Decision In Josephine County Land Case Upheld

Among the late decisions handed down by the supreme court was the confirmation of the circuit court in Josephine county, F. M. Calkins, judge, in the case of the Tokay Heights Development company vs. Daniel Hull, and this decision is of particular interest in a state where land promotions have become a fixed habit and boosted literature flourishes like the vegetation. This is a case that points a moral to all investors at long range. The plaintiff, Hull, was a school superintendent in Kansas City who did not know an orchard tract from a logarithm. On the strength of a rainbow-tinted folder issued by the plaintiff company he invested all his available capital in a tract of foot-hill land in the suburbs of Grants Pass without taking the trouble to make a personal investigation, but relying on the recommendation of certain alleged land experts. He located on the land and occupied it for several years, waiting for his young orchard to come into bearing. Then he was brought to realize that the land was practically worthless for orchard purposes, as a large portion of it was underlaid with hardpan and bed-rock. His testimony goes to show that the promoters had been obliged to blast out holes in order to set the young trees. Then he declined to make further payments on his contract and opposed foreclosure proceedings on the ground that he had been the victim of fraud, in that the plaintiff company knew at the time of the sale that the land was not as represented. The court, in rendering a verdict for the promoting company emphasized the point that Hull had had ample opportunity during his residence on the land to make thorough investigation and learn for himself whether or not lower court.

WOODBURN BOY HOME.

Sergeant Bert Boyles arrived home Tuesday night from Camp Lewis, where he was released from service on that day after a brilliant record in France. He left Woodburn a member of Company 1 and left the company on June 12 last, having been transferred to the 23rd Infantry 2nd Division. He was in the big fight of Chateau-Thierry, St. Mihiel, Meuse-Argonne, Champagne and Verdun. It was all open fighting where few would return out of a company, so it can be seen that Sergeant Boyles passed through terrible experiences and had some very narrow escapes. On November 3 he was hit at Verdun in the left shoulder by a high-explosive shrapnel and was sent to the hospital. After coming out he was returned to the hospital for further treatment. He was glad to get home and went to work in the butcher shop yesterday afternoon as if he had never been away and not in need of a vacation after such an active and notable career.—Woodburn Independent.

BUY IN SALEM ALWAYS

WHERE MERCHANTS ADVERTISE

(Corvallis Gazette-Times)
Eugene has a very fine business district, yet rents there are lower than they are here. For instance, the Eugene Guard last week moved into a new, pressed brick building, with 8,000 square feet of floor space, located right in the heart of the city, with a full cement basement and a fine gallery, all steam heated, all plate glass front for which it pays \$75 a month rent, with heat furnished. The G.T. pays nearly that much for a wooden building half the size, with no basement and no heat. The J. O. Penny Co. last week moved into a new building 50 by 100, steam heated and all, and the rent is very little in excess of what the same company pays here for a building not half as large, with no basement and no heat. Business is good and there are fewer vacant buildings than there were a few years ago. The merchants are good advertisers in Eugene, one concern having an advertising expense of a thousand dollars a month and others not missing that sum very far. As a consequence both Eugene papers furnish full telegraph reports.

JOHN P. STONE RECOVERING

Honolulu, T. H. May 3.—John P. Stone, secretary to the governor of Hawaii and former Oregon boy, successfully passed through an operation a few days ago. The operation was made necessary by an ulcer of the stomach. It was performed by another Oregonian, Dr. George F. Straub. Mr. Stone is recovering rapidly. John P. Stone above referred to is a nephew of Mrs. S. T. Hobart of Silverton, Wash. H. F. Fletcher, his maternal grandfather, was a pioneer of Howell Prairie. His father, E. H. Stone, is a brother of Dr. Stone of Salem. Mr. Stone went to Honolulu as a teacher soon after graduating from Whitman college, several years ago and has attained his present position by individual effort.

'ROUND COAST LEAGUE BASES

Yesterday's winners: San Francisco, Los Angeles, Portland and Vernon. The busy bees put on their working clothes again and had the game slated until the Seals tied the score in the seventh and won out the twelfth, 7 to 6. The score board shows Vernon won from Seattle 4 to 3. Seattle says this is all wrong and the game was protested when what appeared a home run, tying up the game for the Rainiers, was called otherwise. Red Oldham not only pitched a great game but tied the score in this ninth with a single and Blue clinched the Beaver win over the Oaks, 2 to 1, by a two bagger in the tenth. Taking a brace, the Angels pounded and federal taxes.

