FORTY-SECOND YEAR NO. 111. SALEM, OREGON, MONDAY, MAY 26, 1919. PRICE TWO CENTS ON TRAINS AND NEWS STANDS—FIVE CENTS

CALIFORNIA SENATOR IS PUT ASIDE

Johnson Sidetracked From Chairmanship Of Suffrage Committee In Favor Of Watson, Indiana.

PROGRESSIVES CLAIM VICTORY IN DEFEAT

Senate Radicals Say Three Important Concessions Are Gained In Fight Against "Old Guard" Leaders.

Washington, May 26.—(United Press)—The republican caucus today approved the committee slate as proposed by the committee on committees.

Senator Penrose heads the finance committee and other assignments proffered by the progressives stand. A last minute switch in the slate took the chairmanship of woman suffrage from Johnson, California, and gave it to Watson, Indiana. Johnson is a member of the committee. Watson is a friend of suffrage.

By L. C. Martin.
 (United Press Staff Correspondent.)
 Washington, May 26.—Though facing defeat in their fight against Senators Penrose and Warren as chairmen of the finance and appropriations committees, respectively, progressives declared today their strategy had won them much. The fight on the two powerful "old guard" leaders, progressives say, has resulted in:
 1.—Forcing senate republicans to adopt the Norris rule, which ends control of legislation by a few powerful senators;
 2.—Getting a large progressive representation on the agricultural committee, which will deal with legislation to regulate the packers and reduce food costs;
 3.—Obtaining other important chairmanships and committee places, insuring them a powerful influence on recon-

American Troops in North Russia Await Transports

Washington, May 26.—(United Press)—American troops in North Russia will soon be on their way home, the war department disclosed today. All members of the 339th infantry are awaiting departure for the United States from Archangel, a cable to the department stated today. The cable was dated May 23.

The 339th infantry is the principal unit in the Archangel expedition. It consists of national army men from Michigan and Wisconsin. War department plans call for complete withdrawal of American forces from Archangel. Evacuation of the 339th, it is expected, will be followed by the withdrawal of the first battalion of the 310th engineers and other units of the expedition.

WAR NOT TO END YET

Francisco, May 26.—(United Press)—Commenting today in the mid-afternoon on a petition to restrain enforcement of the war time prohibition act, Federal Judge Van Fleet declared the war "cannot be said to be ended."

SCHOOL REGISTRATION SMALLER THAN IN '18

Fewer Pupils Enrolled in City, Though Population Is Greater.

Although the city now has a population of a thousand more than it did one year ago, yet the monthly report of John W. Todd, superintendent of schools shows that for the month of May, the number of pupils registered in the city schools is 365 less than it was for May of one year ago. The total number registered one year ago was 3128. The report for May of this year shows a registration of 2763. The registration for May of 1917 shows that 3160 pupils were attending the city schools. This loss it is thought is due to the fact that many families with several children over the age of 15 years, have moved to the shipyards at Astoria and Portland. Also possibly due to the fact that many families who have been renting all the available houses in the city are those with but few children. Anyhow the fact remains, that with almost every house in the city occupied and

HAWKER AND GRIEVE, MOURNED AS DEAD, BACK ON HOME SOIL

Daring English Aviators Rescued at Sea; All Britain Joyous In Welcome.

London, May 26.—(United Press)—Harry Hawker and Mackenzie Grieve set foot on British soil today, nearly a week after they had been given up for lost in their attempt to fly from Newfoundland in a Sopwith airplane. The aviators, who are the greatest national heroes of the moment, landed at Thurso, Scotland, from the Danish tramp steamer Mary, which picked them up in mid ocean early last Monday after they had been forced to descend into the sea.

Hawker and Grieve were scheduled to start this afternoon from Thurso for London, where, judging from all indications, they will be given a royal welcome tomorrow. Britain has been jubilating ever since the news spread like wildfire over the land that Hawker and Grieve had been saved.

