CHEMAWA CLASS PLAY BILLED FOR THURSDAY

Windmills Of Holland, Two Act Operetta Set For Thursday Night.

In the week of commencement exercises at the Salem Indian school, Thursday will be one of the busiest days, as a special program will be presented in the afternoon and during the evening.

There will be given an operetta in two acts entitled "Windmills of Holland." To both the afternoon graduating exercises and the musical event of the evening, Superintendent Hall sends his most cordial invitation to the public and vicinity. Mr. Hall feels that if the citizens of Salem understood that the Salem Indian school was one of the most progressive as well as one of the largest Indian schools in the country, there would be more local interest taken in what the department of the interior is doing for the present generation of Indians. The program for Thursday afternoon begins at 2:30 o'clock. It will be held in the Chemawa auditorium and is the formal graduation exercises of the year. The program is as follows: Processional; Vocal Solo—"I Know a Lovely Girl";

Recessional; Orchestra; The class of 1919 presents the "Windmills of Holland" with some additions in it's clock in the evening. There will be Dutch girls and Dutch boys and American girls in the chorus. The cast of the operetta is as follows: Myshner, Hortogenbosch, a rich Holland farmer; George Lakanoff, Vrouw Hortogenbosch, his wife; Catherine Wilder, Wilhelmina and Hilda, their daughters; Julia Gromoff and Eleanor Houk, Bob Yankov, American salesman; Aailan Shepard, Hans, a student of music, in love with Wilhelmina; Logan Pann, Franz, rich farmer's son, in love with Hilda; Wade Mithorne, Ab, real American; Frank Johnson, Katrina, rich farmer's daughter; Vetha Frazier, Floonie, American girl; Sadie Knowles, Kriis, a small Dutchman; "Masoot," Matt

Turner High School Will Graduate Six on Thursday

(Capital Journal Special Service.) Turner, Or., June 4.—The Turner high school commencement exercises will be held Thursday evening, June 5, in the Christian tubercule, State Superintendent Churchill will give the address and other program is being prepared. Rev. J. J. Miley preached the bacchante sermon last Sunday evening and Monday evening the senior class were guests of the juniors. They will be entertained by the alumni Saturday evening. Those who will graduate are: Lorena Paris, Delbert Witzel, Kenneth Witzel, Glen Miller, Perry Baker and Justus Robertson.

Brief History of Willamette Chapter of the Red Cross is a Record of Achievements

WILLAMETTE CHAPTER, AMERICAN RED CROSS. Present membership, 13, 098. Auxiliaries to Chapter, 155. Number of Articles Shipped since organization, 209,565. Spent in relief work during last influenza epidemic in Salem, \$2500. Home Service Section spent in relief work since January 1, 1919, \$1,146.00. Amount of money handled since organization of chapter \$103,344.00.

The history of the Red Cross movement in Salem dates back to the time when a formal petition was signed and forwarded, asking that Willamette chapter, American Red Cross, be established in Salem.

This petition was signed by the following: Governor James Withycombe, Mrs. H. S. Wallace, Carl Abrams, J. H. Albert, Richard N. Avison, Corwin Marvin, Carl G. Duesel, John W. Todd, Nell Sykes and Anna E. Berg.

The petition was forwarded to San Francisco and word was received March 22, 1917, giving formal authority for the organization of Willamette chapter. Immediately afterwards, a meeting was called of those who foresaw the need of Red Cross work and the following officers were elected: Chairman, George F. Rodgers; 1st vice president, Mrs. W. Carlton Smith; 2d vice president, Henry W. Meyers; treasurer, D. W. Eyrer; secretary, Miss Anna E. Berg; the names of the members committee, Mrs. E. E. Fisher, Meyers Active Leader.

Henry W. Meyers became chairman on October 6, 1917, upon the resignation of Mr. Rodgers. He was the unanimous choice of all Red Cross workers at that time, and has continued so, having been re-elected at the annual meeting held November 20, 1918. At this last election, August Huckestein was re-elected vice chairman.

