

### Watch the Little Pimples; They are Nature's Warning

#### Unightly and Disfiguring Signals of Bad Blood.

Don't close your eyes to the warning which nature gives, when unightly pimples appear on your face and other parts of the body.

Not only are these pimples and spots disfiguring, but they lead to serious skin diseases that spread and cause the most disconcerting irritation and pain. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any

part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Swift Specific Co., 260 Swift Laboratory, Atlanta, Ga.

### THE UNPARDONABLE SIN IS SEASON'S BIG EVENT

Much has been written about the cost of big photoplay productions—and because not a little of it has been pure "green agentry," it is, perhaps, no longer the best of forms to attempt to gauge the merit of a photoplay production by the amount of money which was expended in making it. And yet the engagement of Harry Garson's "The Unpardonable Sin" at Ye Liberty theatre, beginning Thursday, June 12, ought not to be made without the perfectly warranted statement that this picture is one of the most pretentious and most expensively produced which has ever been exhibited in Salem. The production is in ten reels, and

this alone means lots of money. Cutting into the exchequer of Harry Garson, the producer, to a greater extent, however, were the salaries of such people as Marshall Neilan, Blanche Sweet, Wallace Henry and others whose services were enlisted in the screening of the story. Mr. Neilan, connected to be one of the finest directors in the business, commands a fancy salary, and Miss Sweet, the star, was secured for the production only after extra inducements had been offered her to forsake the comparatively quiet life, away from moving pictures and moving picture people, which she has been leading for the past couple of years after having established herself as an international screen favorite.

### The Wonderful Call When Baby Comes

Like the Best of Heavenly Comfort When Call of Motherhood is Felt.

Of all the most vital things in a woman's life the coming of baby is fraught with the greatest meaning. Care should be given to insure that the crisis is passed in safety. Preparation is needed by the mother to meet the demands of pregnancy, and to guard against complications which render the process, and the child, in jeopardy. The usual nervousness, nausea, indigestion and troubling urine are eliminated and the period is one of ease and comfort.

The child, but abdominal tension relaxes with ease, and when baby comes the time of the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating natural remedy, and every woman awaiting the "miraculous" five nature's calling hand, should write the Bradford Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.

### U. P. Scoops World

The story of how the United Press beat on the summary of the German proposals, telegraphed from Berlin, caused Foreign Minister Brockdorff-Rantzau to abandon his plan to hold them until the last minute Thursday and caused him to transmit everything then completed Wednesday night, has just been revealed. The United Press dispatch from Berlin on Wednesday scooped two continents. When Brockdorff-Rantzau learned of the dispatch he decided to hand in immediately the

portions of the counter proposals then prepared. The French foreign office then received the first installment near midnight Wednesday, instead of Thursday as planned.

A semi-official dispatch from Versailles said that when Brockdorff-Rantzau learned that a summary of the

counter proposals had been handed to American newspapers Wednesday he telegraphed immediately to Berlin "a grave discourtesy" and thus been committed against the allies.

Berlin replied that the incident was due to a "misunderstanding," the dispatch said.