WAR INSURANCE CLAIMS TO BE SETTLED IMMEDIATELY

Washington, May 26.—(United Press)—Had weather about the Azores continues to hold up the flight of the NC-4 on the next leg of its trans-Atlantic voyage to Lisbon. Admiral Jackson at Ponta Delgada, messaged the navy department that Commander would not fly today. Meantime all urgent deficiency appropriation measures are being sent President Wilson by special messenger and there will be no delays in paying outstanding indebtedness, it was stated officially today. Word of the president's cable to Glass was followed by announcement that the war risk insurance bureau that the May and June checks, which had been held up by lack of funds, were now going out.

The machine stopped owing to the filter feed pipe from the radiator to the water pump being blocked with refuse, like solder shifting loose in the radiator. It was no fault of the motor, which was perfect from start to finish. There was no trouble in landing on the water. A dory picked-up up after an hour and a half.

King Sends Congratulations
 The king sent a message to Mrs. Hawker only a few hours before news of the rescue. As soon as word of the rescue was confirmed, the king hastened to send his telegram of congratulations.

Hawker and Grieve started from Newfoundland the afternoon of Sunday May 18. They dropped from sight and were given up for lost by British officials. Yesterday the Danish tramp steamer Mary, passing the north of Scotland on route from New Orleans to Denmark, signalled it had saved the hands of the Sopwith airplane. The Butt of Lewis station immediately asked: "Is it Hawker?"

"Yes," was the reply and the Mary proceeded on her way. The news was telegraphed to the admiralty offices in London and orders were issued to remove the aviators and land them. Destroyers overhauled the Mary and took off Hawker and Grieve. The following official announcements were made today:

Hawker and Grieve landed at Thurso. They will arrive in London six o'clock Tuesday evening. Both are in good health. The airplane was not salvaged. The aviators had covered about 1100 miles of their 1950 mile trip from Newfoundland when they were forced down. Their average speed for that distance was more than 100 miles an hour.

NC-4 STILL WAITS
 Washington, May 26.—(United Press)—Had weather about the Azores continues to hold up the flight of the NC-4 on the next leg of its trans-Atlantic voyage to Lisbon. Admiral Jackson at Ponta Delgada, messaged the navy department that Commander would not fly today.

War Insurance Claims To Be Settled Immediately
 Washington, May 26.—(United Press)—President Wilson has cabled Secretary Glass that he will sign the appropriation bill providing funds for war risk insurance and that checks covering delayed allotments may be sent out immediately.

Major White Announces Distribution Of Guard
 Portland, Or., May 26.—Major W. G. White has issued orders designating the newly organized company of national guard at Eugene as company C, first battalion.

Rider Threatens To Kill Daylight Saving Measure
 Washington, May 26.—(United Press)—Repeat of the daylight saving law was attached as a rider to the agricultural appropriations bill, reported out favorably by the house agriculture committee today. The repeal would take effect the second Sunday after the passage of the bill.

Abe Martin.

"I don't know what a feller is got to do, they give you too much in a cafe 'n' not enough in a restaurant," said Pinky Kerr, today. Miss Tawney Apple, ticket seller of the Fairy Grotto picture park, is layin' off 't' day havin' her basket wided.

Salem High Claims Valley Championship By Defeat Of Corvallis Nine On Saturday

With a score of 11 to 5 in their favor as a result of the game between the Salem High school and the Corvallis team on the Willamette diamond Saturday afternoon, the local team consider themselves as being in possession of the Willamette Valley championship. The Corvallis boys came to Salem as a bunch of invincibles, having gone thus far through the series without a defeat; but in the opening innings of the game Saturday the Salem boys played merry-go-rounds with them, sending four men fly to right field, with "nobody home." The local team held onto their lead all the way through, the only point at which the visitors came within halting distance being in the seventh inning when the score stood 6 to 4. There was more or less ragged play on both sides, Salem recording 6 errors to 8 for Corvallis. The local team scored 11 hits to 8 for the visitors. Salem high will now take a hitch in its belt and go after the Portland team in a game that will decide the championship for the valley.

