There seems to be some doubt as to how many cases of influenza there are in the city. From an "official" standpoint, as reported by the office of city physician, there are only seven cases. Among others who are familiar with conditions, there is an impression that the number is ten times this number. According to the way the disease is now handled, a doctor reports a case to the city physician and the said city physician causes a quarantine card to be tacked on the house and that ends his action. There is a quarantine but it is effective only on the unfortunate person who is ill. All other members of the family go to school or attend their usual business or social affairs.

Preliminary steps are being taken for the annual reunion and picnic of the Marion County Pioneer's association which is to be held on Saturday, June 21. The picnic grounds are at the John A. Hunt farm, five miles south of Silverton in the Waldo Hills, one of the most attractive and historic spots in the valley. The meeting is called at 10 o'clock in the forenoon, with a

grand picnic dinner at noon. The afternoon program has not yet been made up, but it is assumed that Judge Bennett, of the supreme court, will be the principal speaker. Music for the occasion will be furnished by the Salem band. Everybody is cordially invited to participate.
