VANCOUVER WORKERS ISSUE STRIKE CALL

Longshoremen Leave Work This Morning--Railway Men May Follow.

Vancouver, B. C., June 3.--(United Press)--The first move in the general strike called by the Vancouver Trades and Labor Council in sympathy with the Winnipeg strikers was made at 11 o'clock this morning. As the clock on the post office pealed out 11 strokes, the longshoremen working on the Empress of Russia put on their coats and walked ashore. The only other deep sea ship in port is the Billiton discharging sugar from Java at the refinery and the longshoremen left that vessel also.

Considerable interest rest on what will be the decision reached by the street railway men. It is generally understood and expected that they voted against the strike and now the deepest interest is in whether they will go back on their own decision and listen to the call of the general strike committee. The cars in any event will operate until midnight and it is almost certain that a further meeting will be called to decide upon what course the union is to take.

RECURRENCE OF FLU EPIDEMIC IS FEARED

Fully 100 Cases Claimed To Exist In City; Nurses Are Scarce.

Among those who are familiar with conditions, there is a feeling that Salem may once again find itself in the midst of an influenza epidemic and at the same time find itself entirely without the proper nursing facilities.

From the Grant school last week there were sent home about 125 pupils and it is known that several have been seriously ill with the influenza or something that is equally dangerous. From other parts of the city comes reports of illness very similar to the influenza.

It seems that the city health officer, Dr. Pemberton, knows of but few cases, perhaps a dozen in all. But as far as can be learned, nothing is being done from his office except posting the usual quarantine signs.

Dr. F. L. Utter, chairman of the health committee of the city council, says the situation is well in hand and there is no need of a panic feeling.

Mayor C. E. Albin says the city officials are willing to co-operate in every way with the county and Red Cross to prevent another influenza epidemic in the city.

From Red Cross headquarters in the postoffice comes the alarming news that several families are all down with the flu and in many instances, no one to help and no nurses available.

In general it may be said that with one hundred or more cases in the city that really is the flu or very much resembles it, there are but half a dozen or more houses quarantined by the city health officer and that no other effort is being made by this city officer to prevent another epidemic in the city.

Among Red Cross officials, who are generally better posted on actual conditions in the city than the office of the city health officer, there is a feeling that something should be done to prevent the spread of influenza and also something be done at once for families who are actually in need.

ing the vocational and pre-vocational of the school. It was a good game, as the class rivalry was keen.

This evening at 8 o'clock the girls' mandolin and guitar club of the school will entertain Chemawa guests in a concert, during which some pleasing and unique features will be introduced. This entertainment will be under the direction of J. S. Look.

Tomorrow morning at 9:30 the academic and industrial departments of the school will be open for inspection by visitors. At 2 p. m. there will be a dress parade by the various boys and girls companies which constitute the military body known locally as the Chemawa Battalion. This will be followed by a physical culture exhibition in the gymnasium. The last named feature will be under the direction of George W. Bent. The dress parade and physical culture exhibition are features which should prove of more than ordinary interest to visitors. At 6:45 p. m. there will be a band concert under the direction of Bandmaster Jones, which also will be a most pleasing feature of entertainment. Superintendent Hall wishes to emphasize the fact that all is free and everybody is invited. All visitors will be most welcome.

Baseball Game Followed By Declamation Contest

Yesterday afternoon as a feature of the commencement week exercises at the Chemawa Indian school there was a game of baseball between the Chemawa nine and the freshmen nine from the State Agricultural college at Corvallis. The freshmen were victorious in a score of 9 to 3.

In the evening there was a declamation contest in which representatives of various classes participated. This was a most creditable and interesting contest along lines of "highest endeavor" and those in attendance were delighted with the ability displayed by the various participants. The judges of the judges was that "Honor" of the Blackfoot tribe of Montana was first; second May Belle Hany Makah tribe of Washington; third Catherine Wilder, Klamath tribe of California; fourth Julia Gromoff, Aleut tribe of Alaska.

The judges of the contest were Miss Francis Richards, Miss Lella Johnson and Miss Elizabeth Briggs, all of Willamette university.

This morning at 9:30 o'clock a series of athletic events began and the various classes were pitted against one another. Some features of the sports were of a most entertaining character, notably the sprints, both in long and short distances.

In the afternoon there was a game of baseball between teams represent-

bank.

For its answer, the bank filed a statement denying sufficient knowledge to form a belief as to whether the proceeds are worth \$2500 and further denies any information as to whether certain parties will sustain damages of \$1000 should the property be finally acquired by condemnation proceedings.

The bank states that on June 20, 1916, it began suit against Carolyn H. Meyer and R. O. Meyer and that on July 3, 1916, a judgment was entered in favor of the bank for \$1225.40, with 70 attorney's fees and costs of \$11. The lawyer also states that there is still due on the judgment lien \$475.55, with 8 per cent interest from June 12, 1917.

The suit was brought by the Salem school district in order that it might get a clear title to the property which it now occupies. Certain parties who claimed interest in the property would not agree with the district as to price and the proceedings were brought where by the circuit court should enter a decree stating just what was the financial interest of the several parties who claimed some title to the property, and to assess this interest in order that the district might pay off all claims and secure a clear title.

Salem School District Sues To Clear Up Title

In the suit of the Salem school district title to the Holman property which it purchased, located just south of the high school building, the complaint is brought against Carolyn H. Meyer, H. G. Meyer, Mark S. Skiff, John Holman and the Capital National

It is full of laughable situations and has a thread of romance.

Not that they are wanted now, but the larger growers fear a famine of pickers and are ready right now to contract for the season.
