Only Sixteen Per Cent Of Oregon Boys Returned To States, Says Miss Curtis

Governor Olcott has just received advice from Miss Evelyn P. Curtis, secretary and member of the Oregon Welcome commission at New York, that W. L. Whitlsey, who has continuously devoted himself to the work of the commission since the inauguration of the Oregon headquarters in New York City, has been selected as its chairman to succeed O. C. Leiter, resigned.

Miss Curtis also sends the interesting information that up to date only about sixteen per cent of the Oregon men in the service overseas have so far returned to New York, but she states she expects the final debarkation of Oregon troops during the month of September, provided the peace is signed within the next thirty or forty days. She states that many Oregon units have been returning almost daily during the recent period. Commenting further upon the work of the commission Miss Curtis says:

"We daily are serving scores and sometimes several hundred Oregon men in a way which we feel is sending them back with an appreciation of what the state is doing for them and an added loyalty and devotion to their country for having been received in somewhat nearly a home spirit here. You will also be pleased to know that we have been able through our efforts to get the back pay of a number of our Oregon soldiers and of some soldiers, who have lost their records, and were considerably embarrassed by such a situation. Senator Chamberlain has taken up the problem of discharges, and throughout our work has been most effective in handling these problems, which we forward him at Washington. The 1st division has left its eastern camps and the 18th engineers will leave here on Thursday morning. A large number of these men will arrive in Oregon very nearly or actually out of funds, except for the government bonus. They are hopeful of Oregon's fulfilling a promise to give all her old veterans a job when they return."

The Elerath Steel and Iron company of Portland has brought suit against Max Solof. The complaint recites that the defendant agreed to sell them 600 tons of scrap iron, located at Salem, Woodburn and Silverton and that \$500 was paid in advance for the consignment. This was in October of 1918. The complaint recites that there was concealed in the car without scrap iron and in another car two boilers weighing 6000 pounds which were not in the pile of scrap iron when originally bought. Also that the defendant had voided a car at \$6,900 pounds when it only weighed out 50,900 pounds. They ask for damages in three amounts, \$343.42, for \$500 and for \$60.52.

In the matter of the suit of C. J. Leavengood against Sam P. Obles, the defendant replies that he told Mr. Leavengood that he would give him five or ten dollars if he would get him a purchaser for his farming implements. That he did bring a pretended purchaser, but that the sale was finally made to another person. He asks that the suit be dismissed.

Levi B. Hanson has brought suit against Howard E. Clark and Mark A. Paulson for \$500, balance claimed due on a note of \$1000 signed at Rugby, N. D. and dated Jan. 2, 1915.

Lot 3, block 86 in the city of Salem has been appraised at \$5000 as part of the estate of Iva F. Turner. The lot is on the west side of Capitol street between Chemeketa and Center, about the middle of the block. The appraisers were D. W. Eyre, F. N. Derby and W. M. Smith. The balance of the estate consists of \$1000 in liberty bonds and \$15.82 in cash.

The estate of John Dayton Robertson, aged nine months, is valued at about \$2200. The father John Robertson, has been appointed guardian.

In the matter of the estate of Ralph Edwin Merrill all heirs have consented to the sale of real estate. This consists of 50 acres, the SW of the SW of section 21, T 7 S R 1 E and NE of T 7 S R 1 E.

The estate of H. P. Gray, deceased, has been appraised at \$7009.72 by W. J. Culver, W. H. Byars and J. H. Dunlap. Included in this appraisal is lots 5 and 6, block 17 of the University addition to the city of Salem, on which a valuation of \$4600 was placed.

Manager Robt. Paulus of the Salem Fruit Union, Secretary W. T. Jones, of the Willamette Fruit association, Supt. Allen of Hunt Bros. Packing Co. and Manager Drager of the Drager Fruit Co., left this morning for Portland where they will attend an important meeting of the Northwest Packers association. Among other things under discussion is the matter of uniformity in packing and shipping contracts.

Robt. Paulus reports an interesting meeting of the Butte Falls Fruit association at Butte Falls last evening, which he addressed on the subject of cooperation in production and marketing. There was a good attendance and evidence that the growers get that way are wide awake to their own interests.

