

"Sure! It's A HARLEY-DAVIDSON! Dad Says It's America's Finest Bicycle"

Dad knew what he was talking about when he said that. And every American boy who owns a Harley-Davidson bike knows it, too. He's mighty proud to own America's finest. The

Harley-Davidson Bicycle

is built to the measure of the American Boy. It's sturdy—just the bike to stand hard, slam-bang, every day use—just the companion you want—always ready.

Bring dad with you to see the 1919 models.

What machine to buy is often the perplexing problem to a prospective phonograph buyer. We say to you that the Brunswick is the machine to buy because it gives you tone equal to the best machine made and you have every modern appliance on the Brunswick. It is ALL OTHER machines in one. When you buy a Brunswick you get what you would have if you should buy all of the other four leading phonographs. In other words it takes four phonographs of other makes to equal one Brunswick.

SHAW NEWS ITEMS.

(Capital Journal Special Service.) Shaw, Or., May 8.—One of the very pleasing events of the past week was an evening party given at the home of Mr. and Mrs. Ernest Peterson's Saturday evening, May 4, at which all had a most enjoyable time. The evening was spent in games. Refreshments of ice cream and cake were served.

for week end at O. A. C. The little son of Mr. and Mrs. Jas. Mahony has been quite ill the past week, but is much better. Mr. and Mrs. J. E. Cutsforth and Frank Cutsforth visited at John Imloh's Sunday. Mr. and Mrs. Ruben Short spent the latter part of the week at Mill City. Mr. Short has bought a stock ranch there and will move there the coming fall.

SAD CAST OF TURNER BOY.

We learn that Rev. Harris, age 26, a son of Mr. and Mrs. W. H. Harris, who has been for some time at the Letterman hospital at the Presidio, California, is not improving and has recently had a mental unbalance. While in the army at Vancouver barracks, he had charge of a ward in the hospital. While there he was operated upon for fluid of the stomach. His condition not improving, he was taken to the government hospital at the Presidio for expert treatment. A few days ago he underwent another operation on the stomach for an abscess. Ray Harris was born and grew to manhood in this city; was a young man of the best character and enjoyed a large circle of friends who now regret to learn of his present condition and trust that he may yet be successful in his battle toward permanent health.—Turner Tribune.

from experience that buying inferior equipment to save money is like stopping the clock to save time. What he saves on the original investment he pays for many, many times over in extra repairs, delays, higher depreciation and unsatisfactory service.

One motor truck may sell at a low price and at the end of the year show a much greater cost for hauling (per ton mile) than a truck that sells for twice as much. Therefore, it is not the price you pay, but the years of satisfactory service you get out of a motor truck that determines if you have made an investment that will do your hauling economically.

INTERNATIONAL MOTOR TRUCKS

have never been built with a view to being sold at a low price. Price was never taken into consideration when they were designed. International engineers were instructed to design the best motor truck that could be built REGARDLESS OF PRICE—and the International line of motor trucks is the result of this policy.

International Motor Trucks are built in 1500, 2000, 3000 and 4000 lb. capacities
