

### For Constipation! Physic Purge or Laxative?

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without griping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulency and other digestive ills.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing increased taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—5c and \$1.00.

event in the program of attractions, and this season it promises to be equal to anything presented in the past. There are two other reasons why it should be greeted with a packed house; it is a Salem institution and as such has always been ready to assist in any way in community activities; again, it has been decided in order to place the concert within the reach of everybody, to make a uniform price of 25 cents for seats anywhere in the building, although it is customary to make a charge of from 50 cents to a dollar for a program of this kind.

The club now includes 18 members, practically all of the old members and well-drilled through former tours, and contains the best talent to be found in the university. The group has had the most thorough training under Professor John R. Sipes, who expresses himself as very well pleased with their work and calls their program a very good musical presentation.

In addition to a strong line of choruses work, there will be a number of solos and readings. The renditions will be ably supported by Miss Florence Shirley, an accompanist.

A prominent feature of the concert will be the numbers of the Premier Quartet which has sung in about 150 towns in Oregon and Washington during the past four years. This is the last appearance of this quartet in its present personnel, as it will be changed next year, and their friends will be eager to take this opportunity to hear them together.

The club will give a number of concerts in the state, but owing to the shortness of the season will not be able to fill all demands for its appearance. Last season they sang in 33 different towns.

mission to meet them in an open manner.

Lenine's peace proposals, to the allies, through the Ballist mission, according to Makowski, was as follows:

The bolsheviki would agree to pay all debts of the old regime. This could be done partly in gold and partly in materials.

The bolsheviki would keep their armies within the boundaries of the present soviet republic until a plebiscite could be held in territories surrounding it. By this plebiscite, Siberia, Ukraine, Courland and all other buffer states in the former Russian empire could decide whether they wanted to remain independent or join a Russian soviet confederation.

The soviet government would also agree to withhold its propagandists from other countries.

Demobilization of the bolsheviki army would take place as soon as the allies withdraw their forces.

Allies Asked to Withdraw

On the part of the allies, it was proposed that they evacuate Russian territory, cease financing or encouraging opponents of the soviet government, lift the blockade and permit the bolsheviki to buy railway equipment and other machinery. The bolsheviki further asked the allies to recover 1,000,000 rubles in gold, captured by the Czecho-Slovaks at Przemysl and now held in Siberia, to be used in payment of Russia's debt to the allies.

"The bolsheviki will make no invasion of Germany or any other country," said Makowski. "The Germans and the heads of other states know that, even if the people do not. On all sides our enemies are on our soil—the allies at Archangel and in southern Russia, and the Germans along the Russian border. We have an army of 100 million men, all workmen, but commanded by officers of the old army who must work and are glad of a job. They get the same pay as the privates. But this army will be disbanded as soon as the allies and Germans withdraw their armies."

Mrs. F. A. Legg received word today from Mrs. B. L. Steeves stating that she and the doctor had reached Richmond, Virginia, in the course of their trans-continental tour. About sixty miles south of Richmond, they were hailed by the occupants of a Ford, and returning, found them to be Mrs. Harry Minto, of Salem, and her sister, Mrs. Wrightman. The two women were motoring alone and had been traveling for thirteen months. They had seen the "Oregon" pennant on the back of the Steeves car and took a chance on it being someone they knew. Mrs. Steeves states that the trip is highly enjoyable and that she and the doctor are making the best of every pleasurable opportunity offered.

Salem club women will be interested in the account of the luncheon given by the Portland federation of women's clubs, Saturday, where Governor O'cott and Mrs. Alexander Thompson were the principal speakers. Concerning the affair the Portland Telegram speaks as follows:

Two hundred and fifty women gathered at luncheon given by the city federation of women's clubs in the Portland hotel Saturday noon, when Governor Ben O'cott made his initial appearance before women's organizations of Portland. Approximately 3000 women were represented by members of the federation. Governor O'cott spoke directly to women voters regarding the bond issue to be voted on at the coming state election when the fate of many public buildings, including the erection of a new penitentiary at Salem, hangs in the balance.

Mrs. G. J. Frankel, first president of the city federation of women's clubs who was recently elected to serve another term, outlined plans of the federation's work for the coming year, reporting conditions met by the federation during the past year.

She said there are approximately 250 dancing parties a month in Portland and that the dance hall conditions are deplorable.

Mrs. George Baker addressed the women upon civic affairs. Mrs. Alexander Thompson, a member of the state legislature, gave "side lights on the last term of legislature." Miss Jessie McGrogan, chairman of the luncheon committee, introduced the speakers. The musical program was given by the following guests: Dolph Thomas, baritone; Mrs. E. L. Knight, violinist; Miss Daisy Gibson, contralto; Miss Rhea Anderson, Mrs. B. Bruckett, Mrs. Florence Jackson Youney and the Monday Musical club chorus under the direction of Mrs. Row Cussen Reed.

Mrs. Henry Bell, who has been visiting in Portland, has returned home.