SAVE MONEY ON SHOES FOR THE WHOLE FAMILY

From Foochow, China, comes this letter from R. E. Gardner, Foochow College: "Neolin Soles have solved the shoe problem for me. Other soles wore out quickly on the rocky roads here, and I had no end of trouble with them," he writes.

Where other soles fail, Neolin Soles always stand the test of hard wear and rough usage. This fact points the way to economy. Buy Neolin-soled shoes for the whole family, and so save shoe money. And have Neolin Soles put on your old shoes, too.

These durable, flexible, and water-proof soles are scientifically made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

STATE HOUSE NEWS

The attorney general's office, through Assistant Van Winkle, has given an opinion, based upon precedent, that all county measures may be placed upon the same ballot with the state measures to be voted upon June 3rd.

The Land Settlement commission, recently appointed by Governor Olcott, completed its organization at a meeting held in Portland yesterday and the first steps were taken in carrying out its plans of farm extension under the provisions of the new law. Work will begin at once upon the first of the "farm home" units on the 62-acre tract near Independence. Among other matters of business was the discussion of utilizing logged-off lands which are plentiful in various parts of western and southern Oregon. Superintendent C. L. Wheeler, of the McCormick Lumber company, appeared before the commission with a detailed statement as to the possibilities of these lands, and his plans were confirmed by Professor Scudder of the O. A. C. The commission named as a sub-committee to investigate these lands Mr. Wheeler, Prof. Scudder, Ray Simpson, Chas. T. Early and Mr. Everson.

Ralph Moody, of Portland, is the latest attorney to file a brief in the friendly controversy between Governor Olcott and Treasurer Hoff. Moody places stress upon the constitutional provision that the governor must be not less than 30 years of age and have resided in the state for at least three years. These qualifications are not required of the secretary of state; hence he holds it quite possible that these provisions might be contravened in the passing of the office of governor in fact to the person of the secretary of state. For this reason he contends that the secretary of state cannot become governor in fact.

The office of secretary of state has recently received the monthly statement of sales and taxes due from the Union Oil company of California, showing that they have sold in this state during the month of April a total of 363,759 gallons of gasoline and 60,651 gallons of distillate, which under the tax provision returns a tax of \$3949.86 for the month.

In the list of future dates for the public service commission will be a hearing of the matter of a spur crossing at Nesbitt tomorrow, and the hearing of a Southern Pacific crossing east of Woodburn May 15.

Among the list of papers filed in the corporation department during the past week the most important are: Williamette Valley Transfer company, Portland, \$100,000; Owl Printing Co., Astoria, \$25,000; Matsumah Film Corporation, \$25,000; Alaska Herring & Importing Co., Portland, \$50,000; Jumbo Wood Co., Portland, \$25,000; Universal Check Printing Co., Portland, \$50,000; Sanborn Deck Co., Astoria, \$25,000; Sumpter Gold Dredging Co., Baker, \$500,000; Valley Motor Co., Salem, \$66,000.

Court House Notes

Grace E. Sears has been granted a divorce from Richard G. Sears. In its conclusions, the court found that Sears had brought men to his home and permitted them to force their attentions upon his wife. She finally had to leave home. She alleged Mr. Sears was making \$135 a month. The court granted her \$12.50 a month alimony for her four children.

L. M. Creson has brought suit for a divorce from W. J. Creson. They were married in 1905 and have one child 11 years of age. She alleges he told her to leave his home and that for the past three years he had contributed only \$6 towards her support. She asks for \$30 a month alimony and \$125 to entry on her law suit.

The administrator of the estate of Susan Staiger, deceased, reported to the court that claims amounting to \$1200.83 remained unpaid against the estate. He asks for an order of court permitting him to sell the west half of the west half of lot 1, block 63, of the original town site of Salem is bounded by Court, State, Front and Water streets and lot 1 is on the northeast corner of this block. June 21 was the date set for a hearing.

Edward E. Keyes, administrator of the estate of W. T. Farrington is to be given his discharge and relieved of all responsibility as administrator as soon as he pays \$130.75 to each of the following:
