Cubs Drop Six Straight To Eastern Clubs; Great Alexander Losing Power

By H. C. Hamilton.

New York, May 19.—Six straight games have now been dropped by the Cubs and from the way eastern clubs are taking to the team's supposedly airtight pitching something will have to be done for the National league champions or they soon will be shelled clear of all danger of sustaining a pennant.

Genevieve Cleveland Alexander, ace of the staff, has not won a game since he gave on the thrilling life of a United States army sergeant. Jim Vaughn, ace of the left handers, has been given quite a shock of a greeting in the east.

Strangely, John McGraw is having little trouble keeping his aged giants in the front rank of the National league. His pitchers, who were thought to constitute the weakest part of his club, are topping the league in effectiveness and his ancient hitters are making the ball like Cokes and Speakers.

Careful consideration of paper facts does not give the Giants reason either to run away with first place or even hold it for a spell. They do not figure as strong as the Reds nor the Cubs—judged from past performances. However, they are on top and appear to be doing a good job of it. McGraw, it would seem, is not satisfied by the results of the league again for talent and has shipped Mike Gonzalez away from the Cardinals in exchange for Doc Lavan, who will go from Washington. This despite the fact that Warner Decatur has committed himself to a policy of "they shall not pass" by writers, "when baseball history's interests are concerned. Dave Robinson, the shifty ball, will go to the Senators in the deal."

'ROUND COAST LEAGUE BASES

(By United Press.)

Yesterday's winners: Vernon, 2; Las Angeles, Salt Lake, Sacramento. Home runs: Sheely, Salt Lake; Fisher, Sacramento; Blue, Beavers.

The morning Los Angeles-Oakland affair was a wild one, the score standing 1 to 1 at the end of 11 innings. A wonderful exhibition by Carly Brown in the afternoon had nothing to do with the Angels winning the game, 4 to 2. Brown allowed 13 hits.

The Tigers grabbed both games. The morning contest was annexed 7 to 3, the afternoon 2 to 0.

Train schedules stopped the Seattle-Salt Lake game in the eighth, with the Bees on top, 12 to 7.

Sacramento took the series, four out of six, by winning 8 to 3.

San Francisco, May 19.—(United Press)—The Stockton Poppies continue to lead the Pacific Coast Bowling association's tourney today. The Stockton Beavers were moved out of second place by the Sacramento Cascades, who have rolled 2580 against the leaders' 2761. The Beavers' single smashes total 2532.

REGISTRATION FOR JUNE 3RD ELECTION SHOWS MARKED SLUMP

Books Show Only 14,568 Registered, As Against 17,315 For November Balloting Over County.

Voters in Marion county are not as interested in good roads and reconstruction measures to be voted on June 3 as they were in politics last fall, according to the registration returns just compiled by U. G. Boyer, county clerk. Before the November election of last fall, 17,315 voters in the county had taken the trouble to register, while for the coming June 3 election only 14,568 have registered or have voted within two years, thus being entitled to vote.

Part of this falling off in the number of those entitled to vote is due to the fact that if one does not exercise the right of voting in two years, the name is stricken from the registration and this happened January 1, 1919. 5629 in Salem. According to the names now registered, 9629 will have the right of voting June 3 in Salem. As usual the republicans lead with 3825 compared to 351 democrats. There are 220 socialists registered last fall. Prohibitionists are also drifting into the old line parties coming election, compared to 538 in Salem last fall.

Ordinarily about 60 per cent of those who are registered take the trouble to vote. The women in Salem are about as patriotic as men in registering, as on the books are 1785 republican women, 2039 republican men, and 415 democratic women compared to 439 democratic men. Only 48 women in the city registered as socialists while 169 registered as prohibitionists. The women stick to the prohibition party better than men as only 106 men lined up as prohibitionists in the Salem registration.

All Precincts Fall. In every one of the voting precincts, the registration has fallen off compared to last fall. This is especially true of precinct 16 in the business section from Center to Ferry streets and between High street and the river. In this precinct the registration has fallen off 122.

Precinct 1 in Salem, voting at Prescott's barber shop also shows a light registration with 399 compared to 514 last fall. In precinct 11, voting at the court house, the precinct where most of the office holders around the state house live, shows a radical falling off with 383 compared to 475 last fall, showing that politics is of more import to the residents between High and 12th street and Center and Ferry than road and reconstruction measures.

Precinct 15 shows a radical falling off in registration. This precinct is between Center and Market streets and the Oregon Electric and the river. With politics in the air last fall the registration was 446, but for the June 3 election only 342 registered.

BERGERS RIGHT TO SEAT CHALLENGED

Massachusetts Congressman Protests Seating Convicted Socialist.

Washington, May 19.—(United Press)—Victor Berger's right to a seat in the house was challenged by Representative Dallinger, Massachusetts, when the Wisconsin socialist stepped before the speaker's desk to be sworn in this afternoon.

"I object to the swearing in at this time of Victor L. Berger," Dallinger said, "because he is convicted under federal laws." Scattering applause greeted the challenger.

Berger returned to his seat during the challenge. When Dallinger concluded, he arose, saying: "Mr. Speaker, this is a question of highest personal privilege."

"I cannot recognize the gentleman on this question until after the swearing of the members," Speaker Gillett interrupted.

20 women registered as democrats while only 14 men registered democratic.

Women Show Interest. In precinct 10 in Salem, voting at the Garfield school, the women are more interested in the election, or there may be more women than men in the precinct. Anyhow, 124 republican women registered compared to 114 men, and on the democratic side, 21 women registered compared to 19 men.

And in precinct 12, between High street and 12th and J streets of Ferry, the women are in the majority, as on the republican ticket, 120 women registered compared to 115 men, and on the democratic ticket, 31 women compared to 23 men.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."

Mrs. J. WORTHLINE, 2342 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

While these figures are the registration, on ordinary occasions, only about 60 per cent of those registered exercise the privilege of going to the polls on election day.

San Francisco.—They can't resist some men. Jules C. Gamage, given his third divorce decree, told the judge he's found wife number 4. "Expect me back in the divorce mill next year," was his parting message.

Chicago.—John Simon is in a hospital, reflecting on his poor tennis playing. A hard hit bay struck a large, rough man. Simon will be out in a week.

11,000 Volts Of "Juice" Pass Thru Man—He Will Live

Allany, Or., May 17.—Eleven thousand volts of electricity passed through the body of Spike Hay, employe of a power company, yesterday afternoon, but did not kill him, and he will live.

Hay came in contact with the high powered wire when his foot slipped while he was working on a pole. Fellow workmen were unable to rescue him until the power had been turned off, and in the meantime Hay, unconscious, hung by his safety belt. It was necessary to amputate two of his fingers. His left foot is severely burned.

Portland, Or.—When John Furra retired last night he tied a string from his bureau drawer to a burglar alarm in the hotel office. Mike Deubitz is in jail today.

San Antonio, Texas.—W. E. Walker didn't appreciate it at that time, but he was wearing a \$50,000 suit. A jury appraised it at that figure. The suit was a nobby far and feather mixture.

St. Louis.—Railroading and shipping can't mix. Walter Thorpe, railroader, was pinched for remarks to fellow workers. They said it was "steamboat language."

St. Louis.—The weaker sex wasn't. A deputy sheriff, seven hastily sworn assistants and a commandeer truck were required to take Mrs. J. Campbell to jail.

Chicago.—John Simon is in a hospital, reflecting on his poor tennis playing. A hard hit bay struck a large, rough man. Simon will be out in a week.