Bromley for a 11 to 6 victory over the Senators. Sacramento hammered two Angel slabs, but the bingles were not bunched.

DIED IN PORTLAND.

Mrs. Hattie T. Joyce, who for several years resided in Woodburn died at the home of her son in Portland on April 24, aged 79 years and 2 months. Deceased was born at Elgin, Ill., her maiden name being Kimball. She leaves one son, H. K. Joyce of Portland. Mrs. Joyce owned property on Settlemier avenue and was very highly esteemed here. The remains were brought to Woodburn and the funeral held Saturday, services being held at the home of Mrs. H. M. Caswell, Rev. C. L. Dark officiating. Interment was at Bella Pass.—Woodburn Independent.

FIRE AT JEFFERSON

About 10 o'clock Friday night the warning clatter of the fire bell brought our people rushing to the street. The trouble was found to be in the moving picture show in the Masonic hall. Help was quickly at hand, but the fire was a stubborn one and hard to get at, and burned like coal oil. It proved to have been started by the operator of the picture machine, Chester Van Nieu, having dropped a hot bolt on some films. Van Nieu, who is a cripple, made a hard effort to subdue the flames and had his hands and arms badly burned. He was unsuccessful, however, and before the fire was finally out damage to the amount of probably \$7000 had resulted to building and furniture and \$500 to films and picture machine, and it is fortunate the loss was not many times greater. Damage to building and furniture covered by insurance.—Review.

Personals

E. Cooke Patton and family drove to Portland this afternoon to spend Sunday with friends and relatives. C. B. Webb and family and Frank Meyers and family left this afternoon in their cars for Portland, Sunday they expect to drive to Mt. Hood. Mrs. E. R. Neal of La Grande is in the city visiting at the home of her sister, Mrs. C. E. Knowland, and at the home of her brother, Frank Ward.

WILLAMETTE MAY DAY GOVERNOR REGISTERS PROGRAM BIG SUCCESS

Many Brave Chill Air To Get In On Breakfast.—O. A. C. Beaten At Tennis.

Undaunted by an atmosphere that suggested icebergs, the students of Willamette were out in force this morning for the May breakfast with which the program of the day opened. From an early hour until after 9 o'clock the six tables provided by the students were kept filled and the waffle irons and the coffee-pot worked overtime to meet the demands of the hundreds who came for a meal with a touch of romance about it. The proceeds of the repast are not stated, but there will be a generous amount added to the student's fund.

The tennis matches which occupied the middle of the forenoon made an attractive event, although a bit on one side. The Willamette champions played in excellent form, Miss Mary Findley winning from her O. A. C. opponent, Miss Holt, with a score of 6-2, 6-4. Moodhe, of Willamette, one of the liveliest racket men who ever played on the campus court, defeated his O. A. C. opponent with a score of 6-2, 6-2.

The balance of the forenoon was occupied by a group of the young ladies in preparing the gorgeous floral canopy among the shade trees, where, at one o'clock this afternoon the pretty ceremony of crowning the May Queen took place before a throng of spectators. Miss Wible, in her regal costume, looked every inch the queen and carried off the part in a stately manner, and the little flower girls and dancers made a most beautiful spectacle in their evolutions about the Maypole.

Following this there was a series of rapid-fire events on the Willamette track, with the warriors from Chemawa contesting with the university for honors, which were pretty evenly divided. The most thrilling point in the program comes at 5:30 this evening when the sophomores and freshmen will stage the annual tug-of-war across the mill race, which means that the losers go in for an ice-cold bath.

Portland Man Killed When Speeding Motor Car Upsels

Portland, Or., May 3.—Overturning while being driven at the rate of 45 or 50 miles an hour, the automobile of L. G. Jones killed his companion, Roy Switzer, 37, late yesterday afternoon near this city.

Jones was seriously but not fatally hurt. He will probably be charged with driving an automobile while intoxicated. The machine was completely wrecked.

Toledo To Get Rickard's Big Battle, Reports Show

Cleveland, Ohio, May 3.—(United Press.)—The Cleveland Press, in a story printed today, said the Willard-Dempsey battle for the world's championship will be staged in Toledo, Ohio, July 4. Although official announcement of the decision to hold the fight in that city has not yet been made, the Press said "sporting men in close touch with the details of the site-seeking efforts of Rickard are authority for the statement that Toledo has been decided on." The Press also said it "seemed certain" that Matt Hinkel, Cleveland, would referee the bout.