Since his election as chairman of Willamette chapter in October of 1917, Mr. Meyers has devoted much of his time to furthering the interests of the Red Cross work, and among those who are closely connected with the welfare of the local Red Cross chapter, it is felt that the high record of efficiency of Willamette chapter has been due largely to the personal attention given the work by Mr. Meyers.

Immediately after the Red Cross was organized in the spring of 1917 and after the declaration of war, it was felt that surgical dressings were of the first consideration. For a short time the work was under the personal supervision of Mrs. Harry E. Clay. Upon her resignation, the heavy duties of the surgical dressing department were taken over by Mrs. Henry W. Meyers. She carried along the work with her able assistants as long as her health would permit, when the burden was taken up by Mrs. Milton L. Meyers.

Mrs. M. L. Meyers remained in charge of the surgical dressing work until October of 1918 when, due to ill health, and too close attention given to the work, she resigned, and was succeeded by Mrs. F. A. Elliott, who has been in charge of the work.

Work is Divided In the beginning the supply de-

partment was associated with the surgical department but it was soon found that the work of supplying 100 or more auxiliaries required a separate department. It was then that Mrs. Rollin K. Page assumed the duties in charge of all the supply work, with offices in the U. S. National bank building.

Mrs. B. O. Schnecking for a time assumed the increasing duties of superintending the supply department and caring for the needs of the 100 auxiliaries as secretary. She resigned to take charge of the home service section of the Red Cross.

Mrs. Arthur S. Benson assumed the duties as secretary of the chapter January 28, 1918, donating her entire time to the supervision of the work. Mrs. Benson, like others who worked for the Red Cross, remained on duty until her health demanded her resignation on November 4, 1918, when she was succeeded by Mrs. Gladys Pitchford, the present secretary.

Women Give Time From the time of the first organization of Willamette chapter, Miss Georgia Pettit has served as stenographer, and during the time of temporary vacancies, has also handled the duties of the secretaryship.

Mrs. W. H. Daney became superintendent of the entire supply department, following the resignation of Mrs. R. K. Page. She gave her time fully for three days a week caring for the many details connected with handling the supplies and accounts with the many auxiliaries in Marion and Polk counties.

Mrs. Russell Catlin has been in charge of the knitting department, since the organization of the chapter. She is still on the job and has an abundant supply of yarn on hand, enough to keep her department busy during the summer.

Mrs. John Carson has served as supervisor of the work rooms and giving personal attention to the packing and shipping of all supplies to Seattle. Joe Austin has materially assisted in the work as since the organization, he had personally seen to the packing and mailing of all boxes from the supply department.

Through the efforts of Walter A. Denton and P. E. Fullerton, the monthly subscription to Willamette chapter was put over. It was to their efforts in securing the monthly subscriptions that the Red Cross has been supplied with funds at all times, when it would have been calling for help, had not Mr. Denton and Mr. Fullerton secured the subscriptions. The total amount brought into the Red Cross treasury through their efforts amounted to more than \$10,000.

500 GAMBLING CLUBS OPERATING IN BERLIN

Monte Carlo Described As "Kindergarten" Beside German Capital.

(By United Press.)

Berlin, (By Mail).—Monte Carlo was a gambler's kindergarten compared to "gambling Berlin," today. In Monte Carlo you could get a gambler's excitement with a five-franc piece, in Berlin the lowest bet is fifty marks. While there was a limit at Monte you may put fifty thousand marks on a single card in Berlin.

If you are a stranger in Berlin just ask the chauffeur to drive you to one of the five hundred gamblers' clubs in Berlin today. Your looks will tell the chauffeur the class of club you had better take. There are all kinds from the low class den to the most fashionable with special rooms for the ladies, dancing halls and dining rooms where dinners, wines, liquors and coffee are served at half-price. The visitors come from all stations in life. The film star sits beside the butcher-warrior; the countess beside a horse dealer; the bankers wife beside the coquette.

Except for some lotteries and raffles, at most of the clubs the play is "Baccarat." The club owners who get five per cent of the sums raised from the auctioning of "the bank," taking place every hour at least. The "card money" or fees, together with the percentage amounts to somewhat between 25,000 and 40,000 marks per night at the biggest clubs. The directors get 100,000 marks per year.