WINNIPEG STRIKE IS FAST LOSING GROUND

Officials Confident Tie-Up Will Be Broken By This Evening.

By John T. Kolbert
 (United Press Staff Correspondent.)
 Noyes, Minn., May 26.—Government and city officials in touch with the general strike situation in Winnipeg declared today the strike will be broken before evening.

The crisis was expected at noon (2 o'clock eastern time), the hour set by governing officials for the return of postal and telephone workers and city firemen.

Strikers Also Confident.
 Strike leaders, in return, said they had positive assurance that workmen in twenty dominion cities will quit their jobs if the situation is not settled to their satisfaction.

The strikers' committee of fifteen was in session almost all day and night Sunday. Secretary Robinson then announced the situation would be met when it arose. He referred to the government ultimatum to its employees.

E. B. Russell, secretary of the Metal Workers union, the local whose difficulties were not adjusted, caused the general strike in Winnipeg, said labor in a position to call strikes that will hit Canada up "tighter than a drum."

Calgary Strike Looms.
 Calgary workers were ready to strike by noon if the Winnipeg difficulties were not adjusted, Russell's associates

REPUBLICANS FRAME ANTI-WAR POLICIES

Washington, May 26.—(United Press)—Plans of house republicans for keeping the United States out of war were outlined on the floor today by Representative Martin B. Madden, Illinois, who recently visited Europe.

As a national policy, Madden made the following points:
 Separation from entangling alliances abroad, such as are liable to result from the league of nations.
 Universal military training for youths.
 A reasonably small army.
 Maintenance of a reserve among officers who have returned to civil life.
 Maintenance of a navy commensurate with American commerce.

Complications Predicted.
 Speaking of the league of nations, Madden said "it is very likely to lead us into trouble through the defense of political integrity and geographical boundaries of foreign nations."

"I am more convinced than ever after a trip to Europe that America should stand aloof from entangling alliances," he continued. "We cannot mingle with the people there on equal terms. They do not think as we do. They are suspicious and their political hatreds are unchangeable. You cannot make them otherwise."

"The nations that are now being created are already at war with each other. Nobody could maintain the geographical boundaries of the Balkans recognized as the cradle of war."

Madden called attention to the fact that government expenditures for the first 14 years of the republic were \$25,000,000,000 while war appropriations have piled up to \$31,000,000,000.

Ray French Unfriendly.
 Indebtedness July 1, 1913, was \$965,000,000 while today the debt is about \$30,000,000,000 with an annual interest of \$1,500,000,000.

WILSON TO FACE THIRD TERM BOOM

Party Leaders Await Word From President Before Opening Campaign To Select Candidate.

ACCEPTANCE NOT HOPED FOR BY CLOSE FRIENDS

Names Of McAdoo And Governor Cox, Ohio, Mentioned Among Possibilities; Cummings Starts Work.

By Robert J. Bender
 Washington, May 26.—Within the next three months President Wilson will be asked by democratic leaders to make public his attitude toward a third term candidacy.

Tomorrow Chairman Cummings, of the democratic national committee starts out on a tour of the country to organize work preliminary to the 1920 campaign. He will be gone two months, returning to Washington late in July or the first of August. The big democratic battle for presidential nominee will begin immediately thereafter.

The need of President Wilson voicing his intentions toward a third term was said by democratic leaders today, but in the fact that other democratic aspirants will run "only if Wilson clearly says he won't."

Refusal Is Expected.
 That the president does not desire a third term already has been stated unofficially. In the last three years and twice within the last few months the president has plainly indicated his attitude.

As early as 1916 the president told friends that "my present term will be enough." To members of the democratic national committee at a dinner in the White House the president indicated his intention to retire and resume his historical writing on March 5, 1921.

