

OUR RUG PRICES

We understand that it is quite easy to make claims one's prices are "the lowest in town," and all that sort of thing. Talk is indeed "Cheap". Still, when a store knows that it undersells every other store and at the same time gives qualities that are not to be found elsewhere, why should they not claim to have just those things?

We know that our rug prices are far below those of other stores. We know that the quality of our rugs cannot be beaten. We invite you to see our rugs—and the others—then you can believe our claims. Just keep in mind you get more for your money at—

Oregon Theater Improves System Of Ventilation

Patrons of the Oregon Theatre will be pleased to learn that the final touch of efficiency and comfort has been added to that resort by the installation of a powerful five-foot ventilating fan, to be driven at high speed by electric motor and capable of changing the entire air of the theatre in a few minutes. It is located in a cement chamber in the basement and controlled by a switch upon the stage. On one side of the chamber is an ingenious water-screen, by which the incoming air will be cooled in summer. On the other side is a screen of heating apparatus that will take the chill off from the blast of air in the winter. The reporter, who hails from Nebraska, was given a touch of homesickness when he went down to witness a test, for it reminded him of Hastings in the cyclone season. From the vault the air is forced upward to the upper part of the auditorium and dropped upon the audience, who will never know where it comes from, and at the same time the foul air is drawn off through floor passage. This improvement, put in at large expense by Manager Kupper, leaves nothing more to be wished for by his patrons.

MEHAMA PIONEER IS HOST ON BIRTHDAY

Family Reunion Held On 90th Anniversary Of Birth Of Lewis Stout.

(Capital Journal Special Service.)
Mehama, Or., May 10.—A family reunion was held Saturday at the home of Lewis Stout in honor of his ninetieth birthday.
The following children were present: Ray L. Stout and family of Portland; Luther Stout and family, Mrs. C. A. Mulkey and family, all of Salem; Mrs. Joseph Stephens and daughter of Portland; Mrs. Fred Horner and family of Mill City; and Mrs. W. P. Mulkey and family of Mehama.
Lewis Stout is one of Marion county's oldest pioneers, having crossed the plains from Iowa in 1832 settling on a donation claim near Mehama. Although past the four score and ten mark, he can be seen working among his flowers or walking about the little town.
A feature of the Sunday school Sunday was his birthday offering which was so nicely carried out. Six of his little granddaughters marched up and each dropped 15 pennies in the birthday box, then wished their "granda" many more happy birthdays.

Mr. Miller, a contractor from Stayton, started work Monday on a new bungalow for Mrs. Susan Fenton. Mrs. Fenton has lived here for the past 20 years and will soon have a fine new home. The outlook for the growth of our town is real optimistic and we congratulate Mrs. Fenton on choosing Mehama for her home.

H. J. Listy, one of the owners of the Ogle mine on Ogle mountain near Elkton, was in town a couple of days this week. The Ogle is one of the best equipped mines in the state and there are a number of men working there now. The only way getting to it is by pack and the snow is two feet deep there now.

George Riggs and family of Portland were week-end guests of their daughter, Mrs. John Allen.

Mrs. B. F. Beringer and sons received their new Ford this week.
Judge and Mrs. Bushey were in Mehama for a short time yesterday afternoon.

Mrs. Boyer and Tompkins bought a bunch of milk cows the first of the week. They now have their ranch well stocked with cows. They moved here from Salem about six months ago.

Linger, Wednesday afternoon. Spine and novelty were added to the meeting by the ladies appearing in character costumes. Mrs. Canlinger won first prize on costume and Mrs. Morefield first for so cleverly acting the part of the character she represented.

Court House

In the case wherein Pearl Wood of Silverton is suing the administrator of the estate of Earl Wood, the defendant answers that the Dwight Misner farm was bought for \$14, that it was decided direct to Earl Wood and that there was no record showing that Pearl Wood had any interest in the transaction. It is alleged that Earl Wood advanced to Pearl Wood at various times the sum of \$4121.77, none of which has been repaid. If the court finds that Pearl Wood really did have an interest in buying the Misner farm, then the administrator asks that the \$4,122.77 be deducted from that interest.

In the suit of the Pheasant Fruit Juice company against G. W. Johnson, Jr., the defendant answers that from the contract it was hard to determine from what land the berries were contracted and that it was agreed he should determine the amount. He delivered 4338 pounds at 5 1/2 cents a pound which he figures were worth \$132.55, plus the bonus of \$10.89. He alleges he only got \$114.42. When the berries were delivered they were worth on the market five cents a pound. He asks that the suit be dismissed and that he be paid \$73.78 and costs.

