WINNIPEG STRIKE TO RESULT IN POLITICAL CRISIS, IS PREDICTION

Failure Of Government To Lower Living Cost Held To Blame And Bitter Contest Is Foreseen.

By James T. Kolbert
 (United Press Staff Correspondent.)
 Winnipeg, Man., May 28.—The general strike here may result in a political crisis, it was indicated here today.
 Editors and government officials said that failure to lower the cost of living may result in a bitter political struggle. Living costs form the big factor in the strike which for almost two weeks has isolated this city. Strikers say they have been joined by many non-unionists who see in the movement a battle against high prices.
 Food is higher now than at any time in four years. This spring, the period of the year when food costs normally descend, prices are rising. Butter sells at 55 to 65 cents. Across the border in Minnesota its forty to 45 cents. Other foods are 10 to 20 cents lower across the border.
 Labor leaders charge that foods are coming to Winnipeg in great quantities but that dealers are storing them.
 The anticipated demand from European countries, they said, is back of the practice.
 Strike headquarters has issued no official statement regarding possibilities of political action. Individually members claim they have the support of hosts of non-union workers as well as hundreds of returned soldiers. The soldiers, they claimed, are dissatisfied with living costs and with immigration matters, some alleging immigrants from the United States have been given preference in land settlement projects.
 Strike headquarters announced reports that strikes had occurred at Calgary, Saskatoon, Edmonton and Moose Jaw, and that labor in other cities were voting or were preparing to vote.
 R. B. Russell, secretary of the metal workers' union; Ernest Robinson, secretary of the strike committee, and Rev. William Ivens, labor editor, comprise the "big three" of the strike, issued a statement declaring the strike no longer a local matter.
 The whole future of organized labor is at stake, they declared.
 "We are fighting for our rights just as much as the strikers say they are fighting for their," said A. J. Andrews, attorney of the citizens league. "We are determined to fight this thing to the last."
 Employers comprise the citizens league.
 International officials of the four rail road brotherhoods are here to confer with Winnipeg leaders. These workers have not voted on the strike question.

BEAUTIFUL CRAVATS

We just received a shipment of the newest, brightest neckwear from the manufacturers. They are C. Stearn Mayer quality. They are beauties and are as good as they look. Made of the finest Silk stock obtainable.

Free flowing and open ends and they are heavily stitched where the strain comes in the collar. They will not last long, so get yours now as they won't be with us long as they are very classy merchandise and are priced from 75c to \$3.00.

Latest advices from the east are that manufacturers cannot fill their orders, so they are notifying the retailers all over the United States that they will have to proportion the output of their mills amongst the many retailers. So if you need suits, overcoats, shoes, and the many small things that go to make up your needs—now is the time to make your purchases.

Every Family in Marion and Polk Counties a Patron.

FARMS ARE VISITED

D. E. Richards, A. L. Oliver and L. J. Allen of the O. A. G., at Corvallis, were here Wednesday with twenty students who are touring this part of Oregon

viewing some of the big stock ranches in the valley. They visited the Loe farm east of here in the forenoon and were treated royally to punch and cake, and received much valuable information relative to the care of stock. Later in

the forenoon they visited the E. O. Loe farm and again met with a hearty welcome and received ice cream and cake. Mr. and Mrs. Loe and the younger members of the family, two boys who are thoroughly conversant with "dad's idea" of swine husbandry, took special pains to make it a pleasant and profitable visit for the students and instructors of the Oregon Agricultural college. One of the members of the party in speaking of the hospitality of the Loe families said it was the most cordial welcome they had received in their entire journey.

This tour around the valley is a part of the animal husband's department's work and it is proving of great value to the students.
 He stated also that the Messrs. Loe have some of the best stock to be found in Oregon, and that they may well feel proud of.
 In the afternoon they went out to Doerfler's farm and the Fox farm in the Waldo hills and paid a visit and here, too, received a cordial welcome.—Silverson Appeal.