A group of Portland folk motored to Salem Sunday and were the guests for the day of Miss Kathryn Gunnell and Mrs. J. L. Stockton. Previous plans for a picnic were abandoned because of the unsettled weather, but the day was pleasantly spent with a picnic dinner indoors, music, and a drive about the city. Those present were Mr. and Mrs. Verator, Miss Myrtle Johnson, Miss Warner, Norman Allison, Professor Grant Gleason, Mr. Carter, Mrs. Anna Culbertson, Leon Culbertson, B. B. Robb, Mrs. J. L. Stockton, Miss Zoe Stockton and Miss Kathryn Gunnell.

Mrs. L. B. Holzman (Celia Haines) of Portland has returned home after a few days visit with her parents, Mr. and Mrs. L. P. Haines.

The first dinner dance of the season will be given at the Ellice Country club tomorrow evening.

### DAILY HEALTH TALKS

The Troubled Women Have

(By L. MAE LEAN, M. D.)

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that came to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weakly, sickly, backache, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, no charge being made for this high professional service. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!

Mrs. Esther Allen Jobs, who has been attending the national congress of the D. A. R. at Washington, D. C., will reach Portland tomorrow. Mrs. Jobs was recently elected national historian of the Daughters of 1812.

L. L. Thomas of Marshfield, Or., and Mrs. Alvie Thomas and Little Louine of Stayton visited with their parents, Mr. and Mrs. W. E. Thomas of Salem over the week end.

The missionary society of the Jason Lee M. E. church will meet tomorrow afternoon at 2:30 at the home of Mrs. Roscoe Dickey, 1440 North 5th street. The meeting will open with the presentation of the mite boxes.

### HOW TO BATHE FACE TO REMOVE WRINKLES

Since its remarkable antiseptic and tonic properties became known, clever women all over the country have been using the axolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus reducing lines and sagginess. The formula is: Powdered saxolite, one ounce dissolved in witch hazel, one half pint.

These ingredients are of course perfectly harmless and there is no difficulty in obtaining them at any drug store.

### Former Salem Boy Is Now Serving In France

(Maumee (Ohio) Advance.)

Luther Myers has received a letter from his young friend, Sgt. Ralph W. Mason, in France, extracts from which are here given:

Lellavre, France, April 9.—Dear Friend: I received your letter and golden wedding card several days ago, and was more than pleased to hear from you. We are now in an operating park where they operate more than 100 trucks, and there is something doing all the time. We were stationed here from last July till November. Then we went to Rouen. Then we were over to what is called motor reception park. That is where all gasoline equipment that came to this base section No. 4 was assembled. I had charge of assembling and had over 250 men under me. We turned out some trucks and cars, too, I tell you. At one time we received one convoy of thirty boat loads of tractors, trucks, cars of all kinds and ambulances, and you can get some idea of what we were doing. Although we never got to the front, we worked night and day just the same.

I am sergeant mechanic of our company, and we are supposed to have 75 men, but since we were reorganized to the motor transport corps we have had

Only Cox's Few Ointment—Make It Your Own—Same as Ordinary Tea.

Ask grandma about Dr. Carter's K & B Tea and she will tell you that thousands of people used it as a spring cleaner and tonic in her younger days because it was justly famous as a really efficient herbal remedy. To drive out of the system the accumulated impurities of the winter is good advice, and people who want better blood and keener enjoyment of life should not neglect taking at least a two week treatment of gentle health-building K & B Tea. Druggists will tell you that scores of people enjoy a cup at bedtime because it keeps liver and bowels in proper condition and ends without attacks and sick headaches. Give it to the children; they like it, and it acts very gently on their little bowels. Be sure you get

## Electric Cooking Cuts Meat Bills

THE Hughes Electric Range effects a wonderful saving over other fuels in meat shrinkage—frequently as much as a pound on a single roast. With meat at from 25c to 35c a pound the saving on meat bills each week is a very appreciable one.

The remarkable oven, with walls as heavily insulated and heat-conserving as a fireless cooker, retains all the rich juices of the food usually carried off by air currents, and the delicate flavor often spoiled by gaseous fumes.

This is but one of the many unusual cooking advantages of the Hughes Electric Range. You can bake bread evenly without turning it; roast meat without basting; brown cake as evenly on the bottom as the top; cook cabbage and onions in the oven with very little water and no odor—at the same time obtaining better flavored food than you have ever before known.

Think what it means to get results like this, with even less work than any other method of cooking requires. Think what a relief it is to be freed forever from the danger of flames or the bother of carrying dirty fuel, to be rid of the film of soot or gummy deposits on range, walls and woodwork—to have a dirtless range and an immaculate kitchen. The Hughes Electric Range will give you all these conveniences; and, in addition, a cooler kitchen, prettier air, more time away from your kitchen.

The Hughes Range has been used and endorsed by the country's greatest cooking authorities, Marion Harris Neil, Janet McKenzie Hill, Alice Bradley, Mrs. Lemcke-Barthausen. It has been approved by Good Housekeeping Institute, and given the world's highest official award, the Panama-Pacific Gold Medal. Let us tell you why it has won all these distinctions.