Previously, in commenting to intimates on the subject, the president said he had "not even been thinking of a third

French people twice as much for the material as in this country.
 Germany, Madden said, shows no signs of defeat.
 "The Germans," he said, "do not believe we are in control of their country as victors, but are there under contract; that the armistice was signed as the result of the president's fourteen points."
 Germany's Prosperous.
 "Germany is not short on food except fats. I saw hundreds of Germans on the highways so uniformly well dressed that they must be in good physical condition. Their fields are being tilled, great piles of fertilizer can be seen, mills are smoking and merchants seem prosperous."
 The conclusion of the war, Madden believes, is primarily due to the American offensive in the Argonne, after which General Pershing had 810,000 Americans driving the Germans on the plains east of the defenses they considered impenetrable. He pointed out that only 2000 American will finally be recorded as missing while the British records show 174,000 and the French 290,000.

Transports Reach Boston And New York Early Today
 New York, May 26.—The transport Princess Matoika arrived today with over 3000 men of the 79th division, northeast Pennsylvania, Maryland and District of Columbia troops, including men of the 314th infantry, 310th machine gun battalion and 304th field signal battalion.

EX-SOLDIER KILLED
 Portland, Or., May 26.—Boyd Traylor's skull was fractured and he lost both legs and an arm when he was run over by a streetcar Sunday. He died late last night.
 Traylor attempted to board a moving car and fell under the tracks. He was a former service man.

Austrian Treaty to Be Complete Today

By Fred S. Ferguson
 (United Press Staff Correspondent.)
 Paris, May 26.—The allies were expected to complete the Austrian treaty today and the Germans were scheduled to finish assembling their final counter proposals.

Presentation of the Austrian terms at St. Germain probably will take place Wednesday or Thursday. The time now it for them to complete their counter communications will not be more than a week. They are expected to sign the treaty a few days later.

Allies Frame Answers.
 While the big four have not agreed on even an approximate date for the final ceremony at Versailles, the belief prevails it will take place between June 10 and 15.

The Echo De Paris, however, says that it understands the allied reply to the counter proposals will be ready June 6 or 7, the Germans then having three days to sign.

The special printing outfit which will publish the counter proposals in book form arrived in Versailles yesterday.

The exchange of notes between Premier Clemenceau and Foreign Minister Brockdorff-Rantzau continues. The latest from the Germans concerns the allied reply to Brockdorff-Rantzau's communication regarding responsibilities.

tions shall determine the method by which Germany may recover the mines, providing the people of the region vote for German annexation.

Further alterations in the treaty are possible, it was said today, although it was declared there would be nothing of a vital nature. If Berlin reports are borne out that Brockdorff-Rantzau will ask that Germany be permitted an army of 200,000 instead of 100,000, it is said that the request will probably be granted.

Baker Will Urge Regular Standing Army Of 500,000

Washington, May 26.—(United Press)—Congress will be asked to provide a temporary army of 500,000 men in the army appropriation bill to be passed before June 26, to provide for deficiencies, Secretary of War Baker said today.

The department, Baker, said, is not yet certain what the future military organization of the country should be.

MONMOUTH CHAPTER OF RED CROSS ELECTS NEW OFFICERS

Monmouth, May 26.—The Monmouth chapter of the Red Cross has elected officers for the ensuing year as follows: Maggie Butler, president; Mrs. T. J. Edwards secretary and Ira C. Powell treasurer. An interesting feature of the meeting was the report of Mrs. George T. Boothby, chairman of the relief committee for caring for the helpless sick during the recent influenza epidemic. A large number of people were waited on and fed by the Red Cross. The Monmouth hotel was made the distributing center for the supplies to affected families.

A law passed by the 1919 legislature making the county treasurer the custodian of all county school funds, but which was made optional by county courts, has been rejected by the Marion county court.