KILLED IN CALIFORNIA

H. H. Hammer, beloved son of Mr. and Mrs. William Hammer of Mt. Angel met a tragic death at Fullerton, Cal. The young man had been working in the oil fields of that vicinity for many years. The great pressure of the new Chapman well caused it to sand up and the work of opening the pipe was proceeding when suddenly a terrific shot of gas and oil shot up carrying young Hammer half way up the derrick. He died on the way to the hospital. H. Hammer leaves a young widow who is prostrated. The bereaved parents and wife have our sincere sympathy. Two years ago they lost another son through an automobile accident.—Mt. Angel Magazine.

Bridges Succeeds Chadwick To Supreme Bench Position

Olympia, Wash., May 27.—Acting Governor Louis F. Hart has received the resignation of Chief Justice Stephen J. Chadwick, to become effective on June 1.
 The acting governor also announced the appointment of Jesse B. Bridges of Aberdeen to the bench to succeed Chadwick.
 Judge Chadwick will become a member of a Seattle law firm. It is possible his retirement may forestall his candidacy for the democratic nomination as United States senator, when Senator Jones' term expires.
 Since December, 1908, Judge Chadwick has been a member of the supreme court.

FIRST CANDIDATE

(Continued from page one)

and homes for the afflicted and poor constitute another platform plank.
 "The Irish, the Germans, the Austrians, the Slavians, the Italians and others from countries beyond the seas, left their kaisers and kings and came here and helped build our country and sustained our freedom and independence and they and their descendants fought our battles in our past war most faithfully and honorably and it is our absolute duty to protect them and honor and help them in their endeavors in every way," reads another plank.

No entangling alliances with foreign nations is the eighth plank, with strict adherence to the Monroe doctrine and the Sherman trust act. "The new party will not have government ownership of public utilities, so as to promote safe private investments for our general public's surplus capital," the platform concludes.

FISH AND GAME

(Continued from Page 1.)

\$700 annually. In 1917 the amount was \$655.69. In 1918, when there was so much political activity, his expenses jumped to \$2192.08.
 It is also charged that when Commissioner Warren ran for delegate to the national republican convention, Game Warden Carl Shoemaker lined up all the deputy game wardens in his behalf, and that when, during political campaigns, Shoemaker toured the state in his automobile at a cost of ten cents per mile which was charged against the game protective fund, his traveling expenses jumped from approximately \$700 to \$2192 a year.
 It is also alleged that there is general complaint from over the state that the game protection is lax in all parts of the state, that deer are being run by dogs and game birds are shot

You Can't Cure Rheumatism With Liniments and Lotions

Torturing Pains Promptly Return in All Their Intensity

You may as well throw your liniments to the winds, if you expect them to rid you of the pangs of rheumatism. In fact, the sooner you discard forever the use of all forms of local treatment, the sooner you will get on the right track which leads to rational means of relief.
 For you can rub and rub from now until doomsday, and you will never make any progress toward ridding yourself of rheumatism, because such treatment does not approach the source of the disease.
 Remember from the outset that the pangs of rheumatism come from a deep-seated cause, and that simply rubbing the painful parts of the body has no effect on the disease itself. But when you locate the cause of the disease, the real source of all these intense pains, you can then treat the disease intelligently.
 And until you do treat your rheumatism intelligently, you will

never be free from its disabling pains.
 So many people have found real, genuine and lasting relief from rheumatism by purifying the blood with S. S. S. that we are justified in recommending this splendid remedy to all who are afflicted. Perhaps your case is like thousands of others which are caused by millions of tiny disease germs in the blood. S. S. S. so thoroughly cleanses the blood, that it roots out completely and eliminates all disease germs that infect it.
 In this way the source of the disease is reached, and its cause removed. Give your system a thorough cleansing with this reliable vegetable blood remedy, and you will be delighted to be free of the pangs of rheumatism. It has been used for more than fifty years and is sold at all drug stores. Begin its use today and you will have the same satisfactory experience as thousands of other sufferers.
 Should you wish special advice about your own case, it can be had without cost by writing to Chief Medical Adviser, 201 Swift Laboratory, Atlanta, Ga.