Born

TURNELL.—To Mr. and Mrs. Samuel Turnell at Turner, April 20, 1919 a daughter. She has been named Doris Jane.

BROWN.—To Mr. and Mrs. Guy R. Brown, April 27, 1919, a daughter. Her name is Helen Louise.

KARNER.—To Mr. and Mrs. Mike Karner at their home five miles southwest of Salem, May 2, 1919, a son. His name is Michael Joseph.

BRAY.—To Mr. and Mrs. John W. Bray at their home two miles east of Salem, a daughter. She has been named Doris Lorraine.

MRS. ADELMAN MYSTERIOUSLY DISAPPEARS

Mrs. Rosa Adelman, wife of John Adelman of this place disappeared from her bed and home last Friday morning between 1 and 3 o'clock, according to the statement of her husband, and no trace of her has as yet been discovered. Mr. Adelman did not confide the fact to his neighbors, but went first to the homes of his daughter and son near town and notified them and they made investigations, but the news was not generally known until Saturday morning. Sheriff Needham was notified and came up Sunday and got all the evidence possible, but could not get a clue. He is inclined to believe she is in Pudding river, and if so, cannot be found until her body comes to the surface.

It was first rumored that she had left for the home of her son in Alaska, but investigation gave no evidence to that theory.

Among the causes attributed to her departure are worry over her son's loss of an eye, or domestic troubles, that she is a suicide, there is also suspicion of foul play.—Gibbs Star.

The bolshevik commissioner at Petrograd has ordered the sale at auction of all the scientific instruments belonging to the institute of public studies. An exhibition of French art works was opened at Zweibrücken in Bavaria this week "to make the country acquainted with the genius of France."

WILLAMETTE MAY DAY GOVERNOR REGISTERS PROGRAM BIG SUCCESS

Oicott Assures Navy Department Maintenance If Ship Is ment State Will Provide For Turned Over.

When Governor Oicott read the newspaper interview with Franklin D. Roosevelt, assistant secretary of the navy, stating that the government might consider turning over to Oregon the famous battleship Oregon if this state would relieve the government of all expense in connection with its care he immediately got busy in an effort to bring this much desired event to pass.

Governor Oicott today telegraphed to Assistant Secretary Roosevelt saying: "Our state is strongly attached to the famous battleship Oregon and vitally interested in her preservation for historical and sentimental reasons. Our legislature unanimously adopted resolution urging navy department to loan her to this state for training ship for naval militia. In newspaper interview you are quoted as saying government might turn ship over to Oregon if government was relieved of expense. This state has fund of \$10,000 now available for care of ship and is anxious to process ship on terms agreeable to government. As governor I not only earnestly petition you to grant request from our legislature, but give every assurance that we are ready to take care of this famous battleship."

The recent legislature appropriated \$10,000 for the maintenance of the Oregon naval militia, which since war has been organized in this state. This fund in practically intact and can be used for the care and upkeep of the battleship Oregon. If this fund should not be sufficient for that purpose the governor is confident that the citizens of the state interested in the famous old battleship would cooperate with the state in providing funds for keeping the battleship here. "While I am not advised as to the cost of taking care of a battleship," said Governor Oicott, "I feel fully justified in urging the secretary of the navy to give this state possession on the terms which Mr. Roosevelt intimated would be satisfactory to the government, because if the appropriation available for the naval militia is not sufficient some means will be found to supply the deficiency."

MORE DOUGHBOYS OF A.E.F. LAND IN STATES

New York and Newport News Welcome Troop Ships Arriving Today.

New York, May 3.—(United Press.)—Carrying the 119th field artillery of the 32nd division, the cruiser Frederick arrived here today from Brest. Other units aboard were the 46th aero squadron and casual companies.

While the 119th was originally composed exclusively of Michigan and Wisconsin troops, the organization returning today included men from practically every state in the union. Only about 33 per cent of the men were from Michigan and Wisconsin. This was the result of replacements. It was part of the 32nd division. The 119th lost 44 men killed and 2200 wounded.

On June 11 the unit was sent to two battle front in the Toul sector. It also went into action at different times at Chateau Thierry, Soissons and the Argonne.

The 119th backed up sixteen different infantry units in different parts of the fighting front.

Newport News, May 3.—(United Press.)—Bringing 22 officers and 828 men of the 53rd pioneer infantry, casual company 627, companies E and F of the 114th engineers, 13 casual officers and eight civilians, the battleship Vermont arrived this morning from Brest.