At no time in history has there been so much gambling at such high stakes. At some clubs 5,000,000 marks changing hands each night. The gamblers want to have all the action out of their fortunes before either the tax collector or the Bolsheviks get them.

But not only the wealthy are affected with the bacillus. In the streets of Berlin people may be seen to lose fifty or more marks at a single turn at "roulette." One day a soldier, having lost 500 marks, arrested the bankholder and, being attacked by the latter's friends, threw a hand grenade, killing himself and wounding several others.

The real gambling fever began during the last two years of the war and sec-

ingly had not reached its highest point yet. During the last four weeks about two hundred new clubs have been licensed. One of the new rights the revolution has provided for every "free citizen" seems to be a gambling club of his own.

To prevent robbery of the clubs the military authorities provide the clubs with guards according to the size of them. In order to draw the customers the owners give weekly free dinners of a large number of courses and all the champagne you want to drink.

WISCONSIN POULTRYMAN HAS BANNER HEN; 16 EGGS A DAY

LaCross, Wis., June 3.—Introducing the latest claimant to the title of the "world's greatest hen," Gus Thodes, owner, bases the bird's claim to the

WHITE SHINOLA

premier honors on her day's record of laying 16 eggs.

Today J. H. Benson, chicken fancier, made affidavit that he personally saw the fowl lay fourteen eggs at one sitting. Thodes claims the pullet added two more after Benson had departed, bringing the day's total to 16.

Chicken buyers are now besieging Thodes' farm near here, seeking to purchase the bird.

WRESTLING CHAMPIONSHIP

Portland, Or., June 4.—(United Press.)—The world's middleweight wrestling championship is at stake here tonight in a match between Walter Miller of Los Angeles, holder of the title and Ted Thye, Portland grappler of considerable renown.

Interest in the match is unusually keen, owing to the big stack of challenges awaiting the winner. Grapplers from all over the country are seeking a crack at the crown.

Lieutenant Ben F. Dorris of Eugene has received from General Pershing a citation for distinguished and exceptional bravery at Speinbrugge on October 31, 1918.

Fred S. Crowley, for the past four years school superintendent of Polk county, has resigned to become superintendent of schools at Prairie City, in Grant county.

A cablegram from Paris Saturday night informed Mrs. Charles A. Marby of Corvallis that her husband had been promoted from the rank of captain to that of major.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Made Up A Mixture Of Sage Tea And Sulphur To Bring Back Color, Gloss And Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mix the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not stout, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Here's Glorious Relief From Itching Skin Diseases

No More Fiery Pain If You use the Right Treatment

First of all, get it steady fixed in your mind that the fiery, burning and itching that causes such pain and torture is not a local skin disease. True, the skin is the scene of the attack, but the skin is fed by the blood and suffers from any impurity in the blood.

This explains why you have been so disappointed in getting any real, lasting relief from the use of ointments, salves, lotions, or other remedies applied to the surface of the skin.

The millions of tiny disease germs which infect the blood keep up a constant attack on the skin, and they are not effected in the least by local treatment. They must be removed from the blood.

These germs which re-ignite the blood cannot be reached except through the blood. When you treat the local irritations with local applications, you must remember

that the blood is feeding fresh new germs all the time, to keep the skin irritated, and until the supply of germs is cut off entirely, you cannot expect any real relief.

But S. S. S., the fine old blood remedy, goes directly after the germs that infect the blood, and puts them to rest. This remedy is strictly a blood purifier, and there is no disease germ that can withstand its attack.

This is why S. S. S. gives such satisfactory results in eczema, tetter, boils, pimples, or any other skin eruptions or disorder. By thoroughly purifying the blood, and cleansing it of every trace of disease germ, S. S. S. removes the cause of all skin eruptions, and restores its normal, healthy condition.

If you want relief that is lasting, because it goes to the seat of the trouble, get a bottle of S. S. S. today, and take it as directed, and satisfactory results will follow. It is sold by all drug stores. Special medical advice about your own case can be had without cost, by writing to Chief Medical Adviser, 102 Swift Laboratory, Atlanta, Ga.
