### Johnson Opens Discussion On Peace Treaty; Demands Full Text Be Made Known

Washington, May 23--(United Press)--Debate on the peace treaty was begun in the senate today when Senator Vram Johnson of California called up his resolution demanding the state department give the senate the full text of the peace treaty. Johnson's emphatic insistence that a synopsis having been given, the people are entitled to know all that's in the treaty, drew from Senator Hitchcock, Democratic spokesman, the statement that "it is preposterous that the senate should at this time in the negotiations, while changes still are being made in the treaty," demand a full copy.

"You have something to conceal, perhaps, which you want to conceal indefinitely," declared Johnson.

### NO SOVIETS NEEDED IN U. S. DECLARES N. DAKOTA SOLON

Representative John M. Baer.

AN IMPORTANT CITIZEN They wait for the home gardener who is using that extra hour of daylight in the afternoon, says the National War Garden Commission, Washington.

### U.S. NATIONAL BANK INSTALLS ILLUMINATED CHIME CLOCK

Chime Clock to be installed on U. S. National Bank building as it will appear when finished and working.

On or about June first next there will be established on the building of the United States National bank, an illuminated chime clock, which will not only add materially to the appearance of the town's business section, but will provide a convenience that will be greatly appreciated by the public.

The most distinctive feature of the clock other than its unusual artistic appearance and the perfection of its construction and mechanism, is the complete set of beautiful chimes with which it is equipped. These ring every quarter hour and may be heard practically as far as the clock may be seen.

The chimes ring out in various musical combinations and strike the full hour in a clear, vibrant tone.

The big clocks are operated by electricity from a master clock inside the building, in the main banking rooms.

This is an especially handsome structure of bronze and plate glass construction with a 12-inch dial, and guaranteed to keep practically perfect time.

Every minute the hands of the big clock are sent ahead one minute by electricity governed by the master clock within the connection between the two instruments being perfect and insuring correct time on the large clocks on the outside as well as on the master clock inside.

The clock will be attached to the front of the building at a sufficient elevation to be plainly visible from all parts of the street. It is 12 feet, three inches in height, by three feet, six inches in width, of dark green bronze, with copper hood at top and bottom. All faces of the clock are alike the dial being surmounted by the words, "United States National Bank" in large art glass illuminated letters. The dials are 30 inches in diameter on pearl white glass, with crystal glass on the outside.

The clock was purchased from the O. B. McIntock company of Minneapolis, Minn., and has already arrived in Salem, and it is hoped that it will be in place by June first.

### Studebaker Corporation Has Big Year in Spite Of Government Restrictions

Commercial operations of the Studebaker corporation in 1918 were curtailed on account of the government's need of a large part of its facilities and restrictions on iron and steel. This permitted, according to a statement just received by Graham & Lacey, local Studebaker agents, the corporation to manufacture only 18,370 cars and 53, 830 horse-drawn vehicles, about 50 per cent of the latter type being delivered on war contracts. However, in general, the eighth annual report shows an increase in earnings for 1918, a strengthened financial position and plans for

important increases in facilities. Net earnings amounted to 10.39 per cent on common, as compared to 9.11 per cent in 1917.

Net profits amount to \$4,321,997, and the concern paid \$637,732.97 in income and excess profits taxes. The plant and property account increased \$2,440,889.80 during the year, this including the new buildings and additional machinery in the Detroit and South Bend plants. Regular dividends were paid at the rate of 7 per cent on the preferred and 4 per cent on the common and amounted to \$1,907,550.

Also \$1,916,664.50 was transferred to the surplus, making this \$19,771,375.14 at the end of the year.

### Two Paved Roads Planned To Connect Portland And Oregon City This Summer

Oregon City, Ore., May 24--The county court will pave the river road and will endeavor to complete all that portion that is unimproved during the coming summer, thus furnishing a paved road the entire distance from Oregon City to Portland.

A contributing factor to their decision was the action of a number of residents living south of the river road, raising a fund of \$1550, which will be placed at the disposal of the court to assist in the work. Great pressure had been brought to bear on the court to select the road leading through Gladstone and connecting with Steele avenue at Glen Echo station.

The residents of Jennings Lodge, Mel-drum and Gladstone are determined to have the latter route paved and will leave nothing undone to accomplish their purpose.

As a result there may be two paved roads instead of one connecting Portland and Oregon City.

## Sugar Season Is Now On

OUR PRICE FOR THE BEST C. & H. BERRY SUGAR IS

### \$9.50 CASH

### Here's A Gentle Laxative For Elderly People

A daily free movement of the bowels becomes a serious problem as you step from middle-life into old age, and much dependence can no longer be placed on nature herself. The bowels find artificial aid necessary.

The stronger the physis, as old people soon learn, the greater the contraction of the bowels thereafter, and so the wise purposely avoid salt waters, pills and other harsh purgatives. Many have learned to place absolute reliance on the gentle but positive action of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin.

It produces an agreeable movement as nearly natural and free as high pharmaceutical skill can make it. Thousands use it regularly, in the small dose prescribed, and keep themselves in fine health and good cheer, and entirely free from constipation.

The druggist will refund your money if it fails to do as promised.

### Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes--50c and \$1.00.

FREE SAMPLES--If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 466 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

THE HERALD OF VICTORY

The Victory Gardeners are called on to get into the furrows of freedom and feed the world, says the National War Garden Commission of Washington.
