Large Audience Greeted Talented Young Women in Recital Last Night

The First Congregational church was filled almost to "standing room only" last night by friends and music lovers drawn by the vocal and piano recital of Miss Joanna James and Miss Ruth Bedford, two Salem students of unusual ability. Both young ladies displayed a finished technique and a charm of rendition that is seldom met with. The program was one of very wide range, selected with a view to show to the best advantage the power of expression on the part of the two musicians, who opened the program with a two-piano selection from Grieg. Miss Bedford was especially pleasing in her brilliant interpretations of Chopin, Chaminade and Rubenstein, and was repeatedly encored. Miss James, who has a mezzo-soprano of great promise and has frequently delighted Salem audiences with her vocal selections, was never more effective than in her renditions last evening, the selections varying from the spiritual passion of Nevin's "My Desire" to the rollicking Scotch love song "The Like o' Him." Probably no singer, professional or otherwise, in Salem has ever surpassed her rendition of the old favorite "Sweet and Low" with which she closed the program. Several of the piano and vocal selections of the program were made doubly effective with the organ played by Prof. Roberts and the violin by Miss Lillian Stone.

Notwithstanding the fact that Oregon is numbered among the bone dry states, Harvey Wells will take with him exactly 56,700 drinks when he starts for Indianapolis tomorrow. It just happens that Mr. Wells is heading east to attend the national convention of Shriners and to open headquarters for the Oregon Shriners who will leave Portland on a special early next week. Representing the potentate and general committee of Al Keller Temple, Mr. Wells will dispense some of his 56,700 drinks to the weary Shriners who happen to be curious as to the contents of so many cases at the Oregon headquarters. The real object state along with Oregon. The real object of introducing so many drinks in the way of Oregon's best loganberry juice is to convince the nobles of the mystic shrine that Portland is the proper place for the national convention of Shriners in 1920. The main competitor of Portland is New Orleans.

Simon Benson, chairman of the state highway commission has agreed to come to Salem next Monday evening and speak at the big good roads rally to be held at the armory June 2. In addition to the address of Mr. Benson, Representative James B. Stewart, is on the program for a talk and then several local speakers will give five minute addresses. There will be plenty of music, including the Mt. Angel, Silverton and Cherrim Salem bands and also some singers. The good roads rally for Monday evening is to especially interest Salem voters in the proposed bonding measure for the construction of 150 miles of good roads in the county, 100 of which will be hard surfaced. On two former occasions, when there was but little interest in good roads, Salem went about 50-50. But with the changed conditions, there is a feeling among those posted on road matters, that Salem will vote in favor of good roads just as strong as the county is expected to vote.

As a national holiday, the banks, postoffice, offices at the court house and of course the state house will be locked up tight. There will be no business of any kind whatever and the towns will give the day to observing the day.

Tacoma is extending a genuine western welcome to the Cherrians to visit the city from June 30 to July 6 to take part in the northwest peace jubilee. Arch D. Brown, general chairman, is in the city, to extend personally the invitation. Although he was informed that the Cherrians could not attend on account of our own homecoming and celebration, he says the invitation is good for all other Salemites who happen to be up that way along about the middle of the year. Tacoma, along with other Washington cities, intends to spend its memorial money in the erection of large memorial auditoriums in order that with the coming of years when the tourist traffic becomes extensive, visitors may at all times be properly cared for.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