LIBERTY BOND QUOTATIONS

New York, May 3.—Liberty bonds were quoted here today as follows: 3 1/2's, 98.72; first 4's, 95.90; second 4's, 94.30; third 4's, 95.36; fourth 4's, 94.40.

The job of lubrication in an automobile spring is not an easy matter, as it is usually carried out with a leaf spreader. By placing two jacks under the frame of a car and lifting the end up, the weight of the vehicle is removed from the springs, so that it is easy to work grease and graphite in among the leaves by means of a back-saw blade or similar tool.

When the brakes are not adjusted equally, not only is there danger of skidding, but tire wear will result. When the brake on one side locks its wheel, while the other is still revolving, the casing on the locked side is scraped along the ground, to the detriment of the tread.

It is advisable to use the best quality of oil in the motor. A medium grade will be best adapted to most types of cars and oiling systems. Frequently it is desired to use an ordinary oil filler can with a metal spout in filling some out of the way oil hole. By showing a piece of rubber hose over the end of the spout almost any location can be reached.

NORMAL SCHOOL FETE PLANS COMPLETE

Annual May Day Exercises To Open With Processional, Friday.

(Capital Journal Special Service.)

Monmouth, Or., May 3.—The annual May Day exercises of the normal will be held on Friday, May 3, beginning at 9:30 o'clock with the processional, in which will be represented the senior and junior classes of the normal, the Monmouth and Independence training schools, the Mountain View, was rural and Elkins rural centers. Other events in which the seniors and juniors will contest in order to decide the winner of the cup offered by President Ackerman to the class securing the most points are: The Maypole winding, the folk dancing, an original drill, tennis and volleyball. In addition to these events there will be a relay race among the boys from the training schools and the rural centers, four to be selected from each school. The winner will deliver the decision of the judges to the queen and the school will be awarded an Oregon normal school pennant. The day's activities will close with a baseball game. The judges of the events are: H. G. Starkweather of Portland, a member of the board of regents of the normal; Miss Cummings, head of the physical education department, U. of O.; and Assistant State Superintendent E. F. Charleton. Everyone is invited.

All of the details for the opening of the summer term of the Oregon normal on June 23 have been completed. Provisions have been made for all of the regular courses and for additional courses in the methods in all of the elementary subjects. A special course in physical education will be offered to prepare teachers to comply with the law passed by the last legislature which requires that a definite time each day be devoted to this subject. In addition to the regular courses special lectures will be heard, musical programs will be given and an especially splendid list of motion pictures will be shown. The correspondence indicates a large attendance during the summer session.

"Black Damp" Overcomes 26 Miners In Colliery

Kilkesharre, Pa., May 3.—(United Press.)—Twenty-six miners were overcome today at the Nottingham colliery of the Lehigh and Wilkesbarre Coal Co. at Plymouth, as the result of "black damp," which formed from a mine fire that was raging about two miles from them.

First reports from the colliery were to the effect that several had been killed and as a result hundreds of people flocked to the head of the shaft. First aid calls were sent to the various hospitals and automobiles and ambulances rushed to the scene. A careful checking up shows there were few fatalities.

MRS. CHRISTIANA WOLFER DIES

After an illness of several months, Mrs. Christiana Wolfer passed to the great beyond Tuesday afternoon, at the age of 63 years, 11 months, 8 days.

Funeral services were held in the Congregational church Thursday afternoon at 2 p. m., conducted by Rev. S. E. Long. Interment in the Hubbard cemetery. The floral offerings were many.

Christiana Stauffer was born in Bethel, Mo., May 21, 1855. When a babe of three days crossed the plains with the company that settled in Wilkesbarre, Washington Territory, where she lived for 9 years; was married to Wm. Wolfer at the old Stauffer home north of Hubbard; September 3, 1876, having resided near and at Hubbard until her death. She is survived by her husband, Wm. Wolfer; daughters, Mrs. O. H. Miller, Barrett, all of Hubbard; Mrs. H. H. Barrett, all of Hubbard; Mrs. G. G. Hershberger of Ridgefield; Mrs. O. W. W. Wolfer of Waukegan, Wis.; Mrs. Louis Vogt, Mrs. Co. besides Mrs. Mary Stauffer, Carrie Warner, Miss Mary Stauffer, and sisters; John Stauffer, brother; and the following grandchildren: Lowell, Kenneth, Raymond and Morris Spagie, Orva Barrett, and Jona Hershberger.—Hubbard Enterprise.
