SOCIETY.

By GERTRUDE ROBINSON

A most interesting and unusual program will be given by a favorite young colored musician, Miss Agnes Habel, at the First Congregational church, Friday, May 9th at 8:15 p. m. The program will consist of both piano and vocal numbers in which this young musician is equally talented. The latter part of the program will be arranged from compositions by negro composers, in which Miss Habel is much interested. She is working hard to make herself proficient in both vocal and piano and is deserving of much commendation. The public is cordially invited.

The Omeheta chapter, Daughters

of the American Revolution, will give a luncheon and reception, Saturday, May 17th, in honor of Mrs. Isaac Lee Patterson, newly elected vice president general of the national order. An effort will be made to reach all women who are eligible to membership in the order.

Mrs. Carlton Smith, accompanied by her sister-in-law, Mrs. Harold B. Looney, of Jefferson and Mrs. D. H. Looney, are in Portland awaiting the arrival of Major Carlton Smith, who has been with the medical corps in France. The party is domiciled at the Imperial.

Several sorority dances will interest the college folk at O. A. C. this week end, and a number of Salem folk will go to Corvallis to attend. Chi Omega will entertain with its annual dance at the chapter house Saturday night. Patrons and patronesses for the affair will be Mrs. Mary E. Pawcett and Dean and Mrs. George Peavy. Several Salem girls are members of Chi Omega.

Pi Beta Phi also will entertain with a dancing party on the same evening. The inter-fraternity dance will be an event of May 17 at O. A. C. More than a dozen men's Greek letter societies will be hosts for the affair.

Mrs. F. M. Wilkins, state regent of the Daughters of the American Revolution left Eugene yesterday for Medford for the purpose of organizing a chapter of the order in that city. She will be the guest of Dr. and Mrs. Fred Thayer while there.

a question that no one can answer with certainty. The chances are that the treaty will be accepted by both. Its terms are hard, but deservedly so." St. Louis Globe-Democrat: "The most cursory examination should impress one with the extent of Germany's disaster. Yet, severe as the terms are, few can say that they are not necessarily just in view of the colossal calamity which Germany brought upon the world." St. Louis Republic: "The time consumed was not excessive. The agreement which was attained is reasonable and the result which flows from the conference will affect the history of the world in every quarter of it for unknown centuries to come and this is true whether the treaty works as it is intended to work or fails."

chances of ratifying such an agreement are slim. The attitude here of senators on the agreement as a whole was shown by Senator Borah who said he would make no comment until he had a chance to study the text of the treaty itself. Borah reiterated his intention to try to get congress to authorize a national referendum on the league of nations.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

determine the period within which the final answer must be given by his negotiation.

His Reply Lengthy.

"I wish to add that when we receive any observations from the German negotiation on any point of the treaty we shall not wait until the end of the fifteen days to give our answer. We shall at once proceed in the way indicated in this document."

The reply of Foreign Minister Brockdorff-Rantzau, head of the German commission, was of much greater length than had been anticipated. Possibly the most sensational portion was his speech was a virtual demand for immediate admission of Germany into the league of nations.

"Only if the gates of the league of nations are thrown open to all who are of good will can the aim be attained and the dead of this war will not have died in vain," he declared.

"A peace which may not be defended in the name of right always calls forth new resistance. Nobody will be capable of subscribing to it with good conscience, for it will not be possible of fulfillment. Nobody could be able to take upon himself the guarantee of its execution, which ought to lie in its signature."

Mandatories Arranged.

Shortly after conclusion of the meeting at the Trimmann Palace hotel, official announcement was made of the "big three's" decision regarding disposition of mandatories over former German colonies, under the league of nations.

Great Britain and France will make a joint recommendation to the league of nations regarding the future of Togoland and the Cameroon.

The British will exercise a mandate over German East Africa and Pleasant Island.

Japan will control the German Pacific islands north of the equator.

German colonies will be apportioned among British dominions as follows: German Southwest Africa to the Union of South Africa.

German Samoa islands to New Zealand.

German Pacific islands south of the equator, exclusive of the Samoan and Pleasant islands to Australia.

the Dallas city council to act as a speed officer on the city's streets this summer presented his resignation at the council meeting Monday night and the same was accepted. Mr. Strumway's action in resigning was caused by a proposition for yearly employment being offered him as a traffic official by the authorities of Washington county. While in Dallas the officer made the arrest of Henry Gohrke for exceeding the speed limit and put a stop to speeding on several of the principal streets of the city.

Electric Cooking Cuts Meat Bills

THE Hughes Electric Range effects a wonderful saving over other fuels in meat shrinkage—frequently as much as a pound on a single roast. With meat at from 25c to 35c a pound the saving on meat bills each week is a very appreciable one.

The remarkable oven, with walls as heavily insulated and heat-conserving as a fireless cooker, retains all the rich juices of the food usually carried off by air currents, and the delicate flavor often spoiled by gaseous fumes.

This is but one of the many unusual cooking advantages of the Hughes Electric Range. You can bake bread evenly without turning it; roast meat without basting; brown cake as evenly on the bottom as the top; cook cabbage and onions in the oven with very little water and no odor—at the same time obtaining better flavored food than you have ever before known.

Think what it means to get results like this, with even less work than any other method of cooking requires. Think what a relief it is to be freed forever from the danger of flames or the bother of carrying dirty fuel, to be rid of the film of soot or gummy deposits on range, walls and woodwork—to have a dirtless range and an immaculate kitchen. The Hughes Electric Range will give you all these conveniences; and, in addition, a cooler kitchen, purer air, more time away from your kitchen.

The Hughes Range has been used and endorsed by the country's greatest cooking authorities, Marion Hazis Neil, Janet McKenzie Hill, Alice Bradley, Mrs. Lemcke-Barkhausen. It has been approved by Good Housekeeping Institute, and given the world's highest official award, the Panama-Pacific Gold Medal. Let us tell you why it has won all these distinctions.
