Squaw Creek, Tumalo and Teel districts. At the latter place he found that an attempt was being made to secure the approval of their proposed bond issue by the land board through amendment of their articles of incorporation. Mr. Cupper found that prospects for irrigation were very good throughout that section and this fact is attracting outside capital, especially as the projects already developed very good results.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe To Darken And Beautify Faded, Streaked Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and glossy and lustrous.

state, three of them terminating in death. These were Roy I. Mapes, lumberman, Tillamook; Sam Rasmussen, lumbering, Clatskanie; Thornton Umphrey, trespasser, Springfield; the latter electrocuted while attempting to walk a girder on a county bridge, and coming in contact with high power electric wires. Of the total number of cases, 488 were subject to the provisions of the compensation act.

The state banking board, who grant-

ed a hearing recently to Mr. Bass and other St. Johns parties in their appeal in behalf of the organization of a third bank at that point, decided after due deliberation to sustain Supt. Bennett in his refusal to approve of such organization, his ground being that the conditions did not warrant the opening of a third bank. Mr. Bennett announces that the First Trust & Savings bank of St. Johns, which was temporarily closed, on account of embarrassment, has filed supplementary articles

of organization, changing its name to the Bank of Commerce. It has also re-organized its directorate and has moved to new quarters, thus starting life over again.