C. I. Leavengood has filed suit against Sam F. Ohles for \$111.55. He alleges that he was employed by Mr. Ohles to find a purchaser for some farm implements and stock on which he was to receive the usual commission. He found a purchaser, the figure being \$2331 and on this basis he alleges he should have received \$116.55. But only \$5 of this amount had been paid and he claims he is entitled to \$111.55.

In the matter of the estate of Alfred L. Sandberg, deceased, the estate was appraised at \$200 by C. J. Carlson, Jas. E. Cole and Gerald Weise. The estate consists of two lots in Beuna Vista orchards.

The estate of Ira May Johnson has been appraised at \$3180. This includes lots in Bend, a lot in Rose City park of Portland and 12 1/2 shares of stock in the Unquah valley bank of Roseburg. The appraisers were J. W. Miller, C. B. Patrick and Geo. W. Steelhammer.

In the matter of the estate of Lai Lee Sun, deceased, the executors Woo Lai Sun and Suie Lai Sun were given an approval of their sale of an undivided one fourth interest in the estate amounting to \$175.87.

May 19 has been set as the date for the sale of lot 3 in block 5 of the original town of Salem. This is part of the Elizabeth Krueger estate, of which Edward Schunke is administrator. Freda Krueger is the sole heir.

In the matter of the suit of S. & F. Uhlman against Kin Daw et al, the court gave the receiver permission to borrow \$1000 at not more than 6 percent to be secured by a first lien on the crop and farming implements.

Pearl Mitchell has sued J. D. Mitchell for a divorce. They have four children. She alleges he deserted his family two years ago. She asks that the oldest boy, 16, be left in care of the father but that she be given custody of the three children 14, 11 and 9 years of age. She asks \$50 a month to care for the three children.

To quiet title and declare certain interests, Jas. W. Crawford has brought suit against William Schindler and others. The plaintiff asserts that he is owner in fee simple of a 7-12th interest in 120 acres of land in T 9 S, of range 2 east. That the defendants claim some interest. He asks the court to determine the interests and that he be declared owner of the 7-12th undivided interest in fee simple.

A. S. Powell and C. W. Sears have brought suit against R. C. Barfield for \$519.66 and \$191.50 interest. The suit is the outcome of a purchase in 1911 of the Belgian stallion Max Yvonne for \$3000 from the A. C. Roby Co. of Portland. Action was brought on the note for \$3000 in Lane county and judgment issued against A. S. Powell and C. W. Sears. As R. C. Barfield was one of the original purchasers, it is alleged, and that he was to pay one sixth of the purchase price, the suit is brought in this court, for the \$519.66 and the \$191.50 interest.

Electric Cooking Cuts Meat Bills

THE Hughes Electric Range effects a wonderful saving over other fuels in meat shrinkage—frequently as much as a pound on a single roast. With meat at from 25c to 35c a pound the saving on meat bills each week is a very appreciable one.

The remarkable oven, with walls as heavily insulated and heat-conserving as a fireless cooker, retains all the rich juices of the food usually carried off by air currents, and the delicate flavor often spoiled by gaseous fumes.

This is but one of the many unusual cooking advantages of the Hughes Electric Range. You can bake bread evenly without turning it; roast meat without basting; brown cake as evenly on the bottom as the top; cook cabbage and onions in the oven with very little water and no odor—at the same time obtaining better flavored food than you have ever before known.

Think what it means to get results like this, with even less work than any other method of cooking requires. Think what a relief it is to be freed forever from the danger of flames or the bother of carrying dirty fuel, to be rid of the film of soot or gummy deposits on range, walls and woodwork—to have a dirtless range and an immaculate kitchen. The Hughes Electric Range will give you all these conveniences; and, in addition, a cooler kitchen, purer air, more time away from your kitchen.

The Hughes Range has been used and endorsed by the country's greatest cooking authorities, Marion Harris Neil, Janet McKenzie Hill, Alice Bradley, Mrs. Lemcke-Barkhausen. It has been approved by Good Housekeeping Institute, and given the world's highest official award, the Panama-Pacific Gold Medal. Let us tell you why it has won all these distinctions.
